Idea Of Human Rights Four Inquiries:

The Idea of Human Rights Michael J. Perry, 1998 This book is intended for readers in law politics and legal philosophy interested in the role of religion in human rights

Human Rights Austin Sarat, Thomas R. Kearns, 2009-11-16 Today the language of human rights if not human rights themselves is nearly universal Human Rights brings together essays that attend to both the allure and criticism of human rights They examine contestation and contingency in today's human rights politics and help us rethink some of the basic concepts of human rights Questions addressed in Human Rights include Can national self determination be reconciled with human rights Can human rights be advanced without thwarting efforts to develop indigenous legal traditions How are the forces of modernization associated with globalization transforming our understanding of human dignity and personal autonomy What does it mean to talk about culture and cultural choice Is the protection of culture and cultural choice an important value in human rights discourse How do human rights figure in local political contests and how are those contests in turn shaped by the spread of capitalism and market values What contingencies shape the implementation of human rights in societies without a strong tradition of adherence to the rule of law What are the conditions under which human rights claims are advanced and under which nations respond to their appeal Austin Sarat is William Nelson Cromwell Professor of Jurisprudence and Political Science Amherst College Thomas R Kearns is William H Hastie Professor of Philosophy and Professor of Law Jurisprudence and Social Thought Amherst College

Religion, Secular Beliefs and Human Rights Natan Lerner, 2012-08-01 Intended for law schools human rights scholars and activists and international organizations this book discusses the legal meaning of religion and belief the UN work in this respect religious minorities the issues of proselytism religion and terrorism the use of religious symbols international criminal law and other relevant issues

Review Journal of Political Philosophy J. Jeremy Wisniewski, 2013-02-21 This journal has been discontinued Any issues are available to purchase separately

Just and Unjust Peace Daniel Philpott, 2015 In the wake of massive injustice how can justice be achieved and peace restored Is it possible to find a universal standard that will work for people of diverse and often conflicting religious cultural and philosophical backgrounds

Secular Cosmopolitanism, Hospitality, and Religious Pluralism Andrew Fiala, 2016-10-04 This book explores the idea of religious pluralism while defending the norms of secular cosmopolitanism which include liberty tolerance civility and hospitality The secular cosmopolitan ideal requires us to be more tolerant and more hospitable toward religious believers and non believers from diverse traditions in our religiously pluralistic world Some have argued that the world's religions can be united around a common core This book argues that it is both impossible and inadvisable either to reduce religion to one thing or to deny religion Instead the book affirms non reductive pluralism and seeks to understand how we should live in a pluralistic world Building on work in the sociology of religion and philosophy of religion the book examines the growth of religious diversity and the spread of nonreligion in the contemporary world It argues that religious toleration

hospitality and compassion must be extended in a global direction Secular cosmopolitanism recognizes that each person has a right to his or her deepest beliefs and that the diversity of the world's religious and non religious traditions cannot be reduced or eliminated *Religion in Politics* Michael J. Perry, 1999-01-21 Most Americans are religious believers Among these there is disagreement about many fundamental religious moral matters Because the United States is both such a religious country and such a religiously pluralistic country the issue of the proper role of religion in politics is extremely important to political debate In *Religion in Politics* Michael Perry addresses a fundamental question what role may religious arguments play if any either in public debate about what political choices to make or as a basis of political choice He is principally concerned with political choices that ban or otherwise disfavor one or another sort of human conduct based on the view that the conduct is immoral He divides the controversy into two debates the constitutionally proper role of religious arguments in politics and a related but distinct debate about the morally proper role Perry concludes that political choices about the morality of human conduct should not be based on religion The newest work by one of the most important constitutional theorists writing today *Religion in Politics* is sure to spark a new debate on the subject **Worlds Colliding** Rex J. Ahdar, 2017-07-12 This title was first published in 2001 *Worlds Colliding* argues that the prevailing worldview held by those in positions of power in Western government sets the bounds for religious tolerance It explores the degree to which a modern liberal state will allow a counter cultural community the freedom to live according to its concept of the good life

Dangers to the Faith Al Kresta, 2013-05-28 A storm has been brewing in society and its treatment views and activities toward the Catholic Faith Some are subtle others are more brazen New Age thought questionable spirituality creedless Christianity relativism scientific skepticism the triumph of technology and even the self styled spirituality of Oprah Winfrey All these masquerade as truth making it tough for the average Catholic to know how to resist let alone respond No one is more qualified to pull back the curtain on the challenges the Catholic Church faces today than Al Kresta popular Catholic author speaker and radio show host A revert to Catholicism Kresta is well known for his rigorous examination of topics in art religion academia and business *Dangers to the Faith* Recognizing Catholicism's 21st Century Opponents is the perfect springboard for discussing the new world in which the Catholic Church exists today Learn how to better carry out the missionary mandate of the Church The question isn't whether you will be a witness to Christ but whether you will be an effective witness **Human Rights** Andrew Clapham, 2015 Focusing on highly topical issues such as torture arbitrary detention privacy and discrimination this book will help readers to understand for themselves the controversies and complexities behind human rights

