

Introduction to human rights

Human Rights in Criminal Justice Context 2020/2021

mgr Kinga Drewniowska

What are human rights?

- **HUMAN RIGHTS** → set of norms governing the treatment of individuals and groups by a state and non-state actors on the basis of ethical principles regarding what society considers fundamental to a decent life.
- **HUMAN RIGHTS** → rights and freedoms to which every human being is entitled. Protection against breaches of these rights committed by a state (including the state of which the victim is a national) may in some cases be enforced in international law. It is sometimes suggested that human rights are so fundamental that they form part of natural law, but most of them are best regarded as forming part of treaty law.
- **HUMAN RIGHTS** → moral principles or norms that describe certain standards of human behaviour and are regularly protected in national and international law. They are applicable everywhere and at every time in the sense of being universal.

What are human rights?

HUMAN RIGHTS are:

- **universal** → they belong to all people equally regardless of status and they are the same for all human beings everywhere in the world

Human Rights An Introduction

DP Hallahan

Human Rights An Introduction:

Human Rights Andrew Clapham, 2015-11-26 Today it is usually not long before a problem gets expressed as a human rights issue. Indeed human rights law continues to gain increasing attention internationally and must move quickly in order to keep up with a social world that changes so rapidly. This Very Short Introduction in its second edition brings the issue of human rights up to date considering the current controversies surrounding the movement. Discussing torture and arbitrary detention in the context of counter terrorism, Andrew Clapham also considers new challenges to human rights in the context of privacy, equality and the right to health. Looking at the philosophical justification for rights, the historical origins of human rights and how they are formed in law, Clapham explains what our human rights actually are, what they might be and where the human rights movement is heading. ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable.

Human Rights Darren O'Byrne, 2014-06-06 Human Rights An Introduction is an important text that provides a comprehensive overview of human rights and related issues from a social science perspective. First, this book does more than discuss theory; it uses case studies and personal testimonies in the debate. Human rights as an area of academic interest cannot be easily divorced from human rights struggles and the reality of contemporary conditions. Second, the book is aimed at what is an emerging and growing cross disciplinary field of study. Human rights issues are increasingly coming to the fore in a number of academic debates. Whereas the study of human rights has traditionally been included in departments of law, international relations and philosophy, a number of courses are now being set up in departments of sociology and anthropology. Consequently, there is an increasing need to bring these disparate approaches together.

Human Rights: A Very Short Introduction Andrew Clapham, 2007-06-28 What are our human rights? What are their philosophical justifications and historical origins? Focusing on highly topical issues such as torture, arbitrary detention, privacy and discrimination, this Very Short Introduction will help readers to understand for themselves the controversies and complexities behind this vitally relevant issue.

An Introduction to International Human Rights Law Azizur Rahman Chowdhury, Jahid Hossain Bhuiyan, 2010-06-14 This book is designed to provide an overview of the development and substance of international human rights law and what is meant concretely by human rights guarantees such as civil and political rights and economic and social rights. It highlights the rights of women, globalization and human rights education. The book also explores domestic, regional and international endeavors to protect human rights. The history and role of human rights NGOs, coupled with an analysis of diverse international mechanisms, are succinctly woven into the text, which well reflects the scholarship and erudition of the authors. This lucidly written and timely volume will be of great help to anyone seeking to understand this area of law, be they students, lawyers, scholars, government officials, staff of international and non

international organizations human rights activists or lay readers Introduction to Human Rights Law ,2009-01-01

Religion and Human Rights John Witte Jr.,M. Christian Green,2011-11-25 The relationship between religion and human rights is both complex and inextricable While most of the world s religions have supported violence repression and prejudice each has also played a crucial role in the modern struggle for universal human rights Most importantly religions provide the essential sources and scales of dignity and responsibility shame and respect restraint and regret restitution and reconciliation that a human rights regime needs to survive and flourish in any culture With contributions by a score of leading experts Religion and Human Rights provides authoritative and accessible assessments of the contributions of Judaism Christianity Islam Hinduism Confucianism Buddhism and Indigenous religions to the development of the ideas and institutions of human rights It also probes the major human rights issues that confront religious individuals and communities around the world today and the main challenges that the world s religions will pose to the human rights regime in the future

Introduction to the International Human Rights Regime Manfred Nowak,2021-10-01 Human rights are the only universally recognized system of contemporary values which during the last 50 years has been gradually developed and defined by all States in a comprehensive international legal framework The international human rights regime is closely related to international peace and security development and a global trend towards pluralist democracy good governance and the rule of law International humanitarian and criminal law can today be considered as specific aspects of international human rights law which after the end of the Cold War has become increasingly complex and difficult to oversee The present textbook attempts to provide a first and at the same time comprehensive introduction into the idea and significance of human rights its philosophical and theoretical foundations historical development the main structures and procedures of international human rights protection by the United Nations and regional organizations Council of Europe Organization of American States African Union OSCE and others and modern trends such as preventive mechanisms international criminal law human rights as essential elements of peace keeping and peace building operations humanitarian intervention or the relationship between human rights and terrorism The book perceives human rights as an inter disciplinary topic and illustrates the theory of human rights with a considerable number of practical case studies graphics statistics procedural charts and textboxes It serves as a textbook for students of law political science international relations and other academic fields related to human rights but may as well be used as a first introduction for those working in the field for NGO activists legal practitioners and others interested in the fascinating world of universal human rights **An introduction to the**

