Thrillers, Chillers, and Killers Frank Krutnik, 2025-05-13 Film noir is one of the most exciting and most debated products of studio era Hollywood but did you know that American radio broadcast many programs in the noir vein through the 1940s and 1950s These included adaptations of such well known films as The Maltese Falcon Murder My Sweet and Double Indemnity detective series devoted to the adventures of private eyes Philip Marlowe and Sam Spade and the spine tingling anthology programs Lights Out and Suspense Thrillers Chillers and Killers is the first book to explore in detail noir storytelling on the two media arguing that radio s noir dramas played an important role as a counterpart to influence on or a spin off from the noir films Besides shedding new light on long neglected radio dramas and a medium that was cinema s major rival this scrupulously researched yet accessible study also uses these programs to challenge conventional understandings of the much debated topic of noir

Film Genre 2000 Wheeler Winston Dixon, 2000-02-24 Covering over 100 feature films in critical depth and detail this reader provides an excellent introduction to American genre filmmaking since 1990 These previously unpublished essays by prominent film scholars each address a different film genre from science fiction to romance to 90s noir as well as the ways in which genre filmmaking as a whole has been changed by the new technologies and market forces that are shaping the future of cinema One of the peculiar aspects of recent American genre filmmaking is its apparent facelessness its desire to subsume itself into the larger framework of genre cinema and not to identify each film as a unique exemplar What this book argues among other things is that the implicit

message in contemporary genre films is rarely that which is signified by a film's external or even internal narrative structure. What drives the thematic and structural concerns of recent genre cinema is the recovery of initial investment made all the more pressing by the fact that each film released theatrically now represents an investment of many millions of dollars. For better or worse, American genre cinema dominates the globe. The Hollywood genre film has become one of America's most prolific and profitable social exports. These contemporary genre films all seek to further the values of their nation of origin as they journey through the world on film, videotape, DVDs, and television; it is the pervasive influence and numerous subjects of these films that are analyzed here. Contributors include Heather Addison, Chuck Berg, Ton Conley, David M. Desser, Wheeler Winston Dixon, Marc Miller, Catherine Preston, Stephen Prince, David Sanjek, Mark A. Reid, John Tibbets, Jim Welsh, and Ron Wilson.

A Killer's Grace Ronald Chapman, 2016-08-08. For Kevin Pitcairn, the letter from a serial killer awaiting execution comes with implications he can't ignore. The writer's guilt is clear at least in a legal sense. But the questions he raises draw Pitcairn into a compelling journey of investigation whose profound psychological and spiritual implications hurl his life into upheaval. As he tries to determine and tell the killer's true story, Pitcairn plunges deeper into the pit his own demons have created and trapped him in. His journalist's curiosity becomes a compulsion as events bind him tighter and tighter, propelling him from New Mexico's stark high desert into an increasingly hostile wider world. Murder, mystery, and redemption shape Pitcairn's struggle to answer the moral questions left festering by the killer's horrible crimes: What is the nature of evil? What choices do any of us truly have? How can we reconcile with our most painful wounds and the people who have inflicted them?

The Serial Killer Files Harold Schechter, 2003-12-30. THE DEFINITIVE DOSSIER ON HISTORY'S MOST HEINOUS. Hollywood's make-believe maniacs like Jason Freddy and Hannibal Lecter can't hold a candle to real-life monsters like John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now from the much-acclaimed author of *Deviant*, *Deranged*, and *Depraved* comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers from psychology to cinema, fetishism to fan clubs, trophies to trading cards. Discover WHO THEY ARE. Those featured include Ed Gein, the homicidal mama's boy who inspired fiction's most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh. HOW THEY KILL. They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour, and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT. For pleasure and for profit. For celebrity and for companionship. For the devil and for dinner. For the thrill of it, for the hell of it, and because such men are monsters who live beyond the frontiers of madness. PLUS in-depth case studies, classic killers' nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and
