Environmental Issues In Botswana A Handbook:

Environmental Issues in Botswana Julius Atlhopheng, 1998 **Environmental Issues in Botswana** Julius Atlhopheng, 1998 There is a lack of materials on the environment in Botswana and this handbook addresses that gap. In addition, environmental education is being incorporated into the education system in Botswana. The authors, all from the Department of Environmental Science at the University of Botswana, focus on the six issues identified in the National Conservation Strategy: pressure on water resources, rangelands, pasture degradation, depletion of wood resources, overuse of veld products, and industrial urban pollution. Conservation of wildlife is treated as an important issue also.

Environmental Issues and Management in Botswana Nkobi M. Moleele, Tidimane Ntsabane, 2002 This study on the status of the environment in Botswana demonstrates that despite inadequate resources, some progress has been made to meet the objectives or mandates of the country's National Conservation Strategy. It indicates that natural resource conservation and management legislation does exist and achievable goals have been set; however, there is presently less success in minimising unsustainable resource use. It gives as the principal reason the poor enforcement of legislation. The authors make recommendations for improvement under the headings: implementing incentives and disincentives on natural resources; involving local communities in natural conservation efforts; developing and elevating the status of the National Conservation Strategy; identifying external forces of change; enforcing environmental impact assessment legislation; and eliminating overlaps within the current legislation.

Historical Dictionary of Botswana Fred Morton, Jeff Ramsay, Part Themba Mgadla, 2008-04-23 In September 2006 Botswana celebrated its 40th anniversary of independence. During its four decades of freedom, the average individual annual income in Botswana has risen from less than 500 in 1966 (in today's prices) to more than 5 000 in 2006. It has held nine open and free national elections; it has expanded the provision of electricity, water, education, and health services to most of its people; and it has become an archetype for other nations wanting to put the profits from its natural resources back into the nation's development. While much has improved in the country, Botswana still faces three major issues: the AIDS epidemic, the tens of thousands of refugees from South Africa, Namibia, and Zimbabwe, and conflict diamonds. The fourth edition of the Historical Dictionary of Botswana, through its chronology, introductory essay, appendixes, map, bibliography, and hundreds of cross-referenced dictionary entries on important persons, places, events, institutions, and significant political, economic, social, and cultural aspects, provides an important reference on this burgeoning African country.
Sustainability in Developing Countries Susan Osireditse Keitumetse, Luc Hens, David Norris, 2020-10-08 This book illustrates an alternative approach to state of sustainability reporting by presenting cross sectoral and multi disciplinary discussions on sustainability issues in the context of a developing country Botswana. The book volume illustrates how academic publishing can supplement African

governments existing forms of reporting on sustainability by providing on ground detailed descriptions and experiences relating to achievement of the various sustainable development goals SDGs In addition this process involves increases and enhances diversity of stakeholders that report on sustainability Furthermore the approach resonates with the UN s recommendation to build local strategies for implementation of the 2030 agenda for sustainable development Conventional reporting on sustainability by most African countries is an exercise that is customarily the preserve of designated government ministries While this form of reporting provides a consistent platform for tracking sustainable development goals it can also benefit from juxtaposition with in depth descriptions and experiences provided by academic publishing Academia through publishing provides a framework for on ground situation analysis as well as in depth descriptions of African country s grass root experiences thus allowing for temporal tracking of sustainable development milestones As this volume illustrates experiences from the various contributors on this volume highlight different points of departure towards achieving the 2030 agenda Topics covered include biodiversity water management world heritage environment education tourism gender institutional approaches to achievement of SDGs as well as contribution of non governmental organisations NGO s amongst others

Historical Dictionary of Botswana Barry Morton, Jeff Ramsay, 2018-06-13 The death of Botswana s last founding father Sir Ketumile Quett Masire in June 2017 marked the end of an era Since the release of the Fourth Edition of Historical Dictionary of Botswana in 2008 Botswana has gone through its most turbulent and divided decade to date Throughout September 2016 when Botswana celebrated its 50th anniversary of independence all the successes of the Seretse and Masire era were sources of massive national pride Botswana had expanded provisions of electricity water education and health services to almost all of its people and become a model nation that owned its natural resources and plowed the profits back into the nation s development Despite these successes Botswana has a high unemployment rate about 20 percent and a much larger cohort of the underemployed This fifth edition of Historical Dictionary of Botswana contains a chronology an introduction appendixes an extensive bibliography and more than 700 cross referenced entries on important personalities and aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Botswana
