## **Killing Fields:**

**Behind the Killing Fields** Gina Chon, Sambath Thet, 2011-06-03 In recent history atrocities have often been committed in the name of lofty ideals One of the most disturbing examples took place in Cambodia's Killing Fields where tens of thousands of victims were executed and hastily disposed of by Khmer Rouge cadres Nearly thirty years after these bloody purges two journalists entered the jungles of Cambodia to uncover secrets still buried there Based on more than 1 000 hours of interviews with the top surviving Khmer Rouge leader Nuon Chea *Behind the Killing Fields* follows the journey of a man who began as a dedicated freedom fighter and wound up accused of crimes against humanity Known as Brother Number 2 Chea was Pol Pot's top lieutenant He is now in prison facing prosecution in a United Nations Cambodian tribunal for his actions during the Khmer Rouge rule when more than two million Cambodians died The book traces how the seeds of the Killing Fields were sown and what led one man to believe that mass killing was necessary for the greater good Coauthor Sambath Thet a Khmer Rouge survivor shares his personal perspectives on the murderous regime and how some victims have managed to rebuild their lives The stories of Nuon Chea and Sambath Thet collide when the two meet While Thet holds Chea responsible for the death of his parents and brother he strives for understanding over revenge in order to reveal the forces that destroyed his homeland in the name of creating utopia In this age of suicide bombers and terror alerts the world is still at a loss to comprehend the violence of zealots *Behind the Killing Fields* bravely confronts this challenge in an exclusive portrait of one man's political madness and another's personal wisdom

**Britain's Killing Fields** John Igbino, 2023-01-19 Britain kept meticulous records of its casualties in Southern Nigeria but it did not collect and keep any coherent records of the casualties it inflicted on the so called natives Britain's failure to collect and keep natives casualty statistics was not an unconscious omission Instead it was a deliberate policy because it placed considerably less value on the lives of natives compared to European lives It held that a drop of European blood was worth four times more than natives blood The death of a District Officer on active duty was worth the lives of up to two hundred natives and it took twenty natives to service a Political Officer on the field Additionally it accepted the arguments of its top commander Colonel Arthur Montanaro that natives were engaged in illegal resistance to His Majesty's Government therefore while he had a duty to crush their resistance to the British Government he was not duty bound to account for their deaths Accordingly the book explores these untold aspects of British History particularly the computation of the number of Indigenous people of the landmass which became Southern Nigeria who were killed between 1900 and 1930 during one of the bloodiest periods in the history of Southern Nigeria as British troops of the West African Frontier Force WAFF and the West African Service Brigade WASB rampaged through Southern Nigeria In its explorations the book posed and addressed the following questions how many Indigenous people of Southern Nigeria were killed by the British Army between 1900 and 1930 What were the names of the people who were killed Were there women and children among the dead How old were they when they died Where

were they buried Who buried them there What were the prevailing political circumstances when they were killed Under what military circumstances were they killed Was there a state of war between the Indigenous people of Southern Nigeria and Britain when they were killed The book's sources were unpublished original archival documents at the National Archives These document sources included Ordinances Proclamations Admiralty's and Crown Agents papers High Commissioners Governor General's and Lieutenant Governor's Correspondences and Despatches The Correspondences and Despatches included field reports compiled by British Army Officers Field Commanders British Police Commissioners Political Officers District Officers DO District Commissioners Divisional Officers Divisional Commissioners and Provincial Commissioners These sources are kept in the following Colonial Office Documents series Southern Nigeria CO520 series and Nigeria CO583 series

Working in the Killing Fields Howard Ball, 2015-04-15 While the specifics of individual wars vary they share a common epilogue the task of finding and identifying the disappeared The Bosnian war of the early 1990s which destroyed the sovereign state of Yugoslavia is no exception In Working in the Killing Fields Howard Ball focuses on recent developments in the technology of forensic science and on the work of forensic professionals in Bosnia following that conflict Ball balances the examination of complex features of new forensic technology with insights into the lives of the men and women from around the globe who are tasked with finding and excavating bodies and conducting pathological examinations Having found the disappeared however these same pathologists must then also explain the cause of death to international court criminal prosecutors and surviving families of the victims Ball considers the physical dangers these professionals regularly confront while performing their site excavations as well as the emotional pain including post traumatic stress disorder they contend with while in Bosnia and after they leave the killing fields Working in the Killing Fields integrates discussion of cutting edge forensic technology into a wider view of what these searches mean the damage they do to people and the healing and good they bring to those in search of answers Even though the Balkan wars took place two decades ago the fields where so many men women and children died still have gruesome and disturbing stories to tell Ball puts the spotlight on the forensic professionals tasked with telling that story and on what their work means to them as individuals and to the wider world's understanding of genocide and war

Survival in the Killing Fields Haing Ngor, 2012-10-25 Best known for his academy award winning role as Dith Pran in The Killing Fields for Haing Ngor his greatest performance was not in Hollywood but in the rice paddies and labour camps of war torn Cambodia Here in his memoir of life under the Khmer Rouge is a searing account of a country's descent into hell His was a world of war slaves and execution squads of senseless brutality and mind numbing torture where families ceased to be and only a very special love could soar above the squalor starvation and disease An eyewitness account of the real killing fields by an extraordinary survivor this book is a reminder of the horrors of war and a testament to the enduring human spirit

Children of Cambodia's Killing Fields Kim DePaul, 1999-01-01 Publisher Fact Sheet This extraordinary collection of eyewitness accounts by Cambodian survivors of Pol Pot's genocidal Khmer Rouge

*From Rice Fields to Killing Fields* James A. Tyner, 2017-10-13 Between 1975 and 1979 the Communist Party of Kampuchea fundamentally transformed the social economic political and natural landscape of Cambodia During this time as many as two million Cambodians died from exposure disease and starvation or were executed at the hands of the Party The dominant interpretation of Cambodian history during this period presents the CPK as a totalitarian communist and autarkic regime seeking to reorganize Cambodian society around a primitive agrarian political economy *From Rice Fields to Killing Fields* challenges previous interpretations and provides a documentary based Marxist interpretation of the political economy of Democratic Kampuchea Tyner argues that Cambodia's mass violence was the consequence not of the deranged attitudes and paranoia of a few tyrannical leaders but that the violence was structural the direct result of a series of political and economic reforms that were designed to accumulate capital rapidly the dispossession of hundreds of thousands of people through forced evacuations the imposition of starvation wages the promotion of import substitution policies and the intensification of agricultural production through forced labor Moving beyond the Cambodian genocide Tyner maintains that it is a mistake to view Democratic Kampuchea in isolation as an aberration or something unique Rather the policies and practices initiated by the Khmer Rouge must be seen in a larger historical geographical context **How Cambodia**
