The Irish Supreme Court Brice Dickson, 2019-01-31 This book examines the jurisprudence of the Supreme Court of Ireland since its creation in 1924 It sets out the origins of the Court explains how it operated during the life of the Irish Free State 1922 1937 and considers how it has developed various fields of law under Ireland's 1937 Constitution especially after the re creation of the Court in 1961 As well as constitutional law the book looks at the Court's views on the status and legal system of Northern Ireland administrative law criminal justice and personal and family law There are also chapters on the Supreme Court's interaction with European Union law and with the European Convention on Human Rights The argument throughout is that while the Court has been well served by many of its judges who on occasion have manifested a healthy degree of judicial activism there are still several legal fields in which the Court has not developed its jurisprudence as clearly or as imaginatively as it might have done It has often displayed undue conservatism and deference For many years its performance was hampered by its extreme workload generated by its inability to control the number of appeals brought to it However the creation of a new Court of Appeal in 2014 has freed up the Supreme Court to act in a manner more analogous to that adopted by supreme courts in other common law countries The Court's future looks bright Kicking and **Screaming** Ivana Bacik, 2004 After a century of wars internal division political upheaval mass emigration and high unemployment a more prosperous diverse and tolerant Irish society has emerged Ivana Bacik examines the shape and nature of the new Ireland where Catholic religious traditions sit uneasily alongside a culture that is growing more secular and liberal in outlook This book is distributed for O Brien Press Dublin and is for sale only in the United States it s territories and dependencies Canada and the Philippines **Abortion and Ireland** David Ralph, 2020-10-21 This book asks the crucial question of how it came to pass that on the 25 May 2018 the Irish electorate voted by a landslide in favour of changing its abortion legislation that for the previous thirty five years had been one of the most restrictive regimes in Europe The author shows how alongside traditional campaigning tactics such as street demonstrations door to door canvassing and the distribution of pro choice merchandise and information leaflets a key strategy of pro choice advocacy groups was to encourage first person abortion story sharing by women in their efforts to repeal the Eighth Amendment which had effectively banned abortion provision in the country The book argues that a normalizing of abortion talk took place in the lead up to the referendum with women speaking publicly in unprecedented numbers about their abortion histories These women storytellers were mirroring certain pro choice movements in other contexts where a new sound it loud say it proud narrative around abortion experiences has emerged as a central contemporary strategy for destignatizing abortion discourse Students and scholars across a range of disciplines including law gender studies sociology and human geography will find this book of interest Minority Religions under Irish Law Kathryn O'Sullivan, 2019-05-07 Minority Religions under Irish Law focuses the spotlight specifically on the legal protections afforded in Ireland to minority religions generally and to the

Muslim community in particular Although predominantly focused on the Irish context the book also boasts contributions from leading international academics considering questions of broader global importance such as how to create an inclusive environment for minority religions and how to regulate religious tribunals best Reflecting on issues as diverse as the right to education marriage recognition Islamic finance and employment equality Minority Religions under Irish Law provides a comprehensive and fresh look at the legal space occupied by many rapidly growing minority religions in Ireland with a special focus on the Muslim community **Theory on the Edge** N.
