How to Know Higher Worlds Rudolf Steiner, 1994-08 Published in 1904 CW 10 While we cannot all instantly become seers the cognitive insights of a person who has such vision can nevertheless provide healthy food for all All of us can apply these insights to our lives and if we do so we shall soon realize not only the possibilities of life in every area but also what life lacks when we exclude these insights Rudolf Steiner This is the bestselling classic account of the modern Western esoteric path of initiation made public by Steiner in 1904 He begins with the premise that the capacities by which we can gain insights into the higher worlds lie dormant within each one of us Steiner carefully and precisely leads the reader from the cultivation of the fundamental soul attitudes of reverence and inner tranquility to the development of inner life through the stages of preparation illumination and initiation Steiner provides practical exercises of inner and outer observation and moral development By patiently and persistently following his guidelines new organs of soul and spirit begin to form which reveal the contours of the higher worlds thus far concealed from us Steiner in this important work becomes a teacher a counselor and a friend whose advice is practical clear and effective The challenges we face in life require increasingly deeper levels of understanding and Steiner s text helps readers to cultivate the capacities for such insights and places them at the service of humanity This is Steiner s most essential guide to

the modern path of initiation he advocated throughout his life It has been translated into many languages and has inspired hundreds of thousands of readers around the world How to Know Higher Worlds has been admired by some of the most brilliant minds of our time This volume is a translation from German of the written work *Wie erlangt man Erkenntnisse der höheren Welten* GA 10 Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner,1932 *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,1932-01-01 Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner,2016-04-24 The quintessential guide for the spiritual seeker from the deeply gifted mystic In human life joy is usually something one has not deserved through previous actions When we investigate karma by occult means we always discover that in most cases joy has not been earned and we should accept it gratefully as sent to us by the gods as a gift of the gods and to say to ourselves The joy which comes to meet us today ought to kindle in us the will to work in such a way as to take into ourselves the forces streaming to us through this joy and to apply these usefully We must look upon joy as a sort of prepayment on account for the future Love starts when we push aside our ego and make room for someone else If we do not believe within ourselves this deeply rooted feeling that there is something higher than ourselves we shall never find the strength to evolve into something higher May my soul bloom in love for all existence You will not be good teachers if you focus only on what you do and not upon who you are PREFACE TO THE EDITION OF MAY 1918 PREFACE TO THE SIXTH EDITION PREFACE TO THE THIRD EDITION I HOW IS KNOWLEDGE OF THE HIGHER WORLDS ATTAINED II THE STAGES OF INITIATION III SOME PRACTICAL ASPECTS IV THE CONDITIONS OF ESOTERIC TRAINING V SOME RESULTS OF INITIATION VI THE TRANSFORMATION OF DREAM LIFE VII THE CONTINUITY OF CONSCIOUSNESS VIII THE SPLITTING OF THE HUMAN PERSONALITY DURING SPIRITUAL TRAINING IX THE GUARDIAN OF THE THRESHOLD X LIFE AND DEATH THE GREATER GUARDIAN OF THE THRESHOLD APPENDIX Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner,2007-05 Knowledge of the Higher Worlds and its Attainment is a publication authored by Rudolf Steiner This title focuses on Steiner's belief of the importance of studying and understanding higher worlds and includes on how to attain knowledge from higher worlds esoteric training transforming dream life consciousness and spiritual training This is an excellent book for those who are interested in such studies as outlined above and also for those who are interested in the beliefs and new age ideas made popular in the early 20th century by Rudolf Steiner **The Way of Initiation** Rudolf Steiner,Edouard Schuré,1910 *Knowledge of the Higher Worlds and Its Attainment* Rudolf Steiner,1934 **Knowledge of the Higher Worlds** Rudolf Steiner,1993 Knowledge of the Higher Worlds Rudolf Steiner,2016-06-21 This is Rudolf Steiner's guide to the seeker on the path of esoteric initiation He includes much that would be of use to novices of any mystical belief system and a lot of tantalizing information about the subtle body higher planes of existence and the spiritual encounter with the Guardians of the Threshold *The Way of Initiation: How to Attain Knowledge of the Higher Worlds* Rudolf Steiner,2021-03-17 TRANSLATOR'S NOTE Being deeply interested in Dr Steiner's

