Resurrecting America's Entrepreneurial Spirit Joe Nicassio, 2012-01-27 Where Do Entrepreneurs Come From

Entrepreneurs are ordinary people with a spirit of creativity. These people create commerce. When they are successful they create JOBS. Every living person on this planet has the fibers of creativity just like we all have muscle fibers. Every person on this planet has the capacity to be an entrepreneur. When we exercise our muscles we get stronger and if we don't our muscles get weak and atrophy. The same concept applies to our business creation muscles. When we train our minds to create value for the benefit of mankind we become stronger entrepreneurs. When we fail to train our business fibers business stagnates, fewer jobs are created and eventually companies fold and unemployment soars. At the time of this writing most entrepreneurs emerge as a societal aberration because their Spirit is so strong they are driven by clear purpose, a willingness to learn whatever it takes and overcome all environmental and psychological barriers. The thesis of this book is: In order to have a thriving capitalism tomorrow we as a nation have an on-going vested interest in nurturing entrepreneurs today. The book is divided into 3 major sections: Section 1: Moving Our Economic Mentality From Employer Reliance To Self Reliance; Section 2: Eliminating Spirit Killers, Replace Them With Spirit Builders; Section 3: Prayerful Meditation To Build Your Personal Spirit and Create The Conditions For Miracles To Manifest in Your Business. This book is a unique approach to job creation. It is NOT about tax codes, economic policy or regulations. It is about nurturing entrepreneurs at the grass roots level. This book will remind you that if you want a dream job you will need to create it for yourself. No one else is going to do it for you. If you own a business, if you want to start a business or you are interested in education reform you will find this book thought provoking, insightful and uniquely valuable.

Awe, 2012-01-16 For 21st century entrepreneurs this book provides the practical guidance they need to overcome the often intimidating challenges of starting, organizing and running a new business effectively and efficiently. This book provides entrepreneurs with a comprehensive guide to the resources they need or will likely want to consult when starting a small business and in order to stay profitable over the long run. The Entrepreneur's Information Sourcebook: Charting the Path to Small Business Success, Second Edition provides the expert guidance and up-to-date print and web resources an entrepreneur may need to make his business thrive and grow from inception and information gathering to raising capital to marketing methods and human resource concerns.
