Kiddie Lit Beverly Lyon Clark, 2005-01-02 Honor Book for the 2005 Book Award given by the Children's Literature Association The popularity of the Harry Potter books among adults and the critical acclaim these young adult fantasies have received may seem like a novel literary phenomenon In the nineteenth century however readers considered both Tom Sawyer and Huckleberry Finn as works of literature equally for children and adults only later was the former relegated to the category of boys books while the latter even as it was canonized came frequently to be regarded as unsuitable for young readers Adults women and men wept over *Little Women* And America's most prestigious literary journals regularly reviewed books written for both children and their parents This egalitarian approach to children's literature changed with the emergence of literary studies as a scholarly discipline at the turn of the twentieth century Academics considered children's books an inferior literature and beneath serious consideration In *Kiddie Lit* Beverly Lyon Clark explores the marginalization of children's literature in America and its recent possible reintegration both within the academy and by the mainstream critical establishment Tracing the reception of works by Mark Twain Louisa May Alcott Lewis Carroll Frances Hodgson Burnett L Frank Baum Walt Disney and J K Rowling Clark reveals fundamental shifts in the assessment of the literary worth of books beloved by both children and adults whether written for boys or girls While uncovering the institutional underpinnings of this transition Clark also attributes it to changing American attitudes toward childhood itself a cultural resistance to the intrinsic value of childhood expressed through sentimentality condescension and moralizing Clark's engaging and enlightening study of the critical disregard for children's books since the end of the nineteenth century which draws on recent scholarship in gender cultural and literary studies offers provocative new insights into the history of both children's literature and American literature in general and forcefully argues that the books our children read and love demand greater respect

Alt Kid Lit Kenneth B. Kidd, Derritt Mason, 2024-03-26 Contributions by Kristopher Alexander Amanda K Allen Brianna Anderson Catherine Burwell Katharine Capshaw Negin Dahya Gabriel Duckels Paige Gray Gabrielle Atwood Halko Natasha Hurley Kenneth B Kidd Erica Law Montes Derritt Mason Brandon Murakami Tehmina Pirzada Cristina Rhodes Cristina Rivera Jakob Rosendal Trea Andrea M Russworm Vivek Shrayer Victoria Ford Smith Joshua Whitehead and Shuyin Yu How do we think about children's and young adult literature Children's literature is often defined through audience so what happens when children are drawn to and claim genres not built expressly for them To what extent do canonical formations tend to overwrite or obscure less visible efforts to create and promote material for the young These are the driving questions of *Alt Kid Lit* What Children's Literature Might Be Contributors to the volume offer theoretical meditations on the category of children's and young adult literature as well as case studies of materials that complicate our understanding of such Chapters attend to a diverse array of subjects including the non places of children's literature child mediums Black theater for children children's interpretive drawings fanfiction Latinx Indigenous and silkpunk speculative

fiction environmental zines sh nen anime Jim Henson's The Dark Crystal South Asian television and emergency children's literature The book also features interviews with two experimental writers about genre and alt publishing and a roundtable conversation on video games and children's digital engagements Building on diverse approaches including queer theory and postcolonial studies Alt Kid Lit shines light on materials methodologies and epistemologies that are sometimes

underacknowledged in the field of children's and young adult literature studies **Keywords for Children's Literature** Philip Nel, Lissa Paul, 2011-06-13 The study of children's literature and culture has been experiencing a renaissance with vital new work proliferating across many areas of interest Mapping this vibrant scholarship Keywords for Children's Literature presents 49 original essays on the essential terms and concepts of the field From Aesthetics to Young Adult an impressive multidisciplinary cast of scholars explores the vocabulary central to the study of children's literature Following the growth of his or her word each author traces its branching uses and meanings often into unfamiliar disciplinary territories Award winning novelist Philip Pullman writes about Intentionality Education expert Margaret Meek Spencer addresses Reading literary scholar Peter Hunt historicizes Children's Literature Psychologist Hugh Crago examines Story librarian and founder of the influential Child Lit listerv Michael Joseph investigates Liminality The scope clarity and interdisciplinary play between concepts make this collection essential reading for all scholars in the field In the spirit of Raymond Williams seminal Keywords this book is a snapshot of a vocabulary of children's literature that is changing expanding and ever unfinished

Constructing the Canon of Children's Literature Anne Lundin, 2004-10-15 In this pioneering historical study Anne Lundin argues that schools libraries professional organizations and the media together create and influence the constantly changing canon of children's literature Lundin examines the circumstances out of which the canon emerges and its effect on the production of children's literature The volume includes a comprehensive list of canonical titles for reference

