Enlightened Absolutism 1760-1790 A Documentary Sourcebook

Bruno Aguilera-Barchet

Enlightened Absolutism 1760-1790 A Documentary Sourcebook:

The Enlightenment Paul Hyland, Olga Gomez, Francesca Greensides, 2003 The Enlightenment brings together the work of major Enlightenment thinkers such as Hobbes Rousseau Diderot and Kant to illustrate the full importance and achievements of this period in history Extracts are gathered thematically into sections on such aspects of the Enlightenment as political theory religion and belief art and nature All essays are introduced and a final section on critical reflections provides a selection of modern critical opinions on the period by writers including Foucault Habermas and Lyotard Containing illustrations from the work of artists such as Hogarth and Gainsborough a chronology of the Enlightenment and a detailed bibliography The Enlightenment is a rich source of information and inspiration for all those studying this great period of change

Enlightened Absolutism, 1760-1790 Antony Lentin, 1985 *Historical Dictionary of the Enlightenment* Harvey Chisick, 2005-02-10 The Enlightenment Movement changed society forever driving it forward through new and fresh ways of thinking about science religion history politics and culture This dictionary offers a balanced overview and helps us to understand and appreciate the Enlightenment through its coverage of the basic assumptions and values that structured the movement explanation of how these ideas were articulated the paths of communication they followed how its key ideas grew developed and were refracted and how new problems grew out of what were advanced as solutions to older problems An engaging introductory essay along with hundreds of cross referenced dictionary entries defines the significant persons places events institutions and literary works of the movement A chronological table charts the progression of the movement by indicating the date the main figures involved the political or society events and the science arts or letters that resulted The comprehensive bibliography with an introductory essay to the literature categorized by subject complements this reference that will be valued by all seeking basic details about this important period

A History of Modern Political Thought in East Central Europe Balázs Trencsényi, Maciej Janowski, Monika Baar, Maria Falina, Michal Kopecek, 2016-02-26 A History of Modern Political Thought in East Central Europe is a two volume project authored by an international team of researchers and offering the first ever synthetic overview of the history of modern political thought in East Central Europe Covering twenty national cultures and languages the ensuing work goes beyond the conventional nation centered narrative and offers a novel vision especially sensitive to the cross cultural entanglement of discourses Devising a regional perspective the authors avoid projecting the Western European analytical and conceptual schemes on the whole continent and develop instead new concepts patterns of periodization and interpretative models At the same time they also reject the self enclosing Eastern or Central European regionalist narratives and instead emphasize the multifarious dialogue of the region with the rest of the world Along these lines the two volumes are intended to make these cultures available for the global market of ideas and also help rethinking some of the basic assumptions about the history of modern political thought and modernity as such The first volume deals with the period ranging from the Late Enlightenment to the First World War It is structured

along four broader chronological and thematic units Enlightenment reformism Romanticism and the national revivals late nineteenth century institutionalization of the national and state building projects and the new ideologies of the fin de siècle facing the rise of mass politics Along these lines the authors trace the continuities and ruptures of political discourses They focus especially on the ways East Central European political thinkers sought to bridge the gap between the idealized Western type of modernity and their own societies challenged by overlapping national projects social and cultural fragmentation and the lack of institutional continuity [A History of Western Public Law](#) Bruno Aguilera-Barchet,2014-12-31 The book outlines the historical development of Public Law and the state from ancient times to the modern day offering an account of relevant events in parallel with a general historical background establishing and explaining the relationships between political religious and economic events *Enlightened Absolutism* Hamish M. Scott,1990 An examination of 18th century absolutism

Catherine the Great Simon Dixon,2015-10-23 Neither a comprehensive life and times nor a conventional biography this is an engaging and accessible exploration of rulership and monarchical authority in eighteenth century Russia Its purpose is to see how Catherine II of Russia conceived of her power and how it was represented to her subjects Simon Dixon asks essential questions about Catherine's life and reign and offers new and stimulating arguments about the Enlightenment the power of the monarch in early modern Europe and the much debated role of the great individual in history [Liberty](#) Chana B.

