Hungarian Foreign Policy The Experience Of A New Democracy:

Hungarian Foreign Policy Joseph C. Kun, 1993-01-26 This concise volume outlines developments in Hungarian foreign policy since the end of the Communist regime and the formation of the country's democratic coalition. After briefly reviewing Hungary's foreign relations between the wars, the Stalinist period, and the foreign policy principles of Prime Minister Imre Nagy during the 1956 Revolution, Joseph Kun discusses the 1990 elections that confirmed the rejection of Communist rule and the formation of a coalition government with Jozsef Antall as prime minister. Kun describes how the new government's foreign policy is oriented toward the West with the primary aim of establishing closer political and economic ties with the industrial nations. At the same time, Hungary is endeavoring to forge regional alliances in Central Europe to protect the large ethnic Hungarian communities who live in the neighboring Czech Republic, Slovakia, Romania, and the former Yugoslavia. The continuing tensions in Eastern Europe and the Soviet successor states demand the formulation of a firm but flexible foreign policy line. This study gives the specialist and student a sense of the achievements of the Antall government during its first years in office as well as an understanding of the disappointments that a new democracy experiences in its search for contacts in a well-meaning but pragmatic world.

Hungary and the Victor Powers, 1945-1950 NA NA, 2016-04-30 Eric Roman is the first scholar to be granted access to the vast heretofore closed archive of documents relating to the communist era in Hungary. This archive included the files of the Hungarian Communist Party, the Social Democratic Party, and the Hungarian Socialist Worker's Party, as well as minutes of political committee meetings, private correspondence, secret papers, and confidential reports on special commissions within Hungary. Skillfully using all this material, Eric Roman weaves a fascinating portrait of Hungary in the post-war period. As the country began to reconstruct itself after the War, Roman shows the toll taken by poverty and racial discord. In what amounts to the only complete English language account of Hungary's diplomatic policy, Hungary and the Victor Powers, takes an in-depth look at Hungary's relationship with those countries nearest to it, especially the former Yugoslavia and the Soviet Union. Eric Roman's Hungary and the Victor Powers, 1945-1950 is a compelling work of history that is destined to be one of the most important books on the topic.

Liberalization and Foreign Policy Miles Kahler, 1997 Inaugurates a new field of disability studies by framing disability as a minority discourse rather than a medical one, revising oppressive narratives and revealing liberatory ones. The book examines disabled figures in Harriet Beecher Stowe's *Uncle Tom's Cabin* and Rebecca Harding Davis's *Life in the Iron Mills* in African American novels by Toni Morrison and Audre Lorde, and in the popular cultural ritual of the freak show.

Irredentism Thomas Ambrosio, 2001-09-30 The idea of national unification has long been a powerful mobilizing force for nationalist thinkers and ethnic entrepreneurs since the rise of nationalist ideology in the late 1700s. This phenomenon came to be known as irredentism. During the Cold War, irredentist projects were largely subordinated to the ideological struggle between East and West. After the Cold War, however, the international system has witnessed a proliferation of such conflicts throughout Europe.

and Asia Ambrosio integrates both domestic and international factors to explain both the initiation and settlement of irredentist conflicts His central argument is that irredentist states confront two potentially contradictory forces domestic nationalism and pressure from the international community Irredentist leaders are forced to reconcile their nationalist policies with pressures from the international plane At the same time irredentist leaders exploit perceived windows of opportunity in pursuit of their nationalist goals Ambrosio examines in depth the past present and possible irredentist projects of Serbia Croatia Hungary and Armenia within a theoretical and comparative framework His conclusions yield significant theoretical findings and important policy implications for both scholars of ethnic conflicts nationalism and international relations and policy makers