Representing Children in Chinese and U.S. Children's Literature Claudia Nelson, Rebecca Morris, 2016-04-08 Bringing together children's literature scholars from China and the United States this collection provides an introduction to the scope and goals of a field characterized by active but also distinctive scholarship in two countries with very different rhetorical traditions The volume's five sections highlight the differences between and overlapping concerns of Chinese and American scholars as they examine children's literature with respect to cultural metaphors and motifs historical movements authorship didacticism important themes and the current status of and future directions for literature and criticism Wide ranging and admirably ambitious in its encouragement of communication between scholars from two major nations Representing Children in Chinese and U S Children's Literature serves as a model for examining how and why children's literature more than many literary forms circulates internationally **Huck Finn's America** Andrew Levy, 2015 A groundbreaking and controversial re examination of our most beloved classic Huckleberry Finn proving that for more than 100 years we have misunderstood Twain's message on race and childhood and the uncomfortable truths it still holds for modern America Provided by publisher

Children's Literature Seth Lerer, 2009-04-01 Ever since children have learned to read there has been children's literature. Children's Literature charts the makings of the Western literary imagination from Aesop's fables to Mother Goose, from Alice's Adventures in Wonderland to Peter Pan, from Where the Wild Things Are to Harry Potter. The only single-volume work to capture the rich and diverse history of children's literature in its full panorama, this extraordinary book reveals why J. R. R. Tolkien, Dr. Seuss, Laura Ingalls Wilder, Beatrix Potter, and many others, despite their divergent styles and subject matter, have all resonated with generations of readers. Children's Literature is an exhilarating quest across centuries, continents, and genres to discover how and why we first fall in love with the written word. Lerer has accomplished something magical. Unlike the many handbooks to children's literature that synopsise, evaluate, or otherwise guide adults in the selection of materials for children, this work presents a true critical history of the genre. Scholarly, erudite, and all but exhaustive, it is also entertaining and accessible. Lerer takes his subject seriously without making it dull. Library Journal starred review. Lerer's history reminds us of the wealth of literature written during the past 2,600 years. With his vast and multidimensional knowledge of literature, he underscores the vital role it plays in forming a child's imagination. We are made, he suggests, by the books we read. San Francisco Chronicle. There are dazzling chapters on John Locke and Empire and nonsense and Darwin, but Lerer's most interesting chapter focuses on girls' fiction. A brilliant series of readings. Diane Purkiss, Times Literary Supplement.

The Hidden Adult Perry Nodelman, 2008-09-30 What exactly is a children's book? How is children's literature defined as a genre? A leading scholar presents close readings of six classic stories to answer these questions and offer a clear definition of children's writing as a distinct literary form. Perry Nodelman begins by considering the plots, themes, and structures of six works: *The Purple Jar*, *Alice in Wonderland*, *Dr. Doolittle*, *Henry Huggins*, *The Snowy Day*, and *Plain City*, all written for young people of varying ages in different times and places to identify shared characteristics. He points out markers in each work that allow the adult reader to understand it as a children's story, shedding light on ingrained adult assumptions and revealing the ways in which adult knowledge and experience remain hidden in apparently simple and innocent texts. Nodelman then engages a wide range of views of children's literature from authors, literary critics, cultural theorists, and specialists in education and information sciences. Through this informed dialogue, Nodelman develops a comprehensive theory of children's literature, exploring its commonalities and shared themes. *The Hidden Adult* is a focused and sophisticated analysis of children's literature and a major contribution to the theory and criticism of the genre. *The Oxford Handbook of Children's Literature*.

Julia Mickenberg, Lynne Vallone, 2012-11-29 Remarkably well researched, the essays consider a wide range of texts from the U.S., Britain, and Canada and take a variety of theoretical approaches, including formalism and Marxism, and those related to psychology, postcolonialism, reception, feminism, queer studies, and performance studies. This collection pushes boundaries of genre, notions of childhood. Choice. Back cover of book.

Teaching Children's Fiction C. Butler, 2006-03-20 This book combines the work of nine leading teachers and scholars of children's literature from Europe and North America.

