Hunger For More Searching For Values In An Age Of Greed:

The Hunger for More Laurence Shames, 2015-02-28 In the lyrical yet tough minded tradition of Thoreau this prescient and impassioned volume written by a former Ethics columnist for Esquire magazine examines the myths and follies of a culture that celebrates greed and defines success solely in terms of wealth As timely today as it was upon its original release in 1989 the book examines the corrosive effects of money worship on the social fabric and warns of the consequences of pursuing a lifestyle rather than building a life Written in a lively journalistic style and filled with telling observations the volume takes an unsparing look at the world as it is and also points the way toward the more humane and fulfilling world that is in our power to create Said The New York Times Shames critique is on the mark concrete compelling reading A scathing indictment of the excesses of our time as well as a prophecy of changes ahead Atlanta Journal Constitution Greed James M. Childs, In this book Childs probes this disturbing development in its economic and cultural dimensions gauging contemporary ways in light of Christian ethical principles Investigating such issues as corporate downsizing executive compensation health care delivery and global economic disparities mirrored in hunger Childs also offers a biblically based alternative vision of sharing and community BOOK JACKET Six Weeks to a Simpler Lifestyle Barbara DeGrote-Sorensen, The authors of *Tis a Gift to Be Simple* share practical insights and discoveries they've encountered on their road to a simpler lifestyle Includes a lifestyle survey directions on creating and maintaining a spiritual journal and a daily plan for the six week process The Age of Paradox Charles B. Handy, 1994 In this title Charles Handy offers profound observations about the world that lies ahead and helps us search for meaning in our personal and professional lives *Out of the Noosphere* Editors of Outside magazine, 1998-10-27 Selected from the pages of the popular magazine for outdoor enthusiasts here is a wonderful tour of the natural world and an incisive overview of the people and animals who inhabit it Published to coincide with Outdoor magazine's 15th anniversary **'Tis a Gift to be Simple** Barbara Sorensen, David Allen Sorensen, 1992-01-01 Suggestions are given for telling the difference between needs and wants using time and money wisely relaxing more enjoying family and friends eating healthier food conserving the earth's resources and sorting through priorities *The Marketplace Ministry Handbook* Robert J. Banks, R. Paul Stevens, 2005 Work has become for many people the central reference point in their lives and the main consumer of their time and energy Whether people have much or little money is what much of life revolves around There is an implicit theology in everyone's attitude to and handling of work This book looks at the relationship between God and the marketplace at work as a spiritual discipline and at how to handle some of the main pressures and dilemmas that arise in a work setting The combined wisdom of dozens of experts makes this volume a great place to start thinking about how Christians should approach subjects such as ADVERTISING BUSINESS ETHICS COMPETITION COMPROMISE CONTRACTS CREDIT DEBT FIRING GOSSIP INSURANCE INTEGRITY INVESTMENT LEADERSHIP LOYALTY MANAGEMENT NEGOTIATING NETWORKING OFFICE POLITICS PROMOTION RETIREMENT

The Screening of America Tom O'Brien, 2016-10-06 This is an original investigation of how movies have reflected and helped to shape the values of a generation From All the President s Men to Wall Street US films of the 1970s and 80s were a kaleidoscope of shifting values and contrasting moral viewpoints Knowing that movies mirror the way we think we are or would like to be O'Brien focuses on the key values or their absence found in films from this period in order to see more clearly what Americans really cherished in life and how these values have evolved or changed Comprehensive and thought provoking this book addresses how and why movies glamorized and portrayed certain professions the changing role of women the targeting of religion for satire the addressing of environmental issues and film s representation of and engagement with history

The Wilding of America Charles Derber, 2006-05-17 The American dream champions individualism But at what price In this book the author chronicles the latest incidents of wilding Extreme acts of self interested violence and greed that seem to signal an eroding of the moral landscape of American society The author argues that ever increasing individualism breeds an antisocial mentality with dangerous economic and social consequences yet he offers a communitarian alternative that is as inspiring as it is instructive Recent wilding events such as the social aftermath of Hurricane Katrina the war in Iraq and recent government scandals are highlighted in this book Back cover

Greed and Injustice in Classical Athens Ryan K. Balot, 2020-10-06 In this original and rewarding combination of intellectual and political history Ryan Balot offers a thorough historical and sociological interpretation of classical Athens centered on the notion of greed Integrating ancient philosophy poetry and history and drawing on modern political thought the author demonstrates that the Athenian discourse on greed was an essential component of Greek social development and political history Over time the Athenians developed sophisticated psychological and political accounts of acquisitiveness and a correspondingly rich vocabulary to describe and condemn it Greed figures repeatedly as an object of criticism in authors as diverse as Solon Thucydides and Plato all of whom addressed the social disruptions caused by it as well as the inadequacy of

lives focused on it Because of its ethical significance greed surfaced frequently in theoretical debates about democracy and oligarchy Ultimately critiques of greed particularly the charge that it is unjust were built into the robust accounts of justice formulated by many philosophers including Plato and Aristotle Such critiques of greed both reflected and were inextricably knitted into economic history and political events including the coups of 411 and 404 B C Balot contrasts ancient Greek thought on distributive justice with later Western traditions with implications for political and economic history well beyond the classical period Because the belief that greed is good holds a dominant position in modern justifications of capitalism this study provides a deep historical context within which such justifications can be reexamined and perhaps found wanting

