Leadership, Ethics and Schooling for Social Justice Richard Niesche,Amanda Keddie,2015-07-24 Issues of social justice and equity in the field of educational leadership have become more salient in recent years The unprecedented diversity uncertainty and rapid social change of the contemporary global era are generating new and unfamiliar equity questions and challenges for schools and their leaders In order to understand the moral and ethical complexity of work undertaken in the name of social justice and equity in diverse contexts this book uses a range of different theoretical tools from the work of Michel Foucault Rather than a prescriptive best practice approach to leadership and social justice this book draws on Foucault s four fold ethical framework and specifically the notions of advocacy truth telling and counter conduct to critically examine the leadership work undertaken in case studies in schools in Australia and England Our approach makes transparent the ethical work that leaders in these contexts conduct on themselves towards creating schools that can address the equity challenges of the present climate It illuminates

and enables critical analysis of the moral imperatives shaping the equity work of school leaders and in particular the possibilities for transformative leadership that can work to create schools and school systems that are more socially just Overall the book s key aims are to Provide an innovative and comprehensive theorising of leadership for social justice in contemporary times Explicate the utility of Foucault s theorising of the ethical self to the domain of educational leadership and Provide significant practical insight into the social justice possibilities of school leadership in contemporary times through two in depth case studies *The Fundamental Fair Pact* Jude Jacques,2011-10-10 Since the earthquake in Haiti and Japan that handicapped both countries I was asked to look at their constitutions and revamp them and to make them more humane and sensitive to nature in general As I was born a citizen of a free Country I feel that however feeble the influence my voice can have on public affairs the right of voting on them makes it my duty to study them and I am happy when I reflect upon governments to find my inquiries always furnish me with new reasons for loving that of my own country PRIMED for Character Education Marvin W Berkowitz,2021-04-21 Winner of the 2023 Outstanding Book Award from AERA s Moral Development and Education SIG In PRIMED for Character Education renowned character educator Marvin W Berkowitz boils down decades of research on evidence based practices and thought provoking field experience into a clear set of principles that leaders administrators and teacher leaders can implement to help students thrive The author s original six component framework offers a comprehensive guide to shaping purposeful learning environments healthy relationships core values and virtues role models empowerment and long term development in any PreK 12 school or district This engaging and heartfelt book features tips for practice anecdotes from award winning schools and straightforward tenets from moral education social emotional learning and positive psychology *Working Mother* ,1986-12 The magazine that helps career moms balance their personal and professional lives *KidWorld the Role Playing Game* , *My Local Government* Denny O'Nan,2013-08-01 My Local Government is aligned to the Common Core State Standards for English Language Arts addressing Literacy RI 3 2 and Literacy L 3 5c Readers learn about all the different roles in local government illustrated by full page color photographs accompanied by narrative nonfiction text This book should be paired with Landon s Local Government 9781477726341 from the InfoMax Common Core Readers Program to provide the alternative point of view on the same topic *Pedagogies to Enhance Learning for Indigenous Students* Robyn Jorgensen,Peter Sullivan,Peter Grootenboer,2012-11-19 This book describes research undertaken by leading Australian researcher in Indigenous communities While the chapters are Australian in their focus the issues that are discussed are similar to those in other countries where there are indigenous people In most cases in Australia and internationally Indigenous learners are not succeeding in school thus making the transition into work and adulthood quite tenuous in terms of mainstream measures The importance of being literate and numerate are critical in success in school and life in general thus making this collection an important contribution to the international literature The collection of works describes a wide

range of projects where the focus has been on improving the literacy and numeracy outcomes for Indigenous students. The chapters take various approaches to improving these outcomes and have very different foci. These foci include aspects of literacy, numeracy, curriculum, leadership, ICTs, whole school planning, policy, linguistics, and Indigenous perspectives. Most of the chapters report on large scale projects that have used some innovation in their focus. The book draws together these projects so that a more connected sense of the complexities and diversity of approaches can be gleaned. Public Papers of
