**Peasant Art in Austria and Hungary** Charles Holme, 1911 **Ethnologia Balkanica** , 19?? *Journeys to Hungary & Poland* Kalman Dubov, 2021-12-22 This volume reviews my visit to Budapest Hungary and to Krakow Auschwitz and Birkenau Auschwitz II in Poland Both of these places were deeply affected by the Nazi occupation and the devastation of their Jewish communities Describing these visits is difficult because it describes in modern European history in which survivors still relate the story of this great tragedy The places where these events took place still stand as testimony to the depths of horror and violation man conceives on others had long delayed a pilgrimage to the two Auschwitz death camps recognizing the potential of every human being to fall into the chasm of total annihilation In fact recent psychological experimentation with normal ethically minded people has shown that we have the potential as perfectly normal people to be persuaded to perform acts that upon reflection are completely unjustifiable We think of ourselves as civilized but the reality is that our deepest drives and urges can create a complete loss of decency to self and others The mesmerizing effects of the Hitlerian era serve notice that we all have the potential of losing the thread of our tenuous humanity This is the sobering thought which remains with me after visiting these terrible places of governmental policies of extermination of entire peoples Auschwitz and Birkenau are not just a death camp of the past as a historic site reflective of the past It is that but much more These terrible places are an object lesson for the present and the future Mankind must learn the lesson that as Santayana reflected the lessons of history must be learned so as not to repeat them My review first visits Budapest a beautiful city

National Hungarian myth is the Magyars a primary tribe of modern day Hungary originated in the Carpathian Mountains in Khazaria This Jewish Empire composed of converts to Judaism is an object of intense scholarly scrutiny as to who they were and what they taught Insofar as the Magyars were concerned they rebelled against the Khazars voluntarily left or were expelled from that empire They traveled across the Caucasian steppes and reached their current geography Perhaps the most devastating event in modern Hungarian history was the Treaty of Trianon following World War one which emasculated the country its navy and people World War Two was similarly tragic in Budapest as throughout Hungary The Jewish population in the country was decimated and Hungarians readily assisted in the arrest removal and transportation of an estimated 400 000 to 600 000 Jews These men women and children were transported to Auschwitz where they were murdered by the Germans Adolf Eichmann mastermind of the Final Solution to exterminate Jews readily admitted that this vast effort accomplished within three months was only possible because of the dedicated efforts of Hungarian leadership and police In Germany today there is a national narrative of reviewing its Nazi National Socialism past thereby ensuring all are aware of what occurred during that period and will not repeat it But no such national narrative is present in Hungary Denial of the past is easy a mere refusal to own to what took place and the individual actions that led to this decimation Perhaps Hungary will one day maturely boldly and forthrightly recognize its past crimes and seek to amend its national character I hope my reviews of these cities and the Death Camps will provide moments of reflection and honest appraisal of both self and its national character

The Saturday Evening Post, 1920. SCC Library has 1974-89 plus scattered issues. Hungarian Language Contact Outside Hungary Anna Fenyvesi, 2005-01-01. In Communist times it was impossible to do sociolinguistic work on Hungarian in contact with other languages. In the short period of time since the collapse of the Soviet bloc, Hungarian sociolinguists have certainly done their very best to catch up. This volume brings together the fruits of their work, some of which was hitherto only available in Hungarian. The reader will find a wealth of information on many bilingual communities involving Hungarian as a minority language. The communities covered in the book are located in countries neighboring Hungary: Austria, Serbia, Slovakia, Slovenia, Romania, and Ukraine, as well as overseas in Australia and the United States. Several of the chapters discuss material derived from the Sociolinguistics of Hungarian Outside Hungary project. Throughout the book, the emphasis is on how the language use of Hungarian minority speakers has been influenced by the majority or contact language, both on a sociolinguistic macro level as well as on the micro level. In the search for explanations, particular attention is given to typological aspects of language change under the conditions of language contact. *The Illustrated London News*, 1927
