Lubar,2023-06-20 An insider s view on blockbuster deal making and part cultural tour de force *An Improbable Journey* is a one of a kind deeply textured account of how some of the greatest artists of all time pushed to realize their greatest ambitions with the help of Charles Lubar The year was 1971 Thirty year old Charles Lubar a Washington D C born Harvard Law School graduate with a two and a half year deep dive in the Chief Counsel s Office of the Internal Revenue Service recently behind him was floundering in Nairobi Kenya where he had come to seek the kind of high stakes adventures one could never find at a major law firm in the U S But with his entrepreneurial hopes quashed in Nairobi by an environment that hardly wrapped its arms around outsiders Indians being expelled from Kenya and Idi Amin the ruthless despot on the brink of taking over in neighboring Uganda and soon to wreak havoc throughout the region Lubar decided to pick up his stakes With a sense of timing that would come to his aid again and again throughout his life the young lawyer opted to make his next home in the UK Little did he know that he would soon be swimming hard and fast in 1970s London during a cultural

surge of film television music and the stage Hired off the street by two American lawyers in London the brassy entertainment lawyer Irwin Margulies and the corporate transactional lawyer Barry Sterling Lubar could never have predicted that his work would soon put him front and center at some of the biggest moments with some of the biggest names in showbiz From the James Bond franchise to Linda Lovelace and Deep Throat from Jim Henson and The Muppets to Michael Jackson and the Beatles from behind the Iron Curtain to the islands of the Netherlands Antilles Lubar s rare knowledge of the tax codes spanning Europe and the U S made him an indispensable figure to creatives trying to make their financial lives work on both sides of the Atlantic His list of clients goes on and on Bill Graham John Cleese Santana Diana Ross Frank Oz Chuck Traynor Marilyn Chambers Barbara Bach Jane Seymour Shakira and Enrique Iglesias Many turned to Lubar in real need of his assistance at the very prime and sometimes nadir of their careers Lubar s bona fides would even land him a spot on the US UK Fulbright Commission as President of the Yale Club of London and a Managing Partner in London of one of the major international law firms An Improbable Journey shows a risk taker with his finger living right on the cultural pulse of a moment

The God Behind the Marble Alice Goff,2024-01-17 This book tells the story of how Germans struggled to make art an autonomous instrument of social progress in the face of real world challenges between 1790 1850 For philosophers such as Friedrich Schiller a work of art was governed by its own laws and soared above trivial constraints thus a painting or sculpture could both model and stimulate the moral autonomy of its beholders This aesthetic education to be conducted in the newish institution of museums would yield an aesthetic state born of the measured reason of its citizens rather than the fractious antagonisms of mobs and tyrants But highbrows like Schiller failed to consider the tough realities facing art on the ground Not only were there no proper museums in the German states for presenting art to the public the systematic looting of their art collections during the Napoleonic wars had thrown the very ontological status of art into serious question What was a painted altarpiece supposed to be once it had been torn out of a Church and reinstalled in a secular space How would a marble statue of a nude Apollo impact modern viewers especially unmarried young ladies not used to such sights And how could a stolen object symbolize freedom As art works fell prey to the very violence they were supposed to transcend social theorists began to wonder how art could deliver liberation if it could so quickly end up a spoil of war Among the specimens considered are forty porphyry columns from the tomb of Charlemagne in Aachen the Quadriga from the Brandenburg Gate in Berlin the Laoco n group from Rome a bronze medieval reliquary from Goslar a Last Judgment from Danzig and last but surely not least the mummified body of an official from the Rhenish hamlet of Sinzig

Men Viewing Women as Art Objects Christoph E. Schweitzer,1998 Varied images of women studied in a variety of German texts

as a springboard for plot or character A man looks at the portrait of a woman and then sets out to liberate her and make her his own Die Zauberflöte Maria Stuart an oldman while looking at the picture of his youthful beloved reminisces about his failed courtship Storm s Immensee These are just two of many uses of art works depicting women discussed in this book The art work can displace the living woman as in Hauff s Die Bettlerin vom Pont des Arts in Jensen s Gradiva and in Schimmang s Intimität A man looking at a painting of himself E T A Hoffmann s Die Fermate or a man looking at a sculpture comes to appreciate the beauty of the female figure both in art and life Stifter s Der Nachsommer The innovative approach which in part goes back to theories developed by Lessing in his Laokoon yields via a close reading of a variety of the texts new insights into their structure and meaning

The Death of the Artist William Deresiewicz, 2020-07-28 A deeply researched warning about how

the digital economy threatens artists lives and work the music writing and visual art that sustain our souls and societies from an award winning essayist and critic There are two stories you hear about earning a living as an artist in the digital age One comes from Silicon Valley There s never been a better time to be an artist it goes If you ve got a laptop you ve got a recording studio If you ve got an iPhone you ve got a movie camera And if production is cheap distribution is free it s called the Internet Everyone s an artist just tap your creativity and put your stuff out there The other comes from artists themselves Sure it goes you can put your stuff out there but who s going to pay you for it Everyone is not an artist Making art takes years of dedication and that requires a means of support If things don t change a lot of art will cease to be sustainable So which account is true Since people are still making a living as artists today how are they managing to do it William Deresiewicz a leading critic of the arts and of contemporary culture set out to answer those questions Based on interviews with artists of all kinds The Death of the Artist argues that we are in the midst of an epochal transformation If artists were artisans in the Renaissance bohemians in the nineteenth century and professionals in the twentieth a new paradigm is emerging in the digital age one that is changing our fundamental ideas about the nature of art and the role of the artist in society **F-O**
