Finding Faith:

Finding Faith Brian D. McLaren, 2000-06-27 Is there a God What might God be like What is the relationship between faith and certainty Can intelligent people believe in spiritual realities Why are there so many religions Is it possible to experience a relationship with God and if so how If you've asked questions like these you're in good company From songwriters such as Bob Dylan and Jewel Kilcher to TV shows such as The X Files and Touched by an Angel the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life Real faith isn't blind believism It is a process that engages your intellect as well as your emotions If you think faith requires turning your back on truth and intellectual honesty then Finding Faith is one book you really ought to read With logic passion and even handedness that the thinking person will appreciate this book helps you face your obstacles to faith by focusing not on what to believe but on how to believe Whether you want to strengthen the faith you have renew the faith you lost or discover faith for the first time Finding Faith can coach inspire encourage and guide you and help you discover more in life than you'd ever imagined or hoped for

Finding Faith Sharon Gallagher, 2001 As the media portrays it modern Americans live their lives as though God were not part of the picture Yet according to polls two out of five Americans attend church weekly and even more profess belief in God Sharon Gallagher turns her focus on those people who are moving in and out of church attendance telling the stories of the people who in ways both expected and unexpected have come to faith and are willing to talk about their doubts and joys and in doing so shows us how God continues to work in the lives of people today

Finding Faith Today Bryan P. Stone, 2018-10-31 How do persons come to faith in our time Are they active seekers or brought in by others Is it a journey Or is it a more sudden conversion Are spouses relatives and friends most important to the process Do clergy matter What sorts of values practices and lifestyles tend to change for those who newly come to faith What are the differences among the various religious traditions in how one comes to faith This book presents the findings of a multi year study on how people come to faith in the US context It involves about 1 800 persons who recently made a new profession of faith or some other public commitment across various religious traditions in the US An initial study was conducted twenty five years ago on Christian populations in England by Bishop John Finney but surprisingly little research has been done since then Finding Faith Today is an expansion and follow up of that study The book sheds new light on how people come to faith and what sort of spiritual practical and social changes accompany that The book will be a help to those seeking to open up their communities of faith to others with hospitality and integrity

Finding Faith---A Search for What Makes Sense Brian D. McLaren, 2009-07-13 Does having faith mean abandoning reason It's easy to get that impression Still it seems reasonable that a supremely intelligent God would want you to use your God given intellect on your spiritual journey as much as in any other aspect of your life Faith may not stand on rational thinking alone but a solid faith should walk hand in hand with intellectual integrity Does it really matter what I believe What is the relationship between faith and knowledge Why are there

so many religions Do all paths lead to the same God This book helps you sort through the questions objections and concerns you can't help but raise A Search for What Makes Sense will help you think your way clearly and honestly to answers that satisfy because they're your answers conclusions you've arrived at personally without manipulation coercion or game playing For faith to exist and grow it's got to make sense good sense carefully thought out sense And chances are it does FINDING FAITH The Finding Faith books A Search for What Makes Sense and A Search for What Is Real don't try to tell you what to believe they are guides in learning how to believe If you think the spiritual journey requires turning your back on honesty and intellectual integrity these two companion volumes will speak to both your mind and your soul **Finding Faith in Foreign**

Policy Gregorio Bettiza, 2019-06-04 Since the end of the Cold War religion has become an ever more explicit and systematic focus of US foreign policy across multiple domains US foreign policymakers for instance have been increasingly tasked with monitoring religious freedom and promoting it globally delivering humanitarian and development aid abroad by drawing on faith based organizations fighting global terrorism by seeking to reform Muslim societies and Islamic theologies and advancing American interests and values more broadly worldwide by engaging with religious actors and dynamics Simply put religion has become a major subject and object of American foreign policy in ways that were unimaginable just a few decades ago In Finding Faith in Foreign Policy Gregorio Bettiza explains the causes and consequences of this shift by developing an original theoretical framework and drawing upon extensive empirical research and interviews He argues that American foreign policy and religious forces have become ever more inextricably entangled in an age witnessing a global resurgence of religion and the emergence of a postsecular world society He further shows how the boundaries between faith and state have been redefined through processes of desecularization in the context of American foreign policy leading the most powerful state in the international system to intervene and reshape in increasingly sustained ways sacred and secular landscapes around the globe Drawing from a rich evidentiary base spanning twenty five years Finding Faith in Foreign Policy details how a wave of religious enthusiasm has transformed not just American foreign policy but the entire international system