Cox,2006-01-01 *Liberty God's Gift to Humanity* is a defense of liberalism the political philosophy which holds that governments should be established for the protection of individual liberty By means of revisiting the thinking of the men who created liberal theory over the past three centuries author Chana Cox has demonstrated that historically the bond between liberalism and religion has been strong and that liberals have embraced virtue encouraged social control and increased the common good **Enlightenment: Oxford Bibliographies Online Research Guide** Oxford University Press,2010-06-01

monopoly provides an excellent case study of state society relationships This is especially true of the tobacco monopoly in colonial Mexico whose revenues in the later half of the eighteenth century were second only to the silver tithe as the most valuable source of government income This comprehensive study of the tobacco monopoly illuminates many of the most important themes of eighteenth century Mexican social and economic history from issues of economic growth and the supply of agricultural credit to rural relations labor markets urban protest and urban workers class formation work discipline and late colonial political culture Drawing on exhaustive research of previously unused archival sources Susan Deans Smith examines a wide range of new questions Who were the bureaucrats who managed this colonial state enterprise and what policies did they adopt to develop it How profitable were the tobacco manufactories and how rational was their organization What impact did the reorganization of the tobacco trade have upon those people it affected most the tobacco planters and tobacco workers This research uncovers much that was not previously known about the Bourbon government's management of the tobacco monopoly and the problems and limitations it faced Deans Smith finds that there was as much continuity as change after the monopoly's establishment and that the popular response was characterized by accommodation as well as defiance and resistance She argues that the problems experienced by the monopoly at the beginning of the nineteenth century did not originate from any simmering entrenched opposition Rather an emphasis upon political stability and short term profits prevented any innovative reforms that might have improved the monopoly's long term performance and productivity With detailed quantitative data and rare material on the urban working poor of colonial Mexico *Bureaucrats Planters and Workers* will be important reading for all students of social economic and labor history especially of Mexico and Latin America

Ideas of poverty in the Age of Enlightenment Niall O'Flaherty, Robin Mills, 2024-04-16 This collection of essays examines the ways in which poverty was conceptualised in the social political and religious discourses of eighteenth century Europe It brings together experts with a wide range of expertise to offer pathbreaking discussions of how eighteenth century thinkers thought about the poor Because the theme of poverty played important roles in many critical issues in European history it was central to some of the key debates in Enlightenment political thought throughout the period including the controversies about sovereignty and representation public and private charity as well as questions relating to crime and punishment The book examines some of the most important contributions to these debates while also ranging beyond the canonical Enlightenment thinkers to investigate how poverty was conceptualised in the wider intellectual culture as politicians administrators and pamphlet writers grappled with the issue

Saints & Sinners Antti P. Balk, 2008 This unique look at history elaborately recounts the birth of human civilization through the vehicle of ancient Egyptian deities albeit in light of the most recent knowledge on archaeology anthropology comparative religion linguistics sociology and general history It moves quickly but seamlessly to Greece via Crete revealing the relatively young age of Continental European and by extension all Western culture science art and religion and their highly derivative nature a point subtly

repeated throughout this stunningly wide ranging work A book of contrasts it constantly compares not only the Saints and the Sinners but the East and the West be the issues dealt with political or religious in most cases the one cannot be separated from the other It does not however presume to pass judgement only to relate the events as they happened the facts as they stand even if many of them are little known ones conspicuous by their absence in standard school history books

