**Indian English Literature      Apologetics in the New Age** David K. Clark,Norman L. Geisler,2004-06-21 Many books have successfully defended Christianity against Western rational skepticism Apologetics in the New Age represents the first serious attempt by evangelical philosophers to answer Eastern pantheism in general and the New Age movement in particular Teaming up with David Clark Norman Geisler one of evangelicalism s leading apologists probes the pantheistic worldview and its relationship to the New Age movement Pantheism the authors write constitutes the soil in which the movement grows The notion that every person participates in the divine has found fertile expression in contemporary American culture The American consciousness of the Eastern alternative has risen rapidly in the last few decades the authors remind us Christian apologists have been caught unaware For this reason we believe that Christian apologists must turn their attention in a new direction by developing new arguments for this New Age      Philosophy Human Life and Society Sanchita Bora,2018-01-01 This book is a compilation of articles related to three broad spheres We may consider Philosophy Human Life and Society as a triangle Perceptible thing is that different concepts and issues related to these three involve value perspectives The constitution of human nature and his mental faculties thinking feeling and willing make him competent to choose how best he can live The reflective capacity he is endowed with enables him to distinguish the right from the wrong But his freedom and creativity get ample manifestation within society only At the same time his crowning intelligence and imagination will flourish if it is guided by a healthy philosophical outlook      Searching for Life's Meaning Luo Xu,2002 Chronicles the changing worldviews of Chinese youth in the tumultuous decade leading up to the Tiananmen demonstrations      **Encyclopaedia of Eminent Thinkers** K.
