Goodreads Orion is now my boy and if anything else bad happens to him I will cry Laura It is very rare for a book to have its characters live beyond the pages and at the same time let it transcend its own genre into something else Crimson Knightfall does that and more Five Stars read for me The Readera Crimson Knightfall is what we called a true page turner Amazingly woven like an interesting spell I didn't think this book was going to be this good It was as you might expect engaging a total different piece of art from every aspect It sets a very high bar for whatever he does that comes next Santosh Yadav Action and adventure books and binge reading go hand in hand It's just science A fast paced exciting story gets your blood pumping and adrenaline rushing which in turn keeps your eyes glued to the pages as you tear through them If that sounds like your kind of weekend Crimson Knightfall Everything Burns by T P A Wulfric is just what you are looking for this is an action and adventure pack book to binge right now sort of gripping unputdownable thrill ride that will keep you reading well into the night An intriguing origin story Readers will keep turning the pages to see what happens next Highly Recommended John Kerry

White,2019-02-26 Batman has been one of the world's most beloved superheroes since his first appearance in Detective Comics 27 in 1939 Clad in his dark cowl and cape he has captured the imagination of millions with his single minded mission to create a better world for the people of Gotham City by fighting crime making use of expert detective skills high tech crime fighting gadgets and an extensive network of sidekicks and partners But why has this self made hero enjoyed such enduring popularity And why are his choices so often the subject of intense debate among his fans and philosophers alike Batman and Ethics goes behind the mask to shed new light on the complexities and contradictions of the Dark Knight's moral code From the logic behind his aversion to killing to the moral status of vigilantism and his use of torture in pursuit of justice or perhaps revenge Batman's ethical precepts are compelling but often inconsistent and controversial Philosopher and pop culture expert Mark D White uses the tools of moral philosophy to track Batman's most striking ethical dilemmas and decisions across his most prominent storylines from the early 1970s through the launch of the New 52 and suggests how understanding the mercurial moral character of the caped crusader might help us reconcile our own A thought provoking and entertaining journey through four decades of Batman's struggles and triumphs in time for the franchise's 80th anniversary Batman and Ethics is a perfect gateway into the complex questions of moral philosophy through a focused character study of this most famous of fictional superheroes
