Human Knowledge Of Christ:

The Human Knowledge of Christ Bertrand de Margerie,1980 **Knowledge of Christ** Raymond Moloney S.J.,2000-06-01 What did Christ feel and know during his life on Earth Raymond Moloney ventures a consideration utilizing perspectives based in exegesis patristics and philosophy This book traces the shifting opinions on the knowledge of Christ in the New Testament and medieval periods a period during which there was a consensus against ignorance in Christ Moloney then examines how both Protestant and Catholic theologians such as Karl Rahner Hans Urs von Balthasar and Bernard Lonergan have questioned this consensus Drawing on the insights of transcendental theology The Knowledge of Christ ultimately stresses the mysteriousness of this question An Investigation of the Human Knowledge of Jesus Christ with Special Reference to the Foundation of the Church Samuel Alexandre Benétreau,1950 The Human Knowledge of Christ James J. Deenihan,1910 **The Christ's Faith** Michael Allen,2011-11-03 The Christ's Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without addressing the interpretation of the Pauline phrase pistis christou this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ's faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ's Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God The Mystery of Jesus Christ Fernando Ocariz Braña,Fernando Ocariz,Lucas F. Mateo Seco,José Antonio Riestra,1994 Written chiefly for theology students the book presents the authentic teachings of Catholic faith to be found not only in the ancient conciliar sources but also in important recent documents dealing with disputed issues of our times Chapters deal with The hoped for Saviour The Coming of Jesus Christ in the fullness of time The Person of Christ Christ the Way the Truth and the Life Redemption Christ Unabridged George Westhaver ,Rebekah Vince,2020-02-28 The title the Son of Man evokes the different aspects of the whole Christ the humanity and divinity of Christ his earthly ministry his sacramental presence and the eschatological consummation of his work It is also a term of relationship suggestive of both the relations constitutive of the life of the Holy Trinity and also of the way that our knowing and loving the Son of Man is always an invitation to communion with the Triune God as the Body of Christ and for the life of the world Contributors to this collection explore some of the many registers of the mystery of Christ both historically and thematically Contributors include some of today's leading theological thinkers including N T Wright Rowan Williams Lydia

Schumacher Kallistos Ware and Oliver O Donovan With poetic reflections from Malcolm Guite Chapters include Son of Man and the New Creation N T Wright The Son of Man in the Gospel of John John Behr Sound and Silence in Augustine's Christological Exegesis Carol Harrison According to the Flesh The Problem of Knowing Christ in Chalcedonian Perspective Ian McFarland Christ and the Moral Life Oliver O Donovan Christ and the Poetic Imagination Malcolm Guite *The Human Knowledge of Christ According to Karl Rahner, S.J.* Osmund Jacobs, 1965 *How Did Jesus Know He Was God?* William Chami, 2020-04-02 The self-consciousness and human knowledge of Christ is a contemporary christological issue which seeks to understand the awareness that the God-man Jesus Christ possessed of himself during his life on earth The present question primarily concerns itself with exploring how the Son knows that he is the Son in his human mind Traditionally this question has been asked and answered that through the beatific vision the Son knew himself as divine in his human mind However recent theories advanced by scholars seem to preclude any notion of beatific knowledge in the Incarnate Son This book explores the perspectives of three main authors Jacques Maritain Karl Rahner and Thomas Weinandy in relation to the present question and attempts to provide an answer for how the Incarnate Son apprehended his divine identity through his human operations Considered also is the scope of Christ's human knowledge with regard to two specific objects of knowledge These concern whether the Son as man had an awareness of those for whom he gave his life Gal 2:20 and whether the Son was really ignorant of the eschatological final day and hour Mark 13:32 Matt 24:36 *Christ the 'name' of God* Henk J. written 1265-1274 is the best known work of Thomas Aquinas c. 1225-1274 and although unfinished one of the classics of the history of philosophy and one of the most influential works of Western literature. It is intended as a manual for beginners in theology and a compendium of all of the main theological teachings of the Church. It presents the reasoning for almost all points of Christian theology in the West. The Summa's topics follow a cycle: the existence of God, Creation, Man, Man's purpose, Christ, the Sacraments, and back to God, courtesy of wikipedia.com. This is part 3, Tertia Pars. The way which leads to God is Christ, the theme of part III. It can be asserted that the incarnation was absolutely necessary. The Unio between the Logos and the human nature is a relation between the divine and the human nature which comes about by both natures being brought together in the one person of the Logos. An incarnation can be spoken of only in the sense that the human nature began to be in the eternal hypostasis of the divine nature. So Christ is unum since his human nature lacks the hypostasis. The person of the Logos accordingly has assumed the impersonal human nature and in such way that the assumption of the soul became the means for the assumption of the body. This union with the human soul is the gratia unionis which leads to the impartation of the gratia habitualis from the Logos to the human nature. Thereby all human potentialities are made perfect in Jesus. Besides the perfections given by the vision of God which Jesus enjoyed from the beginning, he receives all others by the gratia habitualis.

