In Silence or Indifference Wayne A. Wiegand, 2024-08-30 Librarians around the country are currently on a battleground defending their right to purchase and circulate books dealing with issues of race and systemic racism. Despite this work, the library community has often overlooked even ignored its own history of White supremacy and deliberate inaction on the part of White librarians and library leadership. Author Wayne A. Wiegand takes a crucial step to amend this historical record. *In Silence or Indifference: Racism and Jim Crow Segregated Public School Libraries* analyzes and critiques the world of professional librarianship between 1954 and 1974. Wiegand begins by identifying racism in the practice and customs of public school libraries in the years leading up to the *Brown v. Board of Education* decision. This culture permeated the next two decades as subsequent Supreme Court decisions led to feeble and mostly unsuccessful attempts to integrate Jim Crow public schools and their libraries. During this same period, the profession was honing its national image as a defender of intellectual freedom, a proponent of the freedom to read, and an opponent of censorship. Still, the community did not take any unified action to support *Brown* or to visibly oppose racial segregation. As Black school librarians and their Black patrons suffered through the humiliations and hostility of the Jim Crow educational establishment, the American library community remained largely ambivalent and silent. The book brings to light a distressing history that continues to impact the library community, its students, and its patrons. Currently available school library literature skews the historical perspective that informs the present. *In Silence or Indifference* is the first attempt to establish historical accountability for the systemic racism contemporary school librarianship inherited in the twenty-first century.

The Education of Alice M. Jordan Gale Eaton, 2014-07-10 A biography of Alice M. Jordan, who headed children's work at the Boston Public Library (BPL) from 1902 to 1940, is long overdue. Daughter of a Maine sea captain and a Massachusetts schoolteacher, she was one of the pioneering generation of children's librarians, women who entered the field when salaries were low, progressive ideals high, academic credentials spotty, and the drive to professionalization was revolutionizing librarianship and education. Modest and unassuming high school graduate, Jordan worked effectively to improve educational opportunities for children and their librarians alike. She taught at the Simmons Library School, helped create the BPL Training School, founded the New England Round Table of Children's Librarians (NERTCL), and mentored Bertha Mahony Miller, founder of *The Horn Book Magazine*. She had a national reputation among children's book editors and librarians for her critical acumen, clear writing, and astute advice. Locally, she networked tirelessly

with Boston educators negotiated the placement of qualified children's librarians in all BPL branches and trained a generation of gifted youth workers all from a desk in the middle of a busy children's room. She left a legacy of high standards for children's reading, storytelling, and reference services. This biography draws on archival materials including Jordan's correspondence with poet Louise Imogen Guiney and Horn Book editor Miller BPL memos and reports and 1979 interviews with Jordan trainees. I have shown her life and achievement in the context of social history from late nineteenth century women's economic opportunities to early twentieth century developments in librarianship especially at the BPL. Each chapter has a brief list of milestones in Jordan and U.S. history.
