Human Rights And Gender Violence Translating International Law Into:

Human Rights & Gender Violence Sally Engle Merry, 2009-07-27 Human rights law and the legal protection of women from violence are still fairly new concepts. As a result, substantial discrepancies exist between what is decided in the halls of the United Nations and what women experience on a daily basis in their communities. Human Rights and Gender Violence is an ambitious study that investigates the tensions between global law and local justice. As an observer of UN diplomatic negotiations as well as the workings of grassroots feminist organizations in several countries, Sally Engle Merry offers an insider's perspective on how human rights law holds authorities accountable for the protection of citizens even while reinforcing and expanding state power. Providing legal and anthropological perspectives, Merry contends that human rights law must be framed in local terms to be accepted and effective in altering existing social hierarchies. Gender violence, in particular, she argues, is rooted in deep cultural and religious beliefs, so change is often vehemently resisted by the communities perpetrating the acts of aggression. A much needed exploration of how local cultures appropriate and enact international human rights law, this book will be of enormous value to students of gender studies and anthropology alike.

Gender Violence Sally Engle Merry, 2011-09-23 Taking an anthropological perspective, this comprehensive book offers a highly readable and concise overview of what constitutes gender violence, its social context, and important directions in intervention and reform. Uses stories, personal accounts, case studies, and a global perspective to provide a vivid and engaging portrait of forms of violence in gendered relationships. Extensively covers many forms of gender violence, including domestic violence, rape, murder, wartime sexual assault, prison and police violence, female genital cutting, dowry murders, female infanticide, honor killings, and sex trafficking. Examines major approaches to diminishing gender violence, such as criminalization, batterer retraining programs, and human rights interventions. Highlights the role of social movements in defining the problem and mobilizing reforms in the US and internationally. *Hannah Arendt and the Law* Marco

Goldoni, Chris McCorkindale, 2012-04-20 This book fills a major gap in the ever increasing secondary literature on Hannah Arendt's political thought by providing a dedicated and coherent treatment of the many various and interesting things which Arendt had to say about law. Often obscured by more pressing or more controversial aspects of her work, Arendt nonetheless had interesting insights into Greek and Roman concepts of law, human rights, constitutional design, legislation, sovereignty, international tribunals, judicial review, and much more. This book retrieves these aspects of her legal philosophy for the attention of both Arendt scholars and lawyers alike. The book brings together lawyers as well as Arendt scholars drawn from a range of disciplines: philosophy, political science, international relations, who have engaged in an internal debate the dynamism of which is captured in print. Following the editors' introduction, the book is split into four parts. Part I explores the concept of law in Arendt's thought. Part II explores legal aspects of Arendt's constitutional thought, first locating Arendt in the wider tradition of republican constitutionalism, before turning attention to the role of courts and the role of parliament in her

constitutional design In Part III Arendt's thought on international law is explored from a variety of perspectives covering international institutions and international criminal law as well as the theoretical foundations of international law Part IV debates the foundations content and meaning of Arendt's famous and influential claim that the right to have rights is the one true human right International Law and... August Reinisch, Mary E Footer, Christina Binder, 2016-11-03 The European Society of International Law ESIL is known for its particularly dynamic character After 10 years of existence it has proved that it is one of the most cutting edge scholarly associations in the field of public international law At its 10th Anniversary Conference in September 2014 which was held in Vienna participants assembled in order to discuss International law and the proceedings of which are published here Going beyond the usual related disciplines of political science international relations economics and history this conference ventured into less well trodden paths exploring the links between international law and cinema philosophy sports the arts and other areas of human endeavour As the proceedings show it is clear that international law has long been influenced by other fields of law and other disciplines They also explore whether the boundaries of international law have been crossed and if so in what ways **Women's Rights in Armed Conflict under International Law** Catherine O'Rourke, 2020-09-24 Laws and norms that focus on women's lives in conflict have proliferated across the regimes of international humanitarian law international criminal law international human rights law and the United Nations Security Council While separate institutions with differing powers of monitoring and enforcement implement these laws and norms the activities of regimes overlap Women's Rights in Armed Conflict under International Law is the first book to account for this pluralism and institutional diversity This book identifies key aspects of how different regimes regulate women's rights in conflict and how they interact Using country case studies to reveal the practical implications of the fragmented protection of women's rights in conflict this book offers a dynamic account of how regimes and institutions interact the extent to which they reinforce each other and the tensions and gaps in regulation that emerge The Diversity of International Law Aristotle Constantinides, Nikos Zaikos, 2009-09-25 This collection of essays pays homage to the multifarious and enduring work of Kalliopi K Koufa the first woman to become Professor of International Law in Greece The volume brings together 37 contributions of renowned international law scholars from all over the world on a wide spectrum of important contemporary theoretical and practical issues The essays reflect the multiple faces the expanding scope and diversity of contemporary international law Areas covered include the use of force dispute settlement international criminal law international environmental law and most notably terrorism and human rights areas on which the work of Professor Koufa in the United Nations and elsewhere has been particularly influential **Is International Law International?** Anthea Roberts, 2017-09-18 This book takes the reader on a sweeping tour of the international legal field to reveal some of the patterns of difference dominance and disruption that belie international law's claim to universality Pulling back the curtain on the divisible college of international lawyers Anthea Roberts shows how international lawyers in different states