European Convention on Human Rights Martyn Bond,2018-10-01 Respect for human rights lies at the heart of what it means to be European Martyn Bond The right to life prohibition of torture freedom of thought conscience and religion freedom of expression the right to marriage Did you know that these rights and many others are protected by the European Convention on Human Rights The author of this book illustrates each of these rights in a simple and clear way using specific

examples He also sets the action of the European Court of Human Rights in the wider context of Council of Europe activities pursuing the same ideals Martyn Bond is a journalist who has reported from London Brussels Strasbourg and Berlin He is also a former European civil servant Over the past half century he has witnessed and reported on many of the events that have shocked or amused delighted or disturbed European readers listeners and viewers He firmly believes that respect for human rights lies at the heart of what it means to be European

Advanced Introduction to the Politics of International Human Rights David P. Forsythe, 2021-01-29 David P Forsythe presents a compelling introduction to international human rights in a political context He stresses the difficulties of interjecting human rights into foreign policy and international politics while recognising the considerable progress that has been made over time Focusing on international organizations states corporations and private advocacy groups Forsythe addresses key themes including war migration climate change and slavery

Christianity and Human Rights John Witte, Jr, Frank S. Alexander, 2010-12-23 Combining Jewish Greek and Roman teachings with the radical new teachings of Christ and St Paul Christianity helped to cultivate the cardinal ideas of dignity equality liberty and democracy that ground the modern human rights paradigm Christianity also helped shape the law of public private penal and procedural rights that anchor modern legal systems in the West and beyond This collection of essays explores these Christian contributions to human rights through the perspectives of jurisprudence theology philosophy and history and Christian contributions to the special rights claims of women children nature and the environment The authors also address the church's own problems and failings with maintaining human rights ideals With contributions from leading scholars including a foreword by Archbishop Desmond Tutu this book provides an authoritative treatment of how Christianity shaped human rights in the past and how Christianity and human rights continue to challenge each other in modern times

Advanced Introduction to Business and Human Rights Muchlinski, Peter T., 2022-07-19 Focusing on the adoption of the UN Guiding Principles on Business and Human Rights UNGPs in 2011 this timely book charts the field of business and human rights finding that corporate responsibility to respect human rights is gradually evolving into a binding legal duty in both national and international law Following the structure of the UNGPs Peter T Muchlinski also covers the state duty to protect against business violations of human rights the corporate responsibility to respect human rights and access to remedies for corporate violations of human rights

An Introduction to Rights William A. Edmundson, 2004-03-08 This is the only accessible and readable introduction to the history logic moral implications and political tendencies of the idea of rights It is organized chronologically and discusses important events such as the French Revolution As an undergraduate text it is well suited to introductions to political philosophy moral philosophy and ethics It could also be used in courses on political theory in departments of political science and government and in courses on legal theory in law schools

An Introduction to Rights William A. Edmundson, 2012-01-23 A thoroughly updated second edition that is an accessible introduction to the history logic moral implications and political tendencies of

the idea of rights

An Introduction to Global Health Ethics Andrew Pinto, Ross Upshur, 2013-03-05 The field of global health is expanding rapidly An increasing number of trainees are studying and working with marginalized populations often within low and middle income countries Such endeavours are beset by ethical dilemmas mitigating power differentials addressing cultural differences in how health and illness are viewed and obtaining individual and community consent in research This introductory textbook supports students to understand and work through key areas of concern assisting them in moving towards a more critical view of global health practise Divided into two sections covering the theory and practice of global health ethics the text begins by looking at definitions of global health and the field s historical context It draws on anti colonial perspectives concepts developing social justice and solidarity as key principles to guide students The second part focuses on ethical challenges students may face in clinical experiences or research Topics such as working with indigenous communities the politics of global health governance and the ethical challenges of advocacy are explored using a case study approach An Introduction to Global Health Ethics includes recommended resources and further readings and is ideal for students from a range of disciplines including public health medicine nursing law and development studies who are undertaking undergraduate and graduate courses in ethics or placements overseas

Akehurst's Modern Introduction to International Law Peter Malanczuk, 2002-04-12 First published in 2002 Routledge is an imprint of Taylor Francis an informa company

International Human Rights Michael Haas, 2013-09-05 This book provides a comprehensive introduction to international human rights international human rights law why international human rights have increasingly risen to world prominence what is being done about violations of human rights and what might be done to further promote the cause of international human rights so that everyone may one day have their rights respected regardless of who they are or where they live It explains how the concept of international human rights has developed over time the variety of types of human rights civil political rights economic social rights as well as a delineation of war crimes empirical findings from statistical research on human rights institutional efforts to promote human rights an extensive listing of international human rights agreements identification of recent prosecutions of war criminals in domestic and international tribunals ongoing efforts to promote human rights through international aid programs the newest dimensions in the field of human rights gay rights animal rights environmental rights Richly illustrated throughout with case studies controversies court cases think points historical examples biographical statements and suggestions for further reading International Human Rights is the ideal introduction for all students of human rights The book will also be useful for human rights activists to learn how and where to file human rights complaints in order to bring violators to justice The new edition is fully updated and includes new material on the Obama presidency the Arab Spring and its aftermath the workings of the International Criminal Court quantitative analyses of human rights war crimes