The Complete Book of Everyday Christianity R. Paul Stevens, Robert Banks, 2018-12-01 I am thrilled to know that The Complete Book of Everyday Christianity is being relaunched A well worn first edition of this book sits next to my office desk and I consult it often There is no better collection of everyday issues examined from a Christian perspective A wide variety of topics are addressed with a cleverly balanced combination of academic and practical perspectives informed by thoughtful biblical and theological reflection This is a wonderfully useful tool I am pleased that it will be available to resource a new generation of Christians who are eager to understand more about what it means to follow Christ in every aspect of life Alistair Mackenzie Senior Lecturer School of Theology Mission and Ministry Laidlaw College Christchurch New Zealand Also Director of Faith at Work NZ

World at the Crossroads Philip B. Smith, Samuel E. Okoye, Jaap de Wilde, Priya Deshingkar, 2013-11-05 Thirty years ago the Russell Einstein Manifesto warned humanity that our survival is imperilled by the risk of nuclear war In the spirit of that Manifesto we now call on all scientists to expand our concerns to a broader set of interrelated dangers destruction of the environment on a global scale and denial of basic needs for a growing majority of humankind The Dagomys Declaration 1988 of the Pugwash Council Originally published in 1994

Wilding of America Charles Derber, 2009-12-14 The American dream champions individualism But at what price In the fully updated fifth edition of The Wilding of America Charles Derber chronicles the latest incidents of wilding acts of self interested violence or greed that weaken the social fabric The new edition examines such topics as the recent doping scandals in sports government sponsored torture new threats to our public space social infrastructure and natural environment the effects of the Obama administration on wilding behavior and in an all new chapter the 2008 Wall Street meltdown Book jacket

Strange Nation J. Gerald Kennedy, 2016-03-21 After the War of 1812 Americans belatedly realized that they lacked national identity The subsequent campaign to articulate nationality transformed every facet of culture from architecture to painting and in the realm of letters literary jingoism embroiled American authors in the heated politics of nationalism The age demanded stirring images of U S virtue often achieved by contriving myths and obscuring brutalities Between these sanitized narratives of the nation and U S social reality lay a grotesque discontinuity vehement conflicts over slavery Indian removal immigration and territorial expansion divided the

country Authors such as Washington Irving James Fenimore Cooper Catharine M Sedgwick William Gilmore Simms Nathaniel Hawthorne and Lydia Maria Child wrestled uneasily with the imperative to revise history to produce national fable Counter narratives by fugitive slaves Native Americans and defiant women subverted literary nationalism by exposing the plight of the unfree and dispossessed And with them all Edgar Allan Poe openly mocked literary nationalism and deplored the celebration of stupid books appealing to provincial self congratulation More than any other author he personifies the contrary alien perspective that discerns the weird operations at work behind the facade of American nation building

Payback Daniel R. Fischel, 1995 This revisionist's view of the 80s by a leading conservative economist who argues that the so called decade of greed spearheaded by the rise of Michael Milken and Drexel Burnham actually improved corporate America examines how Michael Milken became a scapegoat in a complicated and convoluted mess made by the government

Reaching a New Generation Alan J. Roxburgh, 1992-12 Our world has changed dramatically in the past quarter century People are losing faith in technology Our society has lost consensus and is dividing into competing tribes Rather than simply condemning these new values Roxburgh calls the church to respond with Christian community Christian ecology and Christian spirituality This fresh and powerful book shows what our new world is like and how the gospel is yet again relevant and redemptive

Who Count as Persons? John F. Kavanaugh, 2001-05-23 Just what is a human being Who counts The answers to these questions are crucial when one is faced with the ethical issue of taking human life In this affirmation of the intrinsic personal dignity and inviolability of every human individual John Kavanaugh S J denies that it can ever be moral to intentionally kill another Today in every corner of the world men and women are willing to kill others in the name of realism and under the guise of race class quality of life sex property nationalism security or religion We justify these killings by either excluding certain humans from our definition of personhood or by invoking a greater good or more pressing value Kavanaugh contends that neither alternative is acceptable He formulates an ethics that opposes the intentional killing not only of medically marginal humans but also of depersonalized or criminalized enemies Offering a philosophy of the person that embraces the undeveloped the wounded and the dying he proposes ways to recover a personal ethical stance in a global society that increasingly devalues the individual Kavanaugh discusses the work of a range of philosophers artists and activists from Richard Rorty and S ren Kierkegaard to Albert Camus and Woody Allen from Mother Teresa to Jack Keavorkian His approach is in stark contrast to that of writer Peter Singer and others who believe that not all human life has intrinsic moral worth It will challenge philosophers students of ethics and anyone concerned about the depersonalization of contemporary life