Redescriptions Kari Palonen, 2011 The concepts and rhetoric of democracy are once again the main focus of this volume of *Redescriptions* volume The book's contributions take up the claim of representative democracy as an elective aristocracy the past and present of the British parliament the media's dealing with gender in the US presidential campaign and the reactivated debate on obligatory voting Two articles deal with the legal language of

politics namely with the German tradition of international law and with the unproblematic concept of human rights today and a further article looks at the politics of languages Series Redescriptions Yearbook of Political Thought Conceptual History and Feminist Theory Vol 15 *Sexual and Gender Diversity in the Muslim World* Vanja Hamzic, 2015-11-23 Discrimination on the grounds of sexual orientation or gender identity is forbidden in contemporary international human rights law yet in many interpretations of Islamic law this is seen to contradict the tenets of Islam Vanja Hamzic here offers a path breaking historical and anthropological analysis of the discourses on sexual and gender diversity in the Muslim world The first of its kind the book sheds new light on the understanding of diversity and resistance to hegemonic visions of the self in Muslim societies Combining first hand ethnographic accounts of Muslims in contemporary Pakistan including the hijra community whose pluralist sexual and gender experience defy the disciplinary gaze of both international and state law with new archival research this book provides a unique mapping of Islamic jurisprudence court practice and social developments in the Muslim world Hamzic provides a comprehensive look at the ways in which sexually diverse and gender variant Muslims are seen and see themselves within the context of the Islamic legal tradition **Politics and the Past** John Torpey, 2004-09-01 Politics and the Past offers an original multidisciplinary exploration of the growing public controversy over reparations for historical injustices Demonstrating that reparations politics has become one of the most important features of international politics in recent years the authors analyze why this is the case and show that reparations politics can be expected to be a major aspect of international affairs in coming years In addition to broad theoretical and philosophical reflection the book includes discussions of the politics of reparations in specific countries and regions including the United States France Latin America Japan Canada and Rwanda The volume presents a nuanced historically grounded and critical perspective on the many campaigns for reparations currently afoot in a variety of contexts around the world All readers working or teaching in the fields of transitional justice the politics of memory and social movements will find this book a rich and provocative contribution to this complex debate **The Vision of Saint John XXIII** Randall S. Rosenberg, 2014 **The Universal Right to Education** Joel Spring, 2000-04 In this book Joel Spring offers a powerful and closely reasoned justification and definition for the universal right to education applicable to all cultures as provided for in Article 26 of the United Nations Universal Declaration of Human Rights One sixth of the world's population nearly 855 million people are functionally illiterate and 130 million children in developing countries are without access to basic education Spring argues that in our crowded global economy educational deprivation has dire consequences for human welfare Such deprivation diminishes political power Education is essential for providing citizens with the tools for resisting totalitarian and repressive governments and economic exploitation What is to be done The historically grounded highly original analysis and proposals Spring sets forth in this book go a long way toward answering this urgent question Spring first looks at the debates leading up to the Universal Declaration of Human Rights in 1948 to see how the various writers dealt with the issue of cultural

differences These discussions provide a framework for examining the problem of reconciling cultural differences with universal concepts He next expands on the issue of education and cultural differences by proposing a justification for education that is applicable to indigenous peoples and minority cultures and languages This justification is then applied to all people within the current global economy Acknowledging that the right to an education is inseparable from children s rights he uses the concept of a universal right to education to justify children s rights and in turn applies his definition of children s liberty rights to the concept of education His synthesis of cultural language and children s rights provides the basis for a universal justification and definition for the right to education which in the concluding chapters Spring uses to propose universal guidelines for human rights education and instruction in literacy numeracy cultural centeredness and moral economy

Post-Christian Interreligious Liberation Theology Hussam S. Timani,Loye Sekihata Ashton,2019-11-29 This book explores the ideals of liberation theology from the perspectives of major religious traditions including Islam Christianity Judaism Buddhism and the neo Vedanta and Advaita Hindu traditions The goal of this volume is not to explain the Christian liberation theology tradition and then assess whether the non Christian liberation theologies meet the Christian standards Rather authors use comparative interreligious methodologies to offer new insights on liberation theology and begin a dialogue on how to build interreligious liberation theologies The goal is to make liberation theology more inclusive of religious diversity beyond traditional Christian categories

The New Pluralism David

Campbell, Morton Schoolman, 2008-05-26 William Connolly one of the best known and most important political theorists writing today is a principal architect of the new pluralism In this volume leading thinkers in contemporary political theory and international relations provide a comprehensive investigation of the new pluralism Connolly's contributions to it and its influence on the fields of political theory and international relations Together they trace the evolution of Connolly's ideas illuminating his challenges to the old conventional pluralist theory that dominated American and British political science and sociology in the second half of the twentieth century The contributors show how Connolly has continually revised his ideas about pluralism to take into account radical changes in global politics incorporate new theories of cognition and reflect on the centrality of religion in political conflict They engage his arguments for an agonistic democracy in which all fundamentalisms become the objects of politicization so that differences are not just tolerated but are productive of debate and the creative source of a politics of becoming They also explore the implications of his work often challenging his views to widen the reach of even his most recently developed theories Connolly's new pluralism will provoke all citizens who refuse to subordinate their thinking to the regimes in which they reside to religious authorities tied to the state or to corporate interests tied to either The New Pluralism concludes with an interview with Connolly in which he reflects on the evolution of his ideas and expands on his current work Contributors Roland Bleiker Wendy Brown David Campbell William Connolly James Der Derian Thomas L Dumm Kathy E Ferguson Bonnie Honig George Kateb Morton Schoolman Michael J Shapiro Stephen K White *The Morality and Global Justice Reader* Michael Boylan, 2018-05-04 This cutting edge volume of original essays features a diverse international team of prominent scholars examining issues of morality and justice within a global perspective The chapters are grouped according to an integrative design that progresses from normative principles to normative theories to normative applications Applications chapters address current significant and provocative topics such as poverty and the global economy global health religion war and gender identity and family Distinguished philosopher and volume editor Michael Boylan provides a unifying introduction to each section In addition an abstract and list of key words provide readers with an informative entry into each reading An engaging resource for all students of philosophy and politics The Morality and Global Justice Reader not only offers an essential foundation of global justice and its policy implications but also aims to inspire readers to positive action for change **My Daily Constitution Vol. III** Richard J.
