Child's Place in the Environment Olga N. Clymire,1998

Community Service-Learning Rahima C. Wade,1997-01-09

Service learning the integration of community service with academic course work is a promising strategy for enhancing learning and developing active democratic citizens This book responds to the many recent calls for youth involvement in service as part of the public school curriculum While service learning holds many benefits for students teachers and communities there are also many challenges to effectively incorporate it into the curriculum Each of the book's four parts provides a different scope and purpose Part 1 addresses the components of quality service learning programs Part 2 introduces diverse models of service learning programs at the elementary middle and high school levels Part 3 allows students agency members and administrators to tell their own stories of service learning involvement to discuss issues with other individuals who share their roles and to offer recommendations for effective action and Part 4 asks readers to consider the future of service learning in public schooling Community Service Learning is a comprehensive resource that will be valuable for all those involved with K 12 service learning programs administrators classroom teachers students program coordinators and university teacher education programs

Environmental Education Benjamin Aldrich-Moodie,Jo Kwong,1997 This original piece of research examines the teaching of environmental issues in the UK and US Looking at a variety of textbooks and how specific issues are taught they find that the teaching of the environment is characterised by bad science sloppy thinking and indoctrination

Heroes of the Environment Harriet Rohmer,2009-08-12 This inspiring book presents the true stories of 12 people from across North America who have done great things for the environment Heroes include a teenage girl who figured out how to remove an industrial pollutant from the Ohio River a Mexican superstar wrestler who works to protect turtles and whales and a teenage boy from Rhode Island who helped his community and his state develop effective e waste recycling programs Plenty of photographs and illustrations bring each compelling story vividly to life