work and teachings and desirous of sharing with my English speaking friends the many invaluable glimpses of Truth which are to be found therein I decided upon the translation of the present volume It is due to the kind co operation of several friends who prefer to be anonymous that this task has been accomplished and I wish to express my hearty thanks for the literary assistance rendered by them also to thank Dr Peipers of Munich for permission to reproduce his excellent photograph of the author The special value of this volume consists I think in the fact that no advice is given and no statement made which is not based on the personal experience of the author who is in the truest sense both a mystic and an occultist If the present volume should meet with a reception justifying a further venture we propose translating and issuing during the coming year a further series of articles by Dr Steiner in continuation of the same subject and a third volume will consist of the articles now appearing in the pages of The Theosophist entitled The Education of Children MAX GYSI TABLE OF CONTENTS The Superphysical World and Its Gnosis How to Attain Knowledge of the Higher Worlds The Path of Discipleship Probation Enlightenment Initiation The Higher Education of the Soul The Conditions of Discipleship A Note from the Publisher

Knowledge of the Higher Worlds Rudolf Steiner, 2020-07-21 Written work originally published in 1904 CW 10 Readers who do not intend to follow the path mapped out here will nevertheless find much that is useful for their inner life for example precepts for the conduct of life indications clarifying this or that perplexing question and so forth And many people who in the course of life experience have been through a great deal and have in many respects undergone an initiation through life itself will find a certain satisfaction in seeing things clarified that they have already sensed to be true things they already knew without perhaps having brought this knowledge to a clear enough conception Rudolf Steiner preface Rudolf Steiner's foundational handbook for spiritual and personal development has grown modern with time though his methods remain clearly distinguishable from many current paths of inner work First Steiner's method is based on the clarity of thought normally associated with scientific research Instead of denying clear thinking his aim is to extend it beyond its present limitations Second Steiner recognizes as do all genuine paths that the way to spiritual experience is arduous and dangerous and calls for self control in thought word and action The human being comprises a unity and we cannot develop knowledge without a corresponding development of feeling and will Steiner predicted that humanity would begin to experience a longing for forms of experience that transcended intellectual materialistic thinking More than a hundred years after the first publication of this book countless means are offered for achieving transcendental experience including Eastern meditation practices channeling remote viewing and astral projection Moreover there has been a huge increase in the number of people who report various suprasensory perceptions such as near death experiences and meetings with angels In this context Steiner's key spiritual guidebook is needed more than ever given its unique precise instructions for inner training its protective exercises and its indications for staying grounded and centered Knowledge of the Higher Worlds begins with the preconditions for personal development and guides the reader through the stages of initiation its practical

aspects and its effects This key work of anthroposophic inner development is among Rudolf Steiner's most important works The Chadwick Library Edition is an endeavor to republish mostly in new or thoroughly revised English translations several written works of Rudolf Steiner The edition is named for the late horticulturist Alan Chadwick whose life and work has served as inspiration to the small group from which the idea originated Our extensive experience with special bindings led to the selection for this trade edition of 750 books of a leather spine binding cloth sides and a light slipcase For the hand numbered edition 100 books the binding is full leather with a hand gilt top of the pages in a fine stiff cloth covered slipcase The leather is blue calfskin and the title stamping on the spines is in genuine gold leaf All of this will be carried out by hand at one of the finest binders Ruggero Rigoldi Knowledge of the Higher Worlds is a translation from German of the written work *Wie erlangt man Erkenntnisse der höheren Welten* GA 10

How to Know Higher Worlds Rudolf Steiner, 2017-04-02 In this seminal work Steiner lays out practical means of attaining metaphysical knowledge and mystical experience There slumber in every human being faculties by means of which he can acquire for himself a knowledge of higher worlds Mystics Gnostics Theosophists all speak of a world of soul and spirit which for them is just as real as the world we see with our physical eyes and touch with our physical hands At every moment the listener may say to himself that of which they speak I too can learn if I develop within myself certain powers which today still slumber within me There remains only one question how to set to work to develop such faculties

The Way of Initiation Rudolf Steiner, 2022-04-20 [Knowledge of the Higher Worlds and Its Attainment](#) Rudolf Steiner, 19?? **The Way of Initiation** Rudolf Steiner, 2016-05-12 Rudolf Steiner was a philosopher social thinker architect and esotericist His philosophical work which he termed spiritual science sought to provide a connection between the cognitive path of Western philosophy and the inner and spiritual needs of the human being In *The Way of Initiation* Steiner details the exercises and moral qualities to be cultivated on the path to a conscious experience of supersensible realities This short but powerful book is intended as a guide for achieving spiritual vision
