Enlightened Eye Qualitative Inquiry And The Enhancement Of Educational Practices:

The Enlightened Eye Elliot W. Eisner, 2017 Now available from TC Press with a new foreword by Nel Noddings and a new prologue by P Bruce Uhrmacher and Christy McConnell Moroye this classic text on qualitative research is ideal for both novice and established researchers Eisner's seminal work on mind education and research explores the ways in which the methods content and assumptions in the arts humanities and social sciences can help us better understand our schools and classrooms The Enlightened Eye expands how we think about inquiry in education and broadens our views about what it means to know with the goal of positively influencing the educational experience of those who live and work in our schools The text includes examples depicting this type of research and how it can be used to evaluate teaching learning and the school environment Book Features Provides researchers with ethical frameworks promoting diversity and inclusivity Establishes connections between qualitative inquiry in our daily lives and its functions in the practice and study of education Broadens understanding of how we come to know the world With enhanced perception reflection and imagination researchers and practitioners are better positioned to work collaboratively toward richer forms of education From the Foreword by Nel Noddings professor emerita Stanford University Elliot Eisner was the most important art educator of his generation and a true heir to John Dewey In this splendid synthesis of his original work in the areas of art curriculum and education Eisner presents a carefully reasoned candid and eloquent brief on behalf of qualitative forms of educational inquiry Howard Gardner Harvard University *The Enlightened Eye* Elliot W. Eisner, 1998 For courses in qualitative research in education Now in paperback this seminal work in qualitative research methods is the definitive statement on qualitative research from the perspective of connoisseurship and criticism This benchmark work gives students a solid understanding of qualitative research and evaluation and its great promise for evaluating and guiding educational practice It demonstrates how methods used by critics in the arts and humanities such as observing performance qualities setting and interaction patterns also apply to the study of classroom practice Excellent examples are provided to show students what this type of research looks like and how it can be applied to the evaluation of teaching learning and the overall school environment

The Enlightened Eye Elliot W. Eisner, 1998 **International Handbook of Research in Arts Education** Liora Bresler, 2007-09-04 Providing a distillation of knowledge in the various disciplines of arts education dance drama music literature and poetry and visual arts this essential handbook synthesizes existing research literature reflects on the past and contributes to shaping the future of the respective and integrated disciplines of arts education While research can at times seem distant from practice the Handbook aims to maintain connection with the live practice of art and of education capturing the vibrancy and best thinking in the field of theory and practice The Handbook is organized into 13 sections each focusing on a major area or issue in arts education research *Handbook of the Arts in Qualitative Research*, 2022 *The Oxford Handbook of Assessment Policy and Practice in Music Education, Volume 2* Timothy Brophy, 2019-01-02 In the music

classroom instructors who hope to receive aid are required to provide data on their classroom programs Due to the lack of reliable valid large scale assessments of student achievement in music however music educators in schools that accept funds face a considerable challenge in finding a way to measure student learning in their classrooms From Australia to Taiwan to the Netherlands music teachers experience similar struggles in the quest for a definitive assessment resource that can be used by both music educators and researchers In this two volume Handbook contributors from across the globe come together to provide an authority on the assessment measurement and evaluation of student learning in music The Handbook's first volume emphasizes international and theoretical perspectives on music education assessment in the major world regions This volume also looks at technical aspects of measurement in music and outlines situations where theoretical foundations can be applied to the development of tests in music The Handbook's second volume offers a series of practical and US focused approaches to music education assessment Chapters address assessment in different types of US classrooms how to assess specific skills or requirements and how assessment can be used in tertiary and music teacher education classrooms Together both volumes of The Oxford Handbook of Assessment in Music Education pave the way forward for music educators and researchers in the field

Just Who Do We Think We Are? Claudia Mitchell,Kathleen

O'Reilly-Scanlon,Sandra Weber,2013-04-15 Drawing upon diverse and specific examples of self study described here by the practitioners themselves this unique book formulates a methodological framework for self study in education This collection brings together a diverse and international range of self studies carried out in teacher education each of which has a different perspective to offer on issues of method and methodology including memory work fictional practice collaborative autobiography auto ethnography phenomenology image based approaches Such ethical issues likely to arise from self study as informed consent self disclosure and crises of representation are also explored with depth and clarity As method takes centre stage in educational and social scientific research and self study becomes a key tool for research training practice and professional development in education Just Who Do We Think We Are provides an invaluable resource for anyone