regions and geopolitical groupings are often subject to distinct incoming influences and outgoing spheres of influence in ways that reflect and reinforce differences in how they understand and approach international law. These divisions manifest themselves in contemporary controversies such as debates about Crimea and the South China Sea. Not all approaches to international law are created equal, however. Using case studies and visual representations, the author demonstrates how actors and materials from some states and groups have come to dominate certain transnational flows and forums in ways that make them disproportionately influential in constructing the international. This point holds true for Western actors, materials, and approaches in general, and for Anglo-American and sometimes French ones in particular. However, these patterns are set for disruption. As the world moves past an era of Western dominance and toward greater multipolarity, it is imperative for international lawyers to understand the perspectives and approaches of those coming from diverse backgrounds. By taking readers on a comparative tour of different international law academies and textbooks, the author encourages them to see the world through the eyes of others, an essential skill in this fast-changing world of shifting power dynamics and rising nationalism.

The Ashgate Research Companion to Feminist Legal Theory Vanessa E. Munro, 2016-04-01 As a distinct scholarly contribution to law, feminist legal theory is now well over three decades old. Those three decades have seen consolidation and renewal of its central concerns, as well as remarkable growth, dynamism, and change. This Companion celebrates the strength of feminist legal thought, which is manifested in this dynamic combination of stability and change, as well as in the diversity of perspectives and methodologies and the extensive range of subject matters, which are now included within its ambit. Bringing together contributors from across a range of jurisdictions and legal traditions, the book provides a concise but critical review of existing theory in relation to the core issues or concepts that have animated and continue to animate feminism. It provides an authoritative and scholarly review of contemporary feminist legal thought and seeks to contribute to the ongoing development of some of its new approaches, perspectives, and subject matters. The Companion is divided into three parts dealing with Theory, Concepts, and Issues. The first part addresses theoretical questions, which are of significance to law but which also connect to feminist theory at the broadest and most interdisciplinary level. The second part also draws on general feminist theory but with a more specific focus on debates about equality and difference, race, culture, religion, and sexuality. The Issues section considers in detail more specific areas of substantive legal controversy.

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets, Mark Goodale, Maria Sapignoli, Olaf Zenker, 2022 Represents a comprehensive and interdisciplinary treatment to the field of law and anthropology. Decenters the standard Anglo-European centric bias that prevails in both law and anthropology. Gives unique perspectives on issues of contemporary relevance. Provides the historical background but focuses on the future of the field. Book jacket.

Violence Against Women in the US Maddy Coy, 2024-04-09 Analyzing what is known about violence against women, this book centers on the contrast between the U.S.'s historic focus on a criminal legal framework and the human rights lens used globally by feminist activists. Distilling the

existing evidence base and literature on violence against women in the United States this book includes an overview of forms of violence the prevalence of violence contexts in which violence occurs and debates about intervention and prevention It engages with how human rights frameworks define violence against women as a cause and consequence of women s inequality and explores how race ethnicity class citizenship status and sexual orientation shape experiences of victimization perpetration and institutional responses Chapters synthesize prevalence methods and data key feminist concepts impacts and aftermath of violence what is known about perpetrators the history of anti violence activism violence against women on college campuses and in the media and how the criminal legal systems respond Contested issues such as prostitution and pornography and the extent to which commercial sex can be understood as a form of and or context for violence against women are also explored The book closes with a final chapter offering directions for adopting a human rights approach to ending violence against women in the United States By offering an analysis of how violence against women has come to be named in activist policy and academic arenas **Violence Against Women in the US** is an essential resource for students scholars and practitioners

