Comprehensive explanations of their secret rituals and symbolism. Including alchemy, astrology, Kabbalism, ceremonial magic, animal magnetism and more. Amazon. **Emblematic Freemasonry and the Evolution of Its Deeper Issues** Arthur Edward Waite, 1925. **The Secrets of Freemasonry** Robert Lomas, 2011-09-01 Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts. Classic Masonic writers including William Preston, Robert Gould, JSM Ward, AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion. Each has different ideas about how mystical knowledge came into Freemasonry. Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century. All agree there is a Secret Lodge or House of Adepts who continue to teach true knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn, the Knights Templar and Lodge Mother Kilwinning. Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers.

Explains the Bavarian Illuminati's grades, rituals, ceremonies and fundamental philosophies and examines the leaders of the Order. Contains the only surviving record of documents that were destroyed during the two World Wars. The Bavarian Order of the Illuminati is the most celebrated secret society in the world. Though officially lasting only 11 years, the powerful spell and shadow cast by the Illuminati still looms in the present day where its influence can be seen in current conspiracy beliefs and actions by powerful individuals working in the shadows. The original Order of the Illuminati was founded by Bavarian professor Adam Weishaupt in 1776. Although the order was banned and brought down by the Bavarian Elector in 1787 when he became aware of the extent to which it had infiltrated the courts, schools and his own administration, its legend and deep influence lives on to this day. Charting the rise and fall of this infamous order, this book first published in French in 1915 and never before available in English remains the definitive history of the Order of the Bavarian Illuminati. It also offers a

revealing look at the world that spawned and shaped it a ceaseless ferment of revolutionary and occult ideas and the ceaseless attempts by crown and church to suppress them Other secret societies that shared the stage with the Illuminati during these years include the Templar Strict Observance von Hund s Templar Freemasonry and other Masonic lodges the Illuminati targeted to subvert for their own purposes Many of the documents the author consulted for the writing of this book were destroyed during the two World Wars making this book the only surviving record of many of the order s secrets The author explains the Bavarian Illuminati s grades rituals and ceremonies as well as its fundamental philosophies He paints vivid portraits of the leaders of the order including Weishaupt Baron Knigge and Xavier von Zwack He reveals how Weishaupt early on decided to subvert the existing German Freemason Lodge as a shortcut to gain esoteric hegemony over the occult world all in order to extend Illuminati influence into the society at large and the government The author also provides extensive detail of the order s eventual destruction by the Bavarian government In addition to its revelation of little known secrets of the Illuminati Order the author also sheds new light on much of the occult life of this time including the activities of figures such as Cagliostro and Mirabeau and other active groups such as Freemason chapters the Rosicrucians and the Martinists
