O'Brien, 1990 **Social and Economic Transformation in the Digital Era** Georgios I. Doukidis, Nikolaos Mylonopoulos, Nancy Pouloudi, 2004-01-01 Annotation Researchers business people and policy makers have recognized the importance of addressing technological economic and social impacts in conjunction For example the rise and fall of the dot com hype depended on the strength of the business model on the technological capabilities available to firms and on the readiness of the society and economy at large to sustain a new breed of business activity Social and Economic Transformation in the Digital Era addresses this challenge by assembling the latest thinking of leading researchers and policy makers in key subject areas of the information society and presents innovative business models case studies normative theories and social explanations Strategic Information Systems: Concepts, Methodologies, Tools, and Applications Hunter, M. Gordon, 2009-08-31 This 4 volume set provides a compendium of comprehensive advanced research articles written by an international collaboration of experts involved with the strategic use of information systems Provided by publisher **Organization and Decision Theory** Ira Horowitz, 2012-12-06 Ira Horowitz Depending upon one's perspective the need to choose among alternatives can be an unwelcome but unavoidable responsibility an exciting and challenging opportunity a run of the mill activity that one performs seemingly without thinking very much about it or perhaps something in between Your most recent selections from a restaurant menu from a set of jobs or job candidates or from a rent or buy or sell or lease option are cases in point Oftentimes we are involved in group decision processes such as the choice of a president wherein one group member's unwelcome responsibility is another's exciting opportunity Many of us that voted in the presidential elections of both 1956 and 1984 irrespective of political affiliation experienced both emotions others just pulled the lever or punched the card without thinking very much about it Arriving at either an individual or a group decision can sometimes be a time consuming torturous and traumatic process that results in a long regretted choice that could have been reached right off the bat On other occasions the just let's get it over with and get out of here solution to a long festering problem can yield rewards that are reaped for many 1 ORGANIZATION AND DECISION THEORY 2 years to come One way or another however individuals and organizations somehow manage to get the

decision making job done even if they don't quite understand and often question just how this was accomplished *Review of Marketing 1990* Valarie A. Zeithaml, 2012 **Computers in Fisheries Research** Bernard A. Megrey, Erlend Moksness, 2013-06-29 In 1989 we were asked by Dr Vidar Wespestad National Oceanographic and Atmospheric Administration National Marine Fisheries Service Alaska Fisheries Science Center Seattle USA to prepare and convene a session at the 1992 World Fisheries Congress in Athens Greece on computer applications in fisheries We agreed that the idea was a good one and the computer session turned out to be very successful The computer session was organized in three parts training classes informal demonstrations accompanied by posters and oral presentations of scientific papers We were both amazed by the high level of interest and the high quality of contributions presented at the paper session Returning from the World Fisheries Congress we suggested to the International Council for the Exploration of the Sea ICES in Copenhagen to hold a theme session on the topic Computers in Fisheries Research at their statutory meeting the following year in Dublin Ireland The proposal was very positively received by ICES and we began organizing this new meeting with Dr John Ramster of the Ministry of Agriculture Fisheries and Food Fisheries Laboratory Lowestoft England Based on our experience with the World Fisheries Congress we expected a maximum of 15 titles would be submitted to the ICES theme session Accordingly the ICES symposium was originally allocated one half day time slot The response we received from the call for papers however exceeded our most optimistic expectations A total of 62 abstracts were submitted Consequently
