Knight On Horseback:

A Knight and His Horse R. Ewart Oakeshott, 1998 Describes the horses used by knights in the Middle Ages as well as the equipment and weapons they used in battle **Knights and Heroes** John Hamilton, 2006-09-01 Explores the characters of fantasy folklore and places them in historical context *The Rise & Fall of the Mounted Knight* Clive Hart, 2023-01-05 The medieval mounted knight was a fearsome weapon of war captivating and horrifying in equal measure they are a continuing source of fascination They have been both held up as a paragon of chivalry whilst often being condemned as oppressive and violent Occupying a unique place in history knights on their warhorses are an enigma hidden behind their metal armor and seemingly unreachable on their steeds This book seeks to understand the world of the medieval knight by studying their origins their accomplishments and their eventual decline Forged in the death throes of the Roman Empire the mounted knight found a place in a harsh and dangerous world where their skills and mentality carved them into history From the First Crusade to the fields of Scotland knights could be found and their human side is examined to see how these men came to both rule Europe and ride into enduring legend The challenges facing the mounted knight were vast and deadly from increasingly professional and competent infantry forces to gunpowder the rise of political unity and the crunch of finance The factors which forced the knight into the past help to define who and what they were as well as the legacy that they have left indelibly imprinted on the world The standout feature of this book is the focus on the equine half of the partnership from an author who practices the arts of horsemanship on a daily basis including combat with sword and lance The psychology of the horse refined by the experience of actually training warhorses has helped the author to add to the body of academic work on the subject This insight opens up the world of the mounted knight and importantly and uniquely challenges the perception of what he and his horse could really do The Romance of King Arthur and His Knights of the Round Table Sir Thomas Malory, 2016-11-16 Sir Thomas Malory's *Le Morte d'Arthur* is the basis for the vast literature concerning King Arthur and his Knights of the Round Table Malory compiled translated and edited the tales from earlier French sources and all later authors who added to Arthurian legend are indebted to his work This handsome edition features 16 of Arthur Rackham's finest color illustrations and Malory's text was edited for modern readers by English scholar Alfred W Pollard An essential treasury edition for any collector of Arthurian myths or Rackham enthusiast Film fans will also cherish this deluxe hardcover the stories have inspired numerous movie adaptations including the 2017 release *Knights of the Roundtable: King Arthur* directed by Guy Ritchie and starring Charlie Hunnam Jude Law Eric Bana Djimon Hounsou and Annabelle Wallis The Book of the Knight Zifar Charles L. Nelson, 2021-12-14 The *Book of the Knight Zifar* or *Cifar* Spain's first novel of chivalry is the tale of a virtuous but unfortunate knight who has fallen from grace and must seek redemption through suffering and good deeds Because of a curse that repeatedly deprives him of that most important of knightly accoutrements his horse Zifar and his family must flee their native India and wander through distant lands seeking to regain their rank and fortune A series of

mishaps divides the family and the novel follows their separate adventures alternatively heroic comic and miraculous until at length they are reunited and their honor restored The anonymous author of Zifar based his early fourteenth century novel on the medieval story of the life of St Eustacius but onto this trunk he grafted a surprising variety of narrative types Oriental tales of romance and magic biblical stories moralizing fables popular since the Middle Ages including several from Aesop and instructions in the rules of proper knightly conduct Humor in the form of puns jokes and old proverbs also runs through the novel In particular the foolish wise Knave offers a comic contrast to the heroic Knight whom he must continually rescue through the application of common sense Zifar was to have an important influence on later Spanish literature and perhaps on Cervantes great tale of a knight and his squire Don Quixote All those with an interest in Spanish literature and medieval life will be grateful for Mr Nelson s excellent translation which brings to life this extraordinary early novel *Children's Literature* Charles Madison Clippinger, Erle Elsworth Curry,2018-09-20 Reproduction of the original Children s Literature by Charles Madison Curry Erle Elsworth Clippinger **The History and Romance of the Horse** Arthur Vernon,Ernest John Donnelly,2014-02-19 This sweeping illustrated panorama of horse related history and lore will appeal to readers of all ages Starting with the miniature Eohippus the work follows the evolution of the horse through Greek mythology the Middle Ages the American West and beyond profiling race horses working and war horses and much more **A Source Book of English History for the Use of Schools** Arthur Donald Innes,1912 *Knights of Truth and Valor* Pasquale De Marco,2025-08-11 Embark on a captivating journey into the world of knights where honor valor and unwavering loyalty reign supreme Delve into the rich history of these legendary warriors from their humble beginnings to their enduring impact on society Witness the evolution of knights through the ages from the heavily armored warriors of medieval times to the modern day knights who continue to uphold the traditions of chivalry Discover the rigorous training and discipline that knights underwent the intricate code of conduct that governed their lives and the specialized weapons and armor they wielded Explore the pivotal role that knights played in shaping the course of history from their valiant defense of castles and kingdoms to their participation in epic battles that changed the fate of nations Uncover the enduring relevance of knights in contemporary society as modern day knights uphold the values of chivalry and valor Witness inspiring stories of individuals who embody the ideals of truth and justice carrying the legacy of knights into the 21st century This comprehensive and engaging book brings to life the thrilling exploits and unwavering dedication of knights capturing their unwavering loyalty unwavering courage and unwavering commitment to justice Through vivid storytelling and captivating anecdotes readers of all ages will be captivated by the tales of these legendary warriors With its captivating narrative and in depth exploration of the world of knights this book is an essential read for anyone interested in history chivalry and the enduring legacy of these iconic figures Delve into the fascinating world of knights and discover the enduring truths and enduring values that continue to shape our world today If you like this book write a review **Knights** Rachael Hanel,2007-07 Discusses how medieval knights in
