Homosexuality In Perspective:

Homosexuality in Perspective William H. Masters, Virginia E. Johnson, 1982 Documented laboratory studies and clinical research provide definitive answers to questions about homosexual behavior and a wealth of facts and findings pertaining to homosexual preferences and popular assumptions **The Quest for the Inner Human** Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves *Psychological Perspectives on Lesbian, Gay, and Bisexual Experiences* Linda Garnets, 2003 This book provides an overview of current thought about the psychological issues affecting lesbians bisexuals and gay men *Rediscovering Jesus in Our Places* Elia Shabani Mligo, 2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes in cultures technologies economic policies and even people s religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what

transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches *The Straight Line* Tom Waidzunus,2015-11-20 To be taken seriously therapies that claim to cure homosexuality wrap themselves in lab coats Even though the fit is bad and such therapies and their theorists now inhabit the scientific fringe the science of sexuality has made some adjustments too Tom Waidzunus tells us in this provocative work Intervening in the politics of sexuality and science The Straight Line argues that scientific definitions of sexual orientation do not merely reflect the results of investigations into human nature but rather emerge through a process of social negotiation between opposing groups The demedicalization of homosexuality and the discrediting of reparative therapies ex gay ministries and reorientation research have Waidzunus contends required scientists to enforce key boundaries around scientific expertise and research methods Drawing on extensive participant observation at conferences for ex gays reorientation therapists mainstream psychologists and survivors of ex gay therapy as well as interviews with experts and activists The Straight Line traces reorientation debates in the United States from the 1950s to the present following homosexuality therapies from the mainstream to the margins As the ex gay movement has become increasingly transnational in recent years Waidzunus turns to Uganda where ideas about the scientific nature of homosexuality influenced the passage of the Anti Homosexuality Act of 2014 While most studies treat the ex gay movement as a religious phenomenon this book looks at how the movement in its attempts to establish legitimacy has engaged with scientific institutions shaping virulent anti gay public policy **Human Sexuality and its Problems** John Bancroft,2008-12-29 Prepared by one of the world s leading authorities Human Sexuality and its Problems remains the foremost comprehensive reference in the field Now available in a larger format this classic volume continues to address the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Fully updated throughout the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear practical guidelines for clinical intervention Clearly written this highly accessible volume now includes a new chapter on the role of theory and separate chapters on sexual differentiation and gender identity development transgender and gender non conformity and HIV AIDS and other sexually transmitted diseases Human Sexuality and its Problems fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective as well as health professionals involved in the management of sexual problems Long awaited new edition of the definitive reference text on human sexuality Addresses the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Examines the normal

sexual experience and covers the various ways in which sex can be problematic including dysfunctional out of control high risk and illegal sexual behaviour Reviews the clinical management of problematic sexuality and provides clear practical guidelines for clinical intervention Presents a broad cross disciplinary perspective of the subject area making the book suitable for all professionals involved in the field Presents a more theoretical approach to the study of human sexuality reflecting recent changes in research Includes a section on brain imaging to demonstrate the latest research findings in sexual arousal and to compare and contrast individuals with normal and low levels of sexual desire Discusses the use of sex as a mood regulator and the importance of current research in this area Discusses the impact on the internet on the modern sexual world Explores the relevance of transgender and gender non conformity Contains a chapter on HIV and AIDS and other sexually transmitted infections Chapter on therapy fully updated to reflect the movement towards integration of psychological and pharmacological approaches to management Explores the complex relationships between anger sexual arousal and sexual violence

Homosexuality and Religion Jeffrey S. Siker, 2006-11-30 Few issues today cause more public and private debate than the interaction of homosexuality and religion From the question of gay marriage to the place of gays and lesbians within faith communities religious leaders and lay members must deal with these issues for now and for years to come What is the historical position of the major denominations How are people of faith balancing their beliefs This encyclopedia provides an overview of the various attitudes and responses that religions have had to the presence of gay lesbian bisexual and transgendered persons within their communities This is the most comprehensive volume to date on the intersections between religion and homosexuality

Sex and Reason Richard A. Posner, 1992 Posner's rational choice theory is the first comprehensive approach to sexuality and its social controls Drawing on the fields of biology law history religion and economics this sweeping study examines societies from ancient Greece to today's Sweden and issues from incest taboos and date rape to gay marriage and Baby M

Gay Perspective Edwin Clark Johnson, Toby Johnson, 2008 In this companion volume to his critically acclaimed Lambda Literary Award winning book *Gay Spirituality* Toby Johnson further explicates his visionary stance that gay people's nature as outsiders gives them a uniquely powerful perspective on the nature of God and religion By living outside gender norms gay people are more open to seeing across boundaries of gender and gain access to a less dualistic outlook on the nature of life Once again Johnson approaches this potentially controversial subject matter with erudition empathy and visionary speculation and gives meaning to gay consciousness beyond superficial issues of sexual behavior

Bisexual and Homosexual Identities John P. De Cecco, Michael G. Shively, 1984 This well documented book highlights some of the theories of bisexual and homosexual identities and their conceptual bases in cultural history moral philosophy biology and social psychology Some of the most respected minds in the field of human sexuality challenge traditional views on homosexuality and question the moral principles implicit in many existing psychiatric and psychological theories

The Columbia Reader on Lesbians and Gay Men in Media, Society, and Politics Larry P.

