A Time Before L.M. Hannah, 2011-10-03 Aries Zevulun this is Minka Le Bon Max just had the feeling that the introduction was not needed he just watched as she nodded her head Finally Aries felt as if he could move His foot lifted and he seemed to break free of the spell This is the grieving widow he asked Sir my husband still alive She stated a bit confused That can change all you have to do is say the word There was a definite anger in his voice That is not necessary She replied softly Very well I leave that up to you I give you my word that no one will hurt you like that again I promise you that His voice carried a deepness to it that was colored by a slight Spanish accent Just as in her dreams So you are the computer expert she smiled Indeed I am among a great many other things He flashed her wicked little grin it was something only the two of them would share I will not ask for that list I am sure there are many things I would not care to know She smirked at him That might be true but there are a great many things on that list that would intrigue you that I can

guarantee He said with his usual arrogance A trait to she had come to admire in him but for now I would like to see the computers if I may Minka nodded and excused herself from her guests She carefully transferred to her wheelchair She went to push herself through the room but as she past him he began to push the chair As they left out of view and earshot Max scowled Helen I do not trust him with her He said as concern filled his voice Max I think he is exactly what she needs at the moment Please let this unfold Her voice was strong and authoritative I know that man Helen He is womanizing son of a bitch and a low life Max growled under her breath Maybe so but you will have to trust me I think it Minka that has the upper hand in this situation and it will be fine She smiled again and nodded When they re purposed Rand s old room they had moved the computer into Minka s office It had taken Aries only a few minutes to set it up and get Rand s computer running Minka s was just in sleep mode so it took seconds to wake it up Tell me will I find porn on your computer He grinned at her No you will not She responded May I put porn on your computer he gave her another wicked grin NO she half laughed May I put porn of you on the computer He waited for her to kill him Only if you re in it with me She smirked at him Touch He laughed and shook his head He was not exactly expecting that form her but she partially put him in his place He had pulled up an office chair that Minka had used for guests when she had visitors in the office then he motioned for her to join him Come sit with me I need to see this email and check your files She rolled up the desk and sat next to him Now she wished she had dressed a bit better but she was not going to put on airs for anyone So what do you my help with She asked There is great many of things I could use a beautiful woman s help with and it does not involve a computer a bed and leather thongs He arched both eyebrows at her and smiles Please just focus for a moment Aries This is important Her voice was soft and yet it came out a bit too harsh Yes yes I am sorry I was distracted by a beautiful woman at my side But I will behave for a moment His voice was still a bit cocky So let us see this lovely email my dear She reached over him and her back brushed against his she reached for the mouse The electricity between them as there had been in the dream She brought her email once the letter displayed she pulled away from computer and him and looked away not wanting to see that letter again

They Killed the President Matthew McTiernan,2000-05 The story you are about to read is fictitious that is to say no evidence or proof exist to substantiate what is said within the context of the story Although fictitious names are used the reader will no doubt recognize certain personalities in the narrative Events will for the most part be easier to relate too as any attempt to leave them out or charge them would render the story incomprehensible Perhaps as the personalities involved pass into the continuum of time the events being more distant and less subject to distortion will be subjected to a deeper more perspective examination and the speculation contained within these pages will ring closer to the truth than the current suspect official explanation

God-Authored Cabal Concept Emmanuel Oghene,2011-03-08 God authored and used several cabals in the Holy Scriptures and in every generation He made Samuel the one man kingmaker council to install

Saul son of Kish king of their nation and also to later indicate David was Saul's successor He made Jeremiah the determinant of the destiny of nations in his lifetime through prophecies Jesus operated with a three man cabal made up of Peter John and James The trio had been professional and career partners before they became Jesus disciples just as John and James were siblings Esther and Mordecai were cousins and they held sway as the cabal that controlled the reign of King Ahasuerus of the Persian Empire Pharaoh made Joseph one man cabal to run his empire on his behalf just as Darius made Daniel to run his Babylonian Empire on his behalf Pharaoh and Darius appointed Joseph and Daniel respectively on merit Daniel's colleagues resented his emergence to their own ruinous regret God made Moses Aaron and Miriam who were siblings controlling cabal over their kinsmen during the last forty years that they lived God made Moses and Samuel's words to be law to the people It is the privileges that go with the position of cabal that provokes human envy and jealousy and the attendant disgust The fact that it is perverted by some is not enough reason to abhor it as if it is ungodly It is prevalent in any setting no matter the size of the constituent It is inevitable and as such commendable and exemplary cabals should be identified and utilized appropriately It should be encouraged with the excesses of council members curtailed appropriately
