Magic and the Dignity of Man Brian P. Copenhaver, 2019-11-19 This book is nothing less than the definitive study of a text long considered central to understanding the Renaissance and its place in Western culture James Hankins Harvard University Pico della Mirandola died in 1494 at the age of thirty one During his brief and extraordinary life he invented Christian Kabbalah in a book that was banned by the Catholic Church after he offered to debate his ideas on religion and philosophy with anyone who challenged him Today he is best known for a short speech the Oration on the Dignity of Man written in 1486 but never delivered Sometimes called a Manifesto of the Renaissance this text has been regarded as the foundation of humanism and a triumph of secular rationality over medieval mysticism Brian Copenhaver upends our understanding of Pico's masterwork by re-examining this key document of modernity An eminent historian of philosophy Copenhaver shows that the Oration is not about human dignity In fact Pico never wrote an Oration on the Dignity of Man and never heard of that title Instead he promoted ascetic mysticism insisting that Christians need help from Jews to find the path to heaven a journey whose final stages are magic and Kabbalah Through a rigorous philological reading of this much studied text Copenhaver transforms the history of the idea of dignity and reveals how Pico came to be misunderstood over the course of five centuries *Magic and the Dignity of Man* is a seismic shift in the study of one of the most remarkable thinkers of the Renaissance

when I recognised accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place Once I realised that the power came from within me it was as if the light had suddenly been switched on and my manifestations began to work If you're jaded by the whole New Age Law of Attraction idea have become bored by its failure to deliver these books are for you It is my intention to lead you by the hand through a marvellous journey of wonder and adventure Part one of this course Becoming Magic laid the groundwork for becoming a magical person while the second book Doing Magic offered concrete techniques and instructions for bringing wonderful things into your life And now finally we complete the journey with Advanced Magic It's time to think a little deeper feel a little keener experience a little more intensely and so consolidate and strengthen your knowledge This book is designed to increase the fledgling power that you discovered from the first two books of the course We now need to build on what has gone before boosting your success increasing your Magical power and making your manifestations more reliable and more spectacular Be warned if you want a quick fix of positive thinking to be told that using Magic and the Law of Attraction is fast and simple and anyone can master it with ease I suggest you buy a different book But if you are serious about mastering Advanced Magic if you are willing to treat this with the reverence time care and study that it deserves these books are for you Being really truly in control of making things happen attracting things at will using Advanced Magic consistently and reliably is something of which only a very select few are capable Come with me and become one of them These three books will allow you to complete your journey to becoming a true creator of your own life reawakening and rekindling your belief and interest in Spirituality The Law of Attraction Reality Creation Cosmic Ordering or whatever you wish to call it I prefer simply to call it Magic
