*Night of Knives* Ian C. Esslemont, 2009-05-12 Drawing on events touched on in the prologue of Steven Erikson's landmark fantasy *Gardens of the Moon* A *Malazan Book of the Fallen* *Night of Knives* is the first in Ian C. Esslemont's *Novels of the Malazan Empire* series a momentous chapter in the unfolding story of the extraordinarily imagined world of *Malaz* The small island of *Malaz* and its city gave the great empire its name but now it is little more than a sleepy backwater port Tonight however things are different Tonight the city is on edge a hive of hurried sometimes violent activity its citizens bustle about barring doors shuttering windows avoiding any stranger's stare Because tonight there is to be a convergence the once in a generation appearance of a *Shadow Moon* an occasion that threatens the good people of *Malaz* with demon hounds and other darker things It was also prophesied that this night would witness the return of Emperor *Kellanved* and there are those prepared to do anything to prevent this happening As factions within the greater Empire draw up battle lines over the imperial throne the *Shadow Moon* summons a far more ancient and potent presence for an all out assault upon the island Witnessing these cataclysmic events are *Kiska* a young girl who yearns to flee the constraints of the city and *Temper* a grizzled battle weary veteran who seeks simply to escape his past Each is to play a part in a conflict that will not only determine the fate of *Malaz City* but also of the world beyond At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
