Way of Initiation** Rudolph Steiner, 2018 There is a common belief that is held by many students of the occult and the  
esoteric that initiation is the beginning of one's spiritual path The traditional definitions and etymology of the word initiation  
would certainly seem to support such a belief It is interesting to note therefore that Rudolf Steiner saw initiation as  
occupying a much later stage of spiritual development In Steiner's view initiation exemplified the culmination of a period of  
spiritual work and was the reward of tireless discipleship This is contrary to today's commonly held notions of initiation and  
presents a much more rigorous view of the work required to attain to the knowledge of higher worlds In Steiner's work *The  
Way of Initiation* spiritual life is said to begin as a commitment to discipleship Discipleship is not merely service to external  
authority but is comprised of and requires intense physical mental and emotional discipline These two words disciple and  
discipline are inexorably intertwined as one depends entirely upon the other If you are interested in learning more about the  
process and workings of Initiation this book is for you **The Incarnation of Ahriman** Rudolf Steiner, 2006 Ahriman is a  
significant figure of Persian mythology Rudolf Steiner however spoke of Ahriman as an actual living spiritual entity This  
being he said works to embed human beings firmly into their physicality thus encouraging dull materialistic attitudes and a  
coarse dry intellect In these extraordinary lectures Steiner assumes a rare prophetic mode He talks about an actual

incarnation of Ahriman on Earth and the potential consequences of this event Just as Christ incarnated in a physical body so would Ahriman incarnate in the Western world before a part of the third millennium has passed Steiner places this incarnation in the context of a cosmic triad that includes Ahriman Lucifer and Christ Ahriman will incarnate as a counterpoint to the physical incarnation of Lucifer which took place in the East during the third millennium B C The incarnation of Jesus Christ took place in Palestine as the point of balance between the two During the period when Steiner developed Anthroposophy a teaching career of more than twenty years that included over than six thousand lectures he spoke of Ahriman s incarnation only six times For the first time these six lectures plus a supporting excerpt are reproduced in their entirety in a single volume *Initiation-Knowledge* Rudolf Steiner,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work Christ Consciousness Danielle Van Dijk,2010-04 We live in a world characterized by intolerance war environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ s being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being *The Cycle of the Year as a Path of Initiation* Sergei O. Prokofieff,2014-03-12 In ancient times humanity possessed an innate knowledge of the spiritual foundations of existence Such knowledge could be acquired through inwardly accompanying the cycle of the year and its connected great seasonal festivals But this instinctive knowledge had to be lost in order for human beings to discover individual freedom In our time as Sergei O Prokofieff demonstrates in this comprehensive work this knowledge must be found anew through the free light filled consciousness of the fully developed human personality Tracing the spiritual path of

the yearly cycle Prokofieff penetrates to the deeper esoteric realities of the seven Christian festivals of Michaelmas Christmas Epiphany Easter Ascension Whitsun and St John s Tide Basing his research on the work of the twentieth century initiate Rudolf Steiner he reveals how these festivals are spiritual facts that exist independently of religious traditions and cultural customs Working with the festivals in an esoteric sense can provide a true path of initiation ultimately enabling an experience of the Being of the Earth Christ The journey of study through this book can thus lead the reader to an experience of the modern Christian Rosicrucian path along which it is possible to take the first steps towards life in partnership with the course of cosmic existence