The Port Jews of Habsburg Trieste: Absolutist Politics and Enlightenment Culture Lois C. Dubin, 2023-10-03 Winner of the 2000 Barbara Jelavich Prize in Habsburg Russian or Ottoman history American Association for the Advancement of Slavic Studies and finalist in the 1999 National Jewish Book Awards History category Dubin s brilliant study of the cosmopolitan entrep t of goods and peoples that was Trieste breaks new ground in our understanding of Jewish life in the Old Regime Europe It demonstrates with exacting detail the extensive privileges such port Jews enjoyed and the effect enlightened absolutism and emancipation politics exercised upon them while skillfully portraying the Jews political and cultural responses It is a classic study in modern Jewish history David Sorkin University of Wisconsin Madison Lois C Dubin has produced a solid and original monograph that explores the economic legal political and cultural changes experienced by Trieste s Jewish community within the context of the reform policy of the Austrian enlightened absolutists and Enlightenment ideology Dubin has written an outstanding work on Trieste s Jews a very valuable study that I recommend to any reader interested in Jewish and Habsburg history as well as the Enlightenment The American Historical Review A valuable and carefully researched book Dubin s book is an important contribution not only to the study of Habsburg Jewry but also to our understanding of eighteenth century absolutism The Journal of Modern History The book is replete with keen insights into the experiences of European Jews during the initial phases of the transition from the world of corporate orders to modern class society Dubin s discussion of the dynamics of Haskalah in Trieste is a sophisticated and nuanced analysis of one of the crucial chapters in the modernization of European Jewry Journal of Urban History With this superb book Lois C Dubin has successfully and elegantly slain the two headed dragon of modern Jewish historiography nationalism and Germanocentrism She has also provided Habsburg historians with a much needed treatment of the complex interaction between state building reforming absolutism and the Jews one of several significant national minorities within the heterogeneous empire The essential economic role played by Triestine Jewry once Charles VI declared Trieste a free port in 1719 made them indispensable to the Habsburg state This indispensability itself is a critical marker in the shift between medieval and early modern Jewish history What had been a liability Jewish predominance in middle class professions particularly in trade became an asset with the rise of mercantilism and a state centralized economy Coupled with the distinctive culture of Italian Jews toleration shaped the ways in which Triestine Jews responded to Josephinian reforms the Jewish Enlightenment in Berlin challenges to Jewish marriage and divorce law educational changes and the dissolution of

the ghetto all of which Dubin explores with nuance and clarity *The Port Jews of Habsburg Trieste* employs source material in all the essential languages German Hebrew and Italian and Dubin is equally at home analyzing Viennese and Triestine archival material and rare Hebrew periodical literature published in Vienna and Berlin Her assured use of such diverse materials is also welcome because it restores historical agency to the Jewish population which is at the center of her study *The Port Jews of Habsburg Trieste* will undoubtedly remain the classic treatment of this fascinating city and of Habsburg state building in one of its most important ports Nancy Sinkoff *H Net* Dubin has made here an important contribution that belongs in every library that addresses Judaism and the modern world *German Studies Review* Un travail magistral *Annales Histoire Sciences Sociales* *The Death Penalty's Denial of Fundamental Human Rights* John Bessler, 2022-12-15 This book details how capital punishment violates universal human rights and traces the evolution of the world's understanding of torture **Policy Signals and Market Responses** Stuart John Barton, 2016-01-26 The study presents archival evidence to show how President Kaunda raised political and economic exclusivity in Zambia in the early years of Zambia's independence and how this retarded capital investment Despite formal reforms and a new government this institutional mechanism still dominates and constrains Zambia's political economy today *From Enlightenment to Romanticism* Ian L. Donnachie, Carmen Lavin, 2003 This is the first of two anthologies designed to explore the changes and transitions in European culture between 1780 and 1830 The collection of extracts in this anthology provide primary and secondary sources on the death of the Old Regime the Napoleonic phenomenon slavery religion and reform Each selection is accompanied by a detailed introduction explaining the context and significance of the sources Extracts in the anthology stimulate questions rather than provide reassuring answers and offer vital insights to the major events movements and personalities of the time **The Great Alternatives of Social Thought** Terrence E. Cook, 1991 In an engaging and erudite style this book takes the reader to the heart of western political theory Like the cardinal points of a compass the four alternatives that Cook presents aristocrat saint capitalist socialist define the distinct strategies offered to cope with scarcities underlying violent human conflicts for these core commitments dominate their contrasting economics and politics Throughout Cook evidences a detailed knowledge of many authors and themes in classical and modern political thinking Resisting the temptation to regard the problematic as ideal types from which to embellish or criticize he blends an objective presentation of each view with penetrating insights and parallels To each alternative he applies the presumptions of rule and authority especially mediated by expectations of democracy *Peter the Great* Feofan (Abp. of Novgorod), 1996 **The Western Heritage** Donald Kagan, Steven E.
