Hidden Meanings A Study Of The Founding Symbols Of Civilization:

The Science of the Dogon Laird Scranton, 2006-09-22 A look at the close resemblance between the creation and structure of matter in both Dogon mythology and modern science Reveals striking similarities between Dogon symbols and those used in both the Egyptian and Hebrew religions Demonstrates the parallels between Dogon mythical narratives and scientific concepts from atomic theory to quantum theory and string theory The Dogon people of Mali West Africa are famous for their unique art and advanced cosmology The Dogon's creation story describes how the one true god Amma created all the matter of the universe Interestingly the myths that depict his creative efforts bear a striking resemblance to the modern scientific definitions of matter beginning with the atom and continuing all the way to the vibrating threads of string theory Furthermore many of the Dogon words symbols and rituals used to describe the structure of matter are quite similar to those found in the myths of ancient Egypt and in the daily rituals of Judaism For example the modern scientific depiction of the informed universe as a black hole is identical to Amma s Egg of the Dogon and the Egyptian Benben Stone The Science of the Dogon offers a case by case comparison of Dogon descriptions and drawings to corresponding scientific definitions and diagrams from authors like Stephen Hawking and Brian Greene then extends this analysis to the counterparts of these symbols in both the ancient Egyptian and Hebrew religions What is ultimately revealed is the scientific basis for the language of the Egyptian hieroglyphs which was deliberately encoded to prevent the knowledge of these concepts from falling into the hands of all but the highest members of the Egyptian priesthood The Science of the Dogon also offers compelling new interpretations for many of the most familiar Egyptian symbols such as the pyramid and the scarab and presents new explanations for the origins of religiously charged words such as Jehovah and Satan Sacred Symbols of the Dogon Laird Scranton, 2007-10-12 Dogon cosmology provides a new Rosetta stone for reinterpreting Egyptian hieroglyphs Provides a new understanding of Egyptian hieroglyphs as scientific symbols based on Dogon cosmological drawings Use parallels between Dogon and Egyptian word meanings to identify relationships between Dogon myths and modern science In The Science of the Dogon Laird Scranton demonstrated that the cosmological structure described in the myths and drawings of the Dogon runs parallel to modern science atomic theory quantum theory and string theory their drawings often taking the same form as accurate scientific diagrams that relate to the formation of matter Scranton also pointed to the close resemblance between the keywords and component elements of Dogon cosmology and those of ancient Egypt and the implication that ancient cosmology may also be about actual science Sacred Symbols of the Dogon uses these parallels as the starting point for a new interpretation of the Egyptian hieroglyphic language By substituting Dogon cosmological drawings for equivalent glyph shapes in Egyptian words a new way of reading and interpreting the Egyptian hieroglyphs emerges Scranton shows how each hieroglyph constitutes an entire concept and that their meanings are scientific in nature Using the Dogon symbols as a Rosetta stone he reveals references within the ancient Egyptian language that define the full range of scientific components

of matter from massless waves to the completed atom even suggesting direct correlations to a fully realized unified field **Decoding Maori Cosmology** Laird Scranton, 2018-05-08 An exploration of New Zealand's Maori cosmology and how it relates to classic ancient symbolic traditions around the world Shows how Maori myths symbols cosmological concepts and words reflect symbolic elements found at G bekli Tepe in Turkey Demonstrates parallels between the Maori cosmological tradition and those of ancient Egypt China India Scotland and the Dogon of Mali in Africa Explores the pygmy tradition associated with Maori cosmology which shares elements of the Little People mythology of Ireland including matching mound structures and common folk traditions It is generally accepted that the Maori people arrived in New Zealand quite recently sometime after 1200 AD However new evidence suggests that their culture is most likely centuries older with roots that can be traced back to the archaic G bekli Tepe site in Turkey built around 10 000 BC Extending his global cosmology comparisons to New Zealand Laird Scranton shows how the same cosmological concepts and linguistic roots that began at G bekli Tepe are also evident in Maori culture and language These are the same elements that underlie Dogon ancient Egyptian and ancient Chinese cosmologies as well as the Sakti Cult of India a precursor to Vedic Buddhist and Hindu traditions and the Neolithic culture of Orkney Island in northern Scotland While the cultural and linguistic roots of the Maori are distinctly Polynesian the author shows how the cosmology in New Zealand was sheltered from outside influences and likely reflects ancient sources better than other Polynesian cultures In addition to shared creation concepts he details a multitude of strikingly similar word pronunciations and meanings shared by Maori language and the Dogon and Egyptian languages as well as likely connections to various Biblical terms and traditions He discusses the Maori use of standing stones to denote spiritual spaces and sanctuaries and how their esoteric mystery schools are housed in structures architecturally similar to those commonly found in Ireland He discusses the symbolism of the Seven Mythic Canoes of the Maori and uncovers symbolic aspects of the elephant headed Hindu god Ganesha in Maori cosmology The author also explores the outwardly similar pygmy traditions of Ireland and New Zealand characterized by matching fairy mound constructions and mythic references in both regions He reveals how the trail of a group of Little People who vanished from Orkney Island in ancient times might be traced first to Scotland Ireland and England and then on to New Zealand accompanied by signature elements of the global cosmology first seen at Gobekli Tepe Pyramid Quest Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious

terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aguinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins The Necronomicon Brian Smith, The Necronomicon is a comprehensive exploration of the infamous as civilized beings occult text and its profound impact on mythology culture and the occult community This book delves into the origins of the Necronomicon tracing its mythical and legendary roots It examines the symbolism rituals and practices associated with occult knowledge shedding light on the dark arts and forbidden practices Readers will also discover the Necronomicon s influence on popular culture from literature to media and unveil the hidden truths behind misconceptions. The book explores the enigmatic guardians of the Necronomicon cults and organizations that seek forbidden knowledge Furthermore this book guides readers through otherworldly realms dimensions and supernatural experiences emphasizing the Necronomicon s impact on occult practices such as alchemy necromancy and interactions with deities and demons Unveiling personal transformation and enlightenment the Necronomicon reveals the power within individuals to harness energy transcend the physical world and seek enlightenment It explores different versions and translations of the text practical applications ethical considerations and the journey towards unlocking esoteric wisdom While attracting like minded individuals in the occult community this book provides support and guidance for readers seeking to connect and share experiences Overall The Necronomicon is an enlightening and provocative exploration of the occult empowering readers to embrace forbidden knowledge and break the chains of ignorance American Book Publishing Record ,2006 2020 The Beginning of THE END Ernest Giro, 2020 Have you ever wondered how many things are coming upon us in this NEW YEAR 2020 Or perhaps you have wanted to know which SPECIAL events will take place this year and what kind of NATURAL disasters will occur and continue to occur There is so much SPECULATION out there RIGHT So many conjectures and IDEAS of what may HAPPEN and take place in this 2020 This INCREDIBLE year of 2020 will usher in THE BEGINNING OF THE END It seems that beginning this year we are going to see and experience more natural disasters FAMINE epidemics and viruses and WORLD WAR God called me to be a WATCHMAN and to sound the ALARM It is He who has Declared the END from the Beginning Isaiah 46 10 And so it is the sole purpose and intent of this book to SHOW YOU and to REVEAL and DISCLOSE to YOU THE PROPHETIC EVENTS THAT WILL TAKE PLACE SOON **Shadows of the Unseen** Pasquale De Marco, 2025-07-11 Embark on an enthralling journey into the realm of the supernatural where the unseen forces of the universe come to light Shadows of the Unseen unveils the hidden truths that lie beneath the surface of our everyday