Union with Christ J. Todd Billings, 2011-11-01 Accomplished theologian J. Todd Billings recovers the biblical theme of union with Christ for today's church, making a fresh contribution to the theological discussion with important applications for theology and ministry. Drawing on Scripture and the thought of figures such as Augustine, Calvin, Bavinck, and Barth, Billings shows how a theology of union with Christ can change the way believers approach worship, justice, mission, and the Christian life. He illuminates how union with Christ can change the theological conversation about thorny topics such as total depravity and the mystery of God. Billings also provides a critique and alternative to the widely accepted paradigm of incarnational ministry and explores a gospel-centered approach to social justice. Throughout, he offers a unique and lively exploration of what is so amazing about being united to the living Christ.

Summa Theologica, Volume 4 (Part III, First Section) St. Thomas Aquinas, 2013-01-01 The Summa Theologica is the best known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS (1225-1274), widely considered the Catholic Church's greatest theologian. Famously consulted immediately after the Bible on religious questions at the Council of Trent, Aquinas's masterpiece has been considered a summary of official Church philosophy ever since. Aquinas considers approximately 10,000 questions on Church doctrine, covering the roles and nature of God, man, and Jesus; then lays out objections to Church teachings and systematically confronts each using Biblical verses, theologians, and philosophers to bolster his arguments. In Volume IV, Aquinas addresses chastity and lust, sobriety and humility, pride, prophecy, and Rapture; the passion of Christ; Christ's resurrection; the sacraments; and much more. This massive work of scholarship, spanning five volumes, addresses just about every possible query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written.

for clergy religious historians and serious students of Catholic thought **Gregory of Nazianzus on the Trinity and the Knowledge of God** Christopher A. Hardon using the material from his best selling Catholic Catechism has put together a book of over 1 700 questions and answers to provide the modern Catholic with easy access to the issues of the Catholic faith The Question and Answer Catholic Catechism is divided into three parts 1 Christian Belief a study of the articles of faith as presented in the Apostles Creed 2 Living in the Christian Faith an examination of the Ten Commandments the Beatitudes and the Commandments of the Church 3 Sources of the Christian Life a consideration of grace the Sacraments prayer the liturgy Keeping in mind that a good catechism must speak to the hearts of the faithful and answer their questions in clear understandable language The Question and Answer Catholic Catechism presents the modern Catholic with the essentials of the Catholic faith in a manner that is easy to use and spiritually sound

Communion in the Spirit Robert W. Caldwell, 2007-02-01 While he was well known for his lifelong fascination with the nature of religious experience the colonial American pastor and theologian Jonathan Edwards is seldom associated with a specifically Trinitarian spirituality This study explores the central connections Edwards drew between his doctrines of religious experience and the Trinity the person and work of the Holy Spirit Edwards envisioned the Spirit's inter Trinitarian work as the affectionate bond of union between the Father and the Son a work that he argued is reduplicated in a finite way in the work of redemption Salvation is ultimately all about being drawn in love into the Trinitarian life of the Godhead This study takes us through the major regions of Edwards's theology including his Trinitarianism his doctrine of the end for which God created the world his Christology and his doctrines of justification sanctification and glorification to demonstrate the centrality of the Holy Spirit throughout his theology The Craft of Innovative Theology John Allan Knight, Ian S. Markham, 2022-01-04 A comprehensive collection of resources showing students of theology how to prepare and write creative research oriented material The Craft of Innovative Theology Argument and Process delivers a thorough examination of the method of producing and writing creative theological theses and projects explaining to students how to write elegant innovative research oriented articles Through a collection of papers written by distinguished scholars the text exhibits numerous examples of well executed creative writing on topics as varied as theodicy and evolution and artificial intelligence and baptism Each article includes an introduction by the editor that serves to guide the student through the material and elucidates what makes the work stand out as exceptional The articles are also annotated to assist with the appreciation of the methodology and style used by the author The Craft of Innovative Theology assists theology students in improving their

research writing to a point where they ll be ready for a Masters thesis or PhD dissertation and is an excellent resource for a research methods course in a graduate program The works incorporated by the editors include A thorough introduction to God and the Incarnation including knowing God through religious pluralism An exploration of God and church including racial stigma and the southern Baptist public discourse in the twentieth century and the appropriateness of baptizing artificial intelligence A discussion of God and the world including where humanity has come from and where we re going and the challenges posed by biological evolution to Christian theology A treatment of God and ethics including sin and the faces of responsibility Perfect for students of postgraduate theology and research methods courses The Craft of Innovative Theology Argument and Process will also earn a place in the libraries of students in courses that prepare them to write a Masters thesis in theology or to begin shaping their PhD dissertation topic
