Storytelling and the Future of Organizations David M. Boje,2011-04-26 Storytelling is part of social action and interaction that actually shapes the future of organizations Organization and management studies have overwhelmingly focused to date on rational narrative structures with beginnings middles and ends where narrative has proved to be a handy concept in qualitative studies Far less attention is given however to the more spontaneous and non staged storytelling that occurs in organizations Storytelling and the Future of Organizations explores the science and practice of antenarrative because that is how the future of organization is shaped Antenarrative is a term invented by David M Boje in 2001 and is defined as a bet on the future as before narrative linearity coherence and stability sets in Antenarrative is all about prospective sensemaking betting on the future before narrative retrospection fossilizes the past Antenarrative storytelling is therefore agential in ways

that traditional narratology has yet to come to grips with This handbook contribution is bringing together a decade of scholarship on antenarrative It is the first volume to offer such a varied but systematic examination of non traditional narrative inquiry in the management realm organizing and developing its approach and providing new insights for management students and scholars Writing the Hamat'sa Aaron Glass, 2021-07-15 Long known as the Cannibal Dance the Hamat sa is among the most important hereditary prerogatives of the Kwakwa ka wakw of British Columbia In the late nineteenth century as anthropologists arrived to document the practice colonial agents were pursuing its eradication and Kwakwa ka wakw were adapting it to endure In the process the dance with dramatic choreography magnificent bird masks and an aura of cannibalism entered a vast library of ethnographic texts Writing the Hamat sa offers a critical survey of attempts to record describe and interpret the dance over four centuries Going beyond postcolonial critiques of representation that often ignore Indigenous agency in the ethnographic encounter Writing the Hamat sa focuses on forms of textual mediation and Indigenous response that helped transffrm the ceremony from a set of specific performances into a generalized cultural icon This meticulous work illuminates how Indigenous people contribute to contest and repurpose texts in the process of fashioning modern identities under settler colonialism **Hopi Tales of Destruction** Ekkehart Malotki, Michael Lomatuway 'ma, Lorena Lomatuway 'ma, Sidney Namingha, 2002-01-01 The tales concern such villages as Sikyatki Hisatsongoopavi and Awat ovi which were destroyed by war fire earthquake or internal strife Though abandoned for centuries they live in memory reminders of ancient tragedies and enmities that changed the Hopis forever Related by storytellers from Second and Third Mesa these tales vividly describe village destruction and show how much human evils such as witchcraft hubris corruption and betrayal of fundamental values can precipitate social disintegration and chaos **BOOK JACKET** Brian Honyouti Zena Pearlstone, 2018-05-17 Although Hopi carver Brian Honyouti 1947 2016 was deeply embedded in his culture and produced ritual artworks throughout his life he nevertheless also created unique commercial artworks The latter the focus of this volume increasingly diverged from the world view embodied in Hopi art ceremony and philosophy to become a new form of storytelling While it is unlikely that anyone familiar with Hopi carvings dolls would look to Honyoutis artworks expecting to unearth political social or environmental truths and circumstances these are nonetheless the messages he determined to convey In Brian Honyouti Hopi Carver art historian Zena Pearlstone explores the ideas Honyouti sought to communicate through his work She examines as well how he transmitted them by turning a traditional art form the carved representations of katsinas into a modernistic critique of local Native American and global concerns It is as a result of these universal implications that Honyoutis art will endure Because Honyoutis attachment to Hopi culture was so profound he veiled his critical reflections with humor and imagination to avoid exposing too much to public scrutiny Feeling that there should be a public record of his intentions however he set aside many of his self imposed limitations when he agreed to collaborate with Pearlstone It was his hope that having made his intentions public for the first time his work would
