Cooks and Recipe Writing in Communist Bulgaria Albena Shkodrova,2021-01-28 How did people exist and resist in their daily lives under Soviet control in the Cold War period Shkodrova s monograph shows how in communist Bulgaria many women passionately exchanged recipes with friends and strangers to build substantial and impressive private collections of recipes This activity was borderline contraband in going against the general disapproval of home cooking that formed part of the ideology of communism in which home cooking was considered household slavery and an agent of patriarchalism Private recipe collections were by far the preferred written source of culinary information more popular than the state approved commercial cookbooks Shkodrova shows how these recipe collections held many different meanings for the women who collected them from helping to navigate the communist economy to enabling new friendships to be developed while engaging safely in power relations and cultivating a sense of individual identity in a society where collective existence was prioritised and exalted Drawing on primary sources including scrapbook cookbooks and working from the establishment of cookery classes before communism and their obliteration thereafter Shkodrova presents a structured outline of the meanings of recipes exchange and home cooking for Bulgarian women under communism Everyday Easy Cheap Eats DK,2010-04-19

Berend,1990-05-25 Professor Berend presents a comprehensive inside account of Hungary s economic reforms since the 1950s Working from Communist Party archives which have hitherto partially remained closed to scholars Berend situates the history of these economic reforms within their political context looking in particular at the role of the Soviet Union He examines the theoretical background to reform the obstacles that arose during implementation and the gradual realisation that minor reforms of the old system could no longer work The Hungarian Economic Reforms 1953 1988 comes at a time when many centrally planned economies are examining their performance and structure and seeking suitable forms of change The Hungarian reforms have attracted those countries wishing to rid themselves of their Stalinist command economies Thus the book indirectly sheds light upon Chinese economic reforms and on Gorbachev s Soviet perestroika It will be of interest to specialists and students of East European studies with special reference to the EMEA planned economies and economic reform **The Best of Jane**
