Single Harness© Millard Avon Gregory, 2014-04-04 Single Harness Synopsis First one

went down smoothway too smooth and before I could say that I'll do it Michael had already done it again for us all And then Marlboro and DR swiveled around and asked me to stand for the Presentation I said what presentation and even Michael asked me to stand for the Presentation So I stood up and Michael pretty much came to attention behind the bar as he'd been in on it from earlier that day Marlboro pulled out a piece of Delta Airlines stationery on which he'd printed block letters by scratching the lines over and over DR placed a paper bag on the bar and Marlboro read from the sheet It is with the highest honor that we hereby present The Inaugural General Spicer Medal For SOA wwwhbddwmg With that DR pulled a 10 Buck Knife in its leather sheath from the bag and they both presented it to me The certificate is long gone but the Buck Knife has been with me for 35 years or so and is in my briefcase as I'm writing this It is and always has been since that evening at the Bahamian the most valuable thing I own And in case you haven't figured it out SOA stood for Saving Our Ass and the letters below meant wherein we would have been dead ducks without Millard Gregory I'd had the opportunity a few weeks before and luckily it had gone OK Those Angels again Getting to that evening on Key Biscayne was impossible for a kid from rural southern Indiana except it happened It began at 6 years old in a giant State Park managed by my Granddad to Scouting to sports to college to being paid to skydive to volunteering for the Army in 66 after my Junior year And then those Angels took over Purely by the luck of the draw I met a Master Sergeant and a Captain involved in recruiting 18 men for intensive training aimed at Special Missions and after spending most of 2 days with them they invited me to consider a different path Along the way cherry bombs rolled down the aisle of a beatnik joint a boulder was placed in the top of a tree indelible impression was made by both Spud and Squid Marlow and a 63 Wheeler motor yacht was kept together by the worms holding hands And after all the training and the formation of our Teams and a good number of Missions we learned how if you were so inclined to turn a Dove into a Hawk Show them pictures of what we saw being done in rooms where screams could not be heard and in rooms where those in power wanted the screams to be heard by others for effect all around the globe They'll get it I've seen it happen and they'll never really sleep again Ever have the rain end exactly half way back your motorcoach Or watch a home slide into the Pacific for what seemed to be a good reason in those days Or break a Team Member out of a jail in Piedras Negras No How about having that same Team Member save your life in a dirt alley bar a year or 2 later Then you may not have learned to ignore most any injury until you get back to secure care You might not even have had to set your own arm with a rope and a tree and then complete a Mission If it all sounds dramatic it wasn't It was just what we did to have some fun and to keep going back The focus for 24 years was simply the next Mission and there was always a next one After hiking so many nights off of the Blue Ridge Parkway in the Grandfather Mountain area and spending February weeks up in the Beartooth Wilderness with a horse and a pack horse and logging 182 jumps with 114 of them at night the toughest thing I've done is to be the last of our 18 alive Good news is that there's a Plan no grey rooms no tubes and 24 hour beeps but instead a fast trip to the Yellowstone Country and a horse that will find his way back to the barn A cat caused me

to write *Single Harness* to surprise my Colonel with some of what we did between Missions it didn't surprise him and it is dedicated to the 17 and to all who have served. The complete title is *Single Harness Your neighbors memoir* you just never know and we really don't. We see people as they are when we meet them and if they are in their 60s or 70s or 80s we can easily miss what they did at an earlier time. They may have proved the same thing as *Single Harness* themselves that anything is possible. Reviews: Not too many generations ago Americans knew what single harness meant. It referred to an animal usually a horse being of strength and temperament to function alone. The term was also applied to people and it referred to character. Being of skill, strength, and character sufficient to function alone, what a concept. But this ability is far the more unusual when there is risk to life and limb. And in the author's life there was grave risk. I have the true honor of knowing the author. A man of character. Of strength. Of intelligence. Of humor. A hero. In *Single Harness* Dr. Adkins, Internist, I am fortunate to be a long time friend of this author. I know his sense of honor, his bravery, and his fearless character. *Single Harness* is a wonderfully entertaining account of his not uneventful life. It is also the amazing story of what happened after he answered his Country's call. Thanks to a courageous man for finally telling his story. It is a beautifully written and exciting account of what can be and at times must be accomplished by brave men even when doing so is difficult and their lives are on the line. P. Lach, Legal Management.

Spilled Milk Holly Goldstein, 2007-04. A cathartic journal which evolves into a highly personal self-help book for those who still live in the shadow of an abusive past. [Attachment, Play, and Authenticity](#) Steven Tuber, 2008-02-08. Attachment Play and Authenticity is an integration of the major conceptual elements of Winnicott's theorizing on the developmental process with the uniquely inventive and evocative nature of his work as a child and adult psychoanalyst. More than 25 of his most important theoretical and clinical works are closely analyzed and presented so that the enormous breadth of his clinical and theoretical contributions to child and adult psychology and psychotherapy can be demonstrated.