Gross, James D. Woods, 1999 More than 100 articles essays letters and primary documents cover the formation of gay identity religious scientific medical and legal perspectives the mainstream media lesbian and gay media and community prospects and tactics **Social Perspectives in Lesbian and Gay Studies** Peter M. Nardi, Beth E. Schneider, 2013-09-13 This comprehensive reader brings a social science perspective to an area hitherto dominated by the humanities Through it students will be able to follow the story of how sociology has come to engage with gay and lesbian issues from the 1950s to the present from the earliest research on the underground worlds of gay men to the emergence of queer theory in the 1990s Bringing together classic readings and the best work of younger scholars from all parts of the English speaking world this reader will be an invaluable resource for courses at undergraduate and graduate level in all areas of the sociology of sexuality and gender Separate sections cover theoretical foundations identity and community making institutions and social change challenges for the future Each section begins with an introduction giving readers a brief guide to the readings in that section contextualises them and relates them to one another and the book ends with an afterword by Ken Plummer summing up the present state of play and looking forward to the future A Chinese Perspective on Teaching and Learning Betty C. Eng, 2012-01-25 Bringing together educators from a range of backgrounds psychology sociology social work counseling and teaching this volume shows how Asian cultural values and beliefs can provide a lens through which to understand and envision how curriculum and pedagogy can be creatively adapted not only in a local Chinese classroom context but in a global context as well *Respectful LGBT Conversations* Harold Heie, 2018-05-14 In stark contrast to the shrill and nasty interactions among many Christians regarding contentious LGBT issues this book models a redemptive mode of engagement by featuring respectful conversations among deeply committed Christians who hold to diverging traditional and non traditional views The foundational values guiding these conversations are the quest for truth giving the gift of love to all brothers and sisters in Christ and modeling Christian unity Emerging from these conversations are practical steps for a way forward that include creating safe spaces for ongoing conversation and practicing courageous Christian leadership Based on case studies for a Christian university and two Christian churches this book provides helpful advice for navigating conflict within churches Christian denominations and Christian educational institutions **Social Problems** Anna Leon-Guerrero, 2021-12-28 Empower your students to become part of the solution The new Seventh Edition of Social Problems Community Policy and Social Action by Anna Leon Guerrero goes beyond the typical presentation of contemporary social problems and their consequences by emphasizing the importance and effectiveness of community involvement to achieve real solutions With a clear and upbeat tone this thought provoking text challenges readers to see the social and structural forces that determine our social problems to consider various policies and programs that attempt to address these problems and to recognize and learn how they can be part of the solution to social problems in their own community This title is accompanied by a complete teaching and learning package Answers to Your Biblical Questions Jean Billy

Beaufils,2022-07-22 In this book The Reverend Doctor J Billy Beaufils Pastor former President of the Mission Thophile in Christ Inc Current President of the Association of Haitian Evangelical Pastors of Georgia Veteran in radio broadcasting for 26 years with a determination and an extraordinary courage like that of Jeremiah does not stop teaching and exposing the Word of God to the Haitian communities throughout the United States of America and Haiti He has just offered us this brilliant and vigorous work which I call an encyclopedia which all Bible teachers should have a copy for reference in their archives This book is a gift that Dr Beaufils my friend my brother my colleague made for the Haitian and Haitian American communities but especially to humanity in general Let's face it Dr Beaufils has shown unfailing honesty in his work by denouncing and exposing the lies of the gods of this century conveyed by false disguised ministers whom our Lord Jesus Christ calls ravening wolves We know that man is a tragic actor placed in a totally absurd environment where it is impossible for him to satisfy his rational aspirations that some call The Theater of the Absurd So Dr Beaufils invites us to leave this land of absurdity and encourages us to embark with him on the true path the path of reality the path of truth that will lead us to a blessed and happy eternity Are you ready to take this beautiful and great trip with Dr Beaufils Rev Duvarde Francois Pastor Writer BPA MAR STINGS OF THE FLESH: essays on being Christian and gay Robert Klein Engler,2008-03-09 Essays on the Bible