They explore the various disciplines and perspectives that have contributed to the study of children's literature giving practical classroom suggestions Contains an up to date resources section

Keywords for Children's Literature, Second Edition Philip Nel, Lissa Paul, Nina Christensen, 2021-01-12 Introduces key terms global concepts debates and histories for Children's Literature in an updated edition Over the past decade there has been a proliferation of exciting new work across many areas of children's literature and culture Mapping this vibrant scholarship the Second Edition of Keywords for Children's Literature presents original essays on essential terms and concepts in the field Covering ideas from Aesthetics to Voice an impressive multidisciplinary cast of scholars explores and expands on the vocabulary central to the study of children's literature The second edition of this Keywords volume goes beyond disciplinary and national boundaries Across fifty nine print essays and nineteen online essays it includes contributors from twelve countries and an international advisory board from over a dozen more The fully revised and updated selection of critical writing more than half of the essays are new to this edition reflects an intentionally multinational perspective taking into account non English traditions and what childhood looks like in an age of globalization All authors trace their keyword's uses and meanings from translation to poetry taboo to diversity and trauma to nostalgia the book's scope clarity and interdisciplinary play between concepts make this new edition of Keywords for Children's Literature essential reading for scholars and students alike

Handbook of Research on the Education of Young Children Olivia N. Saracho, Bernard Spodek, 2013-01-17 The Handbook of Research on the Education of Young Children is the essential reference on research on early childhood education throughout the world This singular resource provides a comprehensive overview of important contemporary issues as well as the information necessary to make informed judgments about these issues The field has changed significantly since the publication of the second edition and this third edition of the handbook takes care to address the entirety of vital new developments A valuable tool for all those who work and study in the field of early childhood education this volume addresses critical cutting edge research on child development curriculum policy and research and evaluation strategies With a multitude of new and updated chapters The Handbook of Research on the Education of Young Children 3rd Edition makes the expanding knowledge base related to early childhood education readily available and accessible

Was the American Revolution a Mistake? Burton Weltman, 2013-08-27 Why was George Washington dismayed by the outcome of the American Revolution Would slavery still exist if the South had not seceded from the Union in 1861 Might socialists rule America today if Teddy Roosevelt had not run for President and lost in 1912 History is full of contingencies People confront problems and debate options for solving them Then they make a choice and face the consequences of their choice Often they wonder if a different choice might have been better Was the American Revolution a mistake Was racial segregation inevitable Was the Cold War necessary Americans have repeatedly asked these sorts of questions as they examined the consequences of their choices This is a book about revisiting crucial choices people made in history and examining the consequences of those choices for them and for us It

demonstrates a method of teaching history that recreates events as people experienced them and asks important questions that troubled them but that rarely appear in conventional textbooks Unlike conventional methods that often reduce history to names dates and factoids for students to memorize it is a method that brings past debates to life the losers as well as the winners points of view and makes the subject exciting In studying history as choice students examine the problems people faced their options for solving them their decision making processes and the choices they made Then students evaluate the consequences of those choices both for people in the past and us today They explore what might have happened if different choices had been made Finally students relate the consequences of those past choices to problems we face today and the choices we need to make History as choice is a practical and practicable method It has been designed to satisfy the curriculum goals of the National Council for the Social Studies and the book explains how it can be used to satisfy any state or local curriculum standards The book also identifies and illustrates resources that can be used with this method from data bases to popular music and explains how teachers can gradually integrate it into their courses In the first part of the book the method of history as choice is explained using the question of whether the American Revolution was a mistake as a case in point The second part of the book explores thirteen other questions about significant issues and events in American history as additional examples of how one might teach history as choice

Intl Comp Ency Child Lit E2 V1 Peter

Hunt,2018-12-12 Children s literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies of interest to anyone concerned with literature education internationalism childhood or culture in general This edition has been expanded and includes over 50 new articles New topics include Postcolonialism Comparative Studies Ancient Texts Contemporary Children s Rhymes and Folklore Contemporary Comics War Horror Series Fiction Film Creative Writing and Crossover literature The international section has been expanded to reflect world events

Second Star to the Right Lester D. Friedman,Allison B. Kavey,2008-11-28 Over a century after its first stage performance Peter Pan has become deeply embedded in Western popular culture as an enduring part of childhood memories in every part of popular media and in commercial enterprises Since 2003 the characters from this story have had a highly visible presence in nearly every genre of popular culture two major films a literary sequel to the original adventures a graphic novel featuring a grown up Wendy Darling and an Argentinean novel about a children s book writer inspired by J M Barrie Simultaneously Barrie surfaced as the subject of two major biographies and a feature film The engaging essays in *Second Star to the Right* approach Pan from literary dramatic film television and sociological perspectives and in the process analyze his emergence and preservation in the cultural imagination