Social Resilience in the Neoliberal Era Peter A. Hall, Mich Le Lamont, 2013-04-22 What is the impact of three decades of neoliberal narratives and policies on communities and individual lives What are the sources of social resilience This book offers a sweeping assessment of the effects of neoliberalism the dominant feature of our times It analyzes the ideology in unusually wide ranging terms as a movement that not only opened markets but also introduced new logics into social life integrating macro level analyses of the ways in which neoliberal narratives made their way into international policy regimes with micro level analyses of the ways in which individuals responded to the challenges of the neoliberal era The product of ten years of collaboration among a distinguished group of scholars it integrates institutional and cultural analysis in new ways to understand neoliberalism as a syncretic social process and to explore the sources of social resilience across communities in the developed and developing worlds

The Work of Rape Rana M. Jaleel, 2021-08-09 In *The Work of Rape* Rana M Jaleel argues that the redefinition of sexual violence within international law as a war crime crime against humanity and genocide owes a disturbing and unacknowledged debt to power and knowledge achieved from racial imperial and settler colonial domination Prioritizing critiques of racial capitalism from women of color Indigenous queer trans and Global South perspectives Jaleel reorients how violence is socially defined and distributed through legal definitions of rape From Cold War conflicts in Latin America the 1990s ethnic wars in Rwanda and Yugoslavia and the War on Terror to ongoing debates about sexual assault on college campuses Jaleel considers how legal and social iterations of rape and the terms that define it consent force coercion are unstable indexes and abstractions of social difference that mediate racial and colonial positionalities Jaleel traces how post Cold War orders of global security and governance simultaneously transform the meaning of sexualized violence extend US empire and disavow legacies of enslavement Indigenous dispossession and racialized violence within the United States Duke University Press Scholars of

Color First Book Award recipient **Leading Works in Law and Anthropology** Alice Margaria, Larissa Veters, 2024-07-16

The academic disciplines of law and sociocultural anthropology have a long but at times contentious history of drawing on each other in order to study and understand law and human experience in its diverse manifestations. This volume provides an innovative and engaging format by giving established and emerging scholars from diverse jurisdictions the opportunity to discuss and reflect upon what they consider to be a leading work. The collection offers a unique multi-perspectival reconsideration of the intellectual history of the field whilst also addressing issues that are at the core of interdisciplinary legal research. Contributions shed light on the changing nature of cross-disciplinary research and collaboration, trace how disciplinary understandings of normativity have cross-fertilised each other and reflect on choices taken within research on law and anthropology along a continuum of theoretical reflection, critique, engagement and practical application. The book elaborates on the nature and the boundaries of law and anthropology research as well as on its likely future development in light of the insights shared by contributors on their chosen leading works. The book will make fascinating reading for researchers and academics in both law and anthropology. Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives CC BY-NC-ND 4.0 license.

Is the International Legal Order Unraveling? David L. Sloss, 2022. The book examines how the rules-based international order is threatened by challenges such as climate change, autonomous weapons and cyber weapons. It discusses how the international order can confront these threats and proposes future developments of the rules-based international order as a whole.

Pan-Africanism, Regional Integration and Development in Africa Samuel Ojo Oloruntoba, 2020-03-10. This edited volume addresses the accomplishments, prospects and challenges of regional integration processes on the African continent. Since regional integration is a process that ebbs and flows according to a wide range of variables such as changing political and economic conditions, implications and factors derived from the vagaries of migration and climate change, it is crucial to be cognizant with how these variables impact regional integration initiatives. The contributors discuss the debates on Pan-Africanism and linking it with ongoing discourses and policies on regional integration in Africa. Other aspects of the book contain some of the most important topic issues such as migration, border management and the sustainable development goals. This content offers readers fresh and innovative perspectives on various aspects of sustainable development and regional growth in Africa.

