preparation and certification of history teachers In the first chapter Matthew T Downey reviews the status of history in the curriculum as it has evolved over the years and concludes that although history remains a dominant subject in the social studies curriculum patterns of enrollment and course offerings change from time to time In Chapter 2 Douglas D Alder and Matthew T Downey discuss major challenges facing those concerned with history in the schools especially the importance of restoring world history to its former place in the high school curriculum and U S history to the junior high curriculum In chapter 3 Hazel W Hertzberg recommends that future improvement in the teaching of history will be based on strengthening the link between purpose content method and materials of instruction with each other and with the developmental needs and capacities of students The chapter then discusses aspects of examining change through time characteristics of historical inquiry research on adolescent conceptualization of historical time the value of active participatory learning and the need for better materials In the final chapter Clair W Keller presents recommendations for teacher preparation certification inservice education and master s degree requirements LH [Homeschooling the Child with Asperger Syndrome](#) Lise Pyles,2004-02-15 Packed with inspiring ideas and tips that can be used with any curriculum and on any budget Homeschooling the Child with Asperger Syndrome explains how to design a varied study programme built around the child s own interests making use of simple material as well as computers and on line resources
