## Ice Master:

The Icemaster of New-York Joseph D'Agnese,2024-07-09 An immortal miser A child in danger An icy heart melted by the power of love Jack Frost never asked to be immortal The gods thrust their magic upon him when he was still too young to comprehend the bargain Century after century age after age he conjures snow and ice ushering in the death of all things at the end of each year Addicted to violence obsessed with wealth he flits through the ages changing names as often as cities When a stupid misstep in the old country forces him to flee the great halls of Europe Jack finds himself on the fledgling Dutch island of Manhattan perched on the edge of a pristine continent that is ripe for the taking In this uncharted paradise a clever magician could well have it all In the year 1643 a defenseless orphan enters his life If the stars align she could well become the world s most beloved sorceress destined to make glad the heart of childhood But only if she lives For reasons Jack Frost cannot fathom assassins and monsters want the infant Kris Kringle dead And now the world s oldest misanthrope finds himself fighting for something he has never known love A prequel to the story of Santa Claus as you ve never imagined her Not intended for children The author recommends readers enjoy this prequel AFTER they have read Sorceress Kringle