Women's Rights in the United States Tiffany K. Wayne, 2014-12-09. A comprehensive encyclopedia tracing the history of the women's rights movement in the United States from the American Revolution to the present day. Few realize that the origin of the discussion on women's rights emerged out of the anti-slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted. Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America. Through 4 volumes and more than 800 entries, editor Tiffany K. Wayne with advising editor

Lois Banner examine the issues people and events of women s activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights

No Citizens Here: Global Subjects and Participation in International Law René Urueña,2012-03-23 Building on the notion of a risk society this book offers an alternative to the traditional notion of international legal subjects by arguing that international law creates fragmented subjectivities whose conflicting identities help perpetuate a certain global loss of sense that is characteristic of our times

#HumanRights Ronald Niezen,2020-07-28 Social justice and human rights movements are entering a new phase Social media artificial intelligence and digital forensics are reshaping advocacy and compliance Technicians lawmakers and advocates sometimes in collaboration with the private sector have increasingly gravitated toward the possibilities and dangers inherent in the nonhuman HumanRights examines how new technologies interact with older models of rights claiming and communication influencing and reshaping the modern day pursuit of justice Ronald Niezen argues that the impacts of information technologies on human rights are not found through an exclusive focus on sophisticated expert driven forms of data management but in considering how these technologies are interacting with other traditional forms of media to produce new avenues of expression public sympathy redress of grievances and sources of the self Niezen considers various ways that the pursuit of justice is happening via new technologies including crowdsourcing social media facilitated mobilizations and enclosures WhatsApp activist networks and the selective attention of Google s search engine algorithm He uncovers how emerging technologies of data management and social media influence the ways that human rights claimants and their allies pursue justice and the new victimology that prioritizes and represents strategic lives and types of violence over others HumanRights paints a striking and important panoramic picture of the contest between authoritarianism and the new tools by which people attempt to leverage human rights and bring the powerful to account

The SAGE Handbook of Social Anthropology Richard Fardon,Oliva Harris,Trevor H J Marchand,Cris Shore,Veronica Strang,Richard Wilson,Mark Nuttall,2012-07-25 In two volumes the SAGE Handbook of Social Anthropology provides the definitive overview of contemporary research in the discipline It explains the what where and how of current and anticipated work in Social Anthropology With 80 authors contributing more than 60 chapters this is the most comprehensive and up to date statement of research in Social Anthropology available and the essential point of departure for future projects The Handbook is divided into four sections Part I Interfaces examines Social Anthropology s disciplinary connections from Art and Literature to Politics and Economics from Linguistics to Biomedicine from History to Media Studies Part II Places examines place region culture and history from regional area studies to a globalized world Part III Methods examines issues of method from archives to war zones from development projects to art objects and from ethics to comparison Part IV Futures anticipates anthropologies to come in the Brain Sciences in post Development in the Body and

Health and in new Technologies and Materialities Edited by the leading figures in social anthropology the Handbook includes a substantive introduction by Richard Fardon a think piece by Jean and John Comaroff and a concluding last word on futures by Marilyn Strathern The authors each at the leading edge of the discipline contribute in depth chapters on both the foundational ideas and the latest research Comprehensive and detailed this magisterial Handbook overviews the last 25 years of the social anthropological imagination It will speak to scholars in Social Anthropology and its many related disciplines

Human Rights And Gender Violence Translating International Law Into Introduction

In today's digital age, the availability of Human Rights And Gender Violence Translating International Law Into books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Human Rights And Gender Violence Translating International Law Into books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Human Rights And Gender Violence Translating International Law Into books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Human Rights And Gender Violence Translating International Law Into versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Human Rights And Gender Violence Translating International Law Into books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Human Rights And Gender Violence Translating International Law Into books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Human Rights And Gender Violence Translating International Law Into books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Human Rights And Gender Violence Translating International Law Into books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Human Rights And Gender Violence Translating International Law Into books and manuals for download and embark on your journey of knowledge?

FAQs About Human Rights And Gender Violence Translating International Law Into Books

What is a Human Rights And Gender Violence Translating International Law Into PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Human Rights And Gender Violence Translating International Law Into PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Human Rights And Gender Violence Translating International Law Into PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Human Rights And Gender Violence Translating International Law Into PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Human Rights And Gender Violence Translating International Law Into PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing

and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
