Saltwater Leadership Second Edition is about leadership in the maritime environment The unforgiving dynamic and unconquerable nature of the sea requires direct leadership often with very little margin of error The unique and common nature of professional life on the sea applies not only to junior naval leaders but also officer and enlisted leaders from the Marines Coast Guard and Merchant Marines Based on decades of leadership experiences Saltwater Leadership covers a wide variety of topics including basic junior officer leadership taking care of people providing forceful backup leadership and culture and professional competence *Nimitz And Goleman: Study Of A Civilian Leadership Model* LCDR Derrick A. Dudash USN, 2015-11-06 Within a couple of weeks after the attacks on Pearl Harbor in 1941 selected over 28 other senior admirals Admiral Nimitz took command of the Pacific Fleet and held that command until the Allied Forces won the war in the Pacific almost four years later He went on to hold the highest office in the U S Navy the Chief of Naval Operations Nimitz s ability to lead effectively throughout his career proves that his style of leadership can be a model for any military officer Even since 1941 the requirement to lead personnel in the Armed Forces has not changed However with the advent of information sharing on a global scale today s military officers are exposed to a wide range of leadership styles such as one presented by Dr Daniel Goleman derived from the civilian sector This study examines in detail Goleman s leadership model and compares it to Fleet Admiral Nimitz s style to see if it is feasible for use in the military environment **Catalog** United States Naval Academy, 1986 **United States Naval History** United States.
