The Pathway Towards Peace: U.S. Human Rights Manifesto Jánelle Marina Méndez Viera, 2023-05-10 In *The Pathway Towards Peace U S Human Rights Manifesto* J nelle Marina M ndez Viera exposes the American billionaire patriarchy s strategic takeover of democracy and delves into the intersection of two social scientific theories regarding racism thought to be conflicting and synthesizes both concepts into her theory of psychosocial racism and sexism Through her own experiences as a child sex slave in the U S Marine Corps and through her work leading the Military Sexual Trauma Movement M ndez Viera as a human rights executive and movement leader she shines a light on the dark side of the tourism industry and American exports by relocating to the Dominican Republic to investigate the experiences of enslaved Haitians She connects modern slavery in the Caribbean to the radicalization of boys and men in the U S military and the role mass communication plays in their indoctrination This powerful manifesto is a compelling account of one woman s resistance and fight for the abolition of modern slavery in the Western Hemisphere J nelle Marina M ndez Viera not only exposes the threat to democracy and the junction of racism and sexism in American society but she also predicts the January 6th Insurrection six weeks before it occurs On November 11th 2020 in a speech in Washington D C at a press conference she organized called Fight for our Freedom she warns of a looming national security issue involving veterans and Marines Through her development of the radicalization pipeline model M ndez Viera is able to accurately predict and assess risks in order protect herself from violent attacks on her life M ndez Viera uses her extensive knowledge and expertise to guide and educate Americans on how to defend democracy and create lasting peace Her theory of psychosocial racism sexism and misogyny posits that these systemic issues are psychological delusions that evolve into social constructs when mass media creates propaganda on behalf of billionaire patriarchy Loyal audiences usually made up of male involuntary celibates are intentionally recruited on to the radicalization pipeline through google queries that respond to self help questions such as how do I get girls to like me or how do I attract women The manosphere then places bids on google searches and returns dating gurus like Andrew Tate who

indoctrinate men and teen boys through mid level radicalization by showing them misogynistic content that externalizes their insecurities to make these men and boys hate women and minorities They become defenders of patriarchy and fight against feminism civil rights and social justice through coordinated online harassment threats physical violence and domestic terrorism M ndez Viera lays out how to spot the red flags early on and discusses what society can do to create peace and minimize the recruitment into the radicalization pipeline M ndez Viera analyses the illicit sex markets in the Western Hemisphere compared to legalized and regulated markets around the world She investigates sexual violence slavery and prostitution in the Caribbean and its ties to chattel slavery while discussing legalized and regulated markets in Nevada and the Netherlands that have higher levels of protection safety and workers rights These areas have been able to reduce child sexual slavery through the regulated sex markets M ndez Viera discusses the combining regulation legalization and psychological therapy for involuntary celibate males can be a powerful tool for preventing recruitment into the radicalization pipeline and thus preventing gender violence mass violence modern slavery and domestic terrorism in the United States of America

**Recovering Caribbean Nature** James A. Kushlan,Kirsten Hines,2024-10-29 The Caribbean is a global biodiversity hotspot half its resident bird species are found nowhere else yet a quarter are threatened with extinction Nearly all its native amphibians and reptiles and thousands of plants also are endemic Yet less than 1% of the landscape can be considered natural and apart from reserves most land is privately owned Despite the challenges of such habitat fragmentation the Caribbean s distinctive fauna and flora can be preserved through planning and managing a connected network of sustainable naturalistic landscapes reserves parks and private gardens This book uniquely provides both a theoretical background and practical applications to restoring nature within the tropical Caribbean Packed with beautiful color photographs it offers unifying principles that can be applied across the tropics and synthesizes information on the Caribbean s environmental uniqueness and globally significant biodiversity It also provides explicit guidance on establishing sustainable and more naturalistic landscapes from large public lands to private yards and gardens The book is essential reading for academics and researchers studying the Caribbean environment resource management professionals and scientists and educators from nongovernmental organizations who provide programs and advocacy for conservation and regional sustainability Moreover it highlights the importance of private lands and gardens where the greatest gains can be made and so offers a handbook for knowledgeable private landowners and their professional advisors *Platts International Directory of Electric Power Producers and Distributors* ,2005