Finding Faith in the Face of Doubt Joseph S. Willis, 2014-04-01 Many Americans say they are uncertain about their religious beliefs although they continue to attend Christian and other churches Interdenominational minister Willis presents this beautifully written book to help questioners maintain their integrity while relating to the vast Mystery that informs the universe beyond all understanding We know we don't know Willis says and yet we all even atheists must stand on assumptions that help us lead good lives To explore these assumptions he discusses different ways of thinking about God scientific and mythical views the sources of good and evil and the need for both freedom and commitment He assures us we can all think reasonably about Ultimate Reality and find a faith that fits The book grew from theology classes Willis taught in Unitarian churches and universities and from conversations with discontented members of other discussion groups His clear and engaging prose is full of lively exchanges with his students Frequent references to the best contemporary theologians

Bishop Spong for example and to philosophers physicists mythologists and Bible experts provide an inspiring resource for those who long to resolve the conflict between faith and reason doubt and belief *Finding Faith* Niki Hershey Knisley, 2019-10-02 Faith Brooks prodigal daughter has returned attempting to put the past year of rebellion behind her Remarkably she's been restored into the loving arms of her family and her old life But past decisions have consequences she is now a mere shell of herself pregnant penniless and heartbroken Choosing her baby's life over Gabe who she thought was her soulmate was the right thing to do yet she cannot easily relinquish her love for him Faith must decide whether to raise her daughter or give her up while struggling to move on without Gabe And what is her true calling now that the hope of a musical career has also been sacrificed She may have crossed the bridge to get back on the right path but she can't help looking back and wondering if Gabe will ever be part of her life again And if the daughter they created will ever know her father Finding Faith the second in the Faith Brooks Series is a story of overcoming Faith proves what the love of family friends and especially God can do for one who feels hopeless and defeated It is inspirational thought provoking and evidence of the power of a faith based life Chasing Proof, Finding Faith Tom Rudelius, 2023-08 He had science and an Ivy League pedigree why did he need God Immersed in his physics studies at Cornell Tom Rudelius never thought much about God until his brother a new convert to Christianity challenged him to explore faith To placate his twin he reluctantly began exploring the Bible and the life of Jesus Seeking proof of God's existence he found himself in a world of uncertainty faced with plenty of reasons for both faith and doubt In Chasing Proof Finding Faith Tom now a rising young theoretical physicist traces his journey to unexpected faith through subsequent doubt and anxiety and ultimately to a firmer life transforming allegiance to Jesus Along the way he explores some of the issues he wrestled with including Creation and cosmic origins The problem of evil and suffering The compatibility of miracles with science and the plausibility of Jesus resurrection The reliability of the Bible While Tom never found absolute proof of God or Christianity he ultimately concluded that the existing evidence for both is compelling and compatible with science His searingly honest story is a potent guide for those doubting or exploring faith Finding Faith---A Search for What Is Real Brian D. McLaren, 2009-07-13 There have been times when you've felt that if there isn't a God there ought to be Swept up in the mystery of the night sky you've felt the closeness of its designer Nature's extravagant diversity unfolding in living color has made you long to know the artist who dreamed it all up Imagine what that might be like to actually know God in a way that fills your heart and whispers tremendous value and purpose to something deep within you But how can you experience a being you're not even sure exists Religious jargon and games can't satisfy such a longing It's got to be real or nothing at all A Search for What Is Real helps you sort through the questions objections and concerns that arise when you consider God not as some theological abstraction but as someone you can actually connect with and want to connect with perhaps more than you know FINDING FAITH The Finding Faith books A Search for What Makes Sense and A Search for What Is Real don't try to tell you what to believe they are guides in learning how to believe If

you think the spiritual journey requires turning your back on honesty and intellectual integrity these two companion volumes will speak to both your mind and your soul Finding Our Way Again Brian D. McLaren, 2008-05-04 Shines a practical light on the spiritual disciplines that have been in use since the time of Abraham In a sense every day of our lives is labor It is questionable if you can ever be exactly the same person waking up on two consecutive days How are spiritual sojourners to cope with the constant change Many are beginning to explore the ancient Christian spiritual practices that have been in use for centuries everything from fixed hour prayer to fasting to sincere observance of the Sabbath What is causing this hunger for deeper spirituality Brian McLaren guides us on this quest for an explanation of these spiritual practices many of which go all the way back to Abraham and the establishment of Israel In the midst of contemporary Christianity we discover the beauty of these ancient disciplines and the transformation through Christ that each can provide Why have certain spiritual disciplines been in use for centuries and why is it important It is questionable if one can ever be exactly the same person waking up on two consecutive days How are spiritual sojourners to cope with the constant change Many are beginning to explore the ancient Christian spiritual practices such as fixed hour prayer fasting and sincere observance of the Sabbath What is causing this hunger for deeper spirituality Brian McLaren guides us on this quest for an explanation of these spiritual practices many of which go all the way back to Abraham and the establishment of Israel In the midst of contemporary Christianity we discover the beauty of these disciplines and the transformation through Christ that each can provide

Personality and Personal Growth Allan Wagner, 2012-03-03 Do you ever feel as though your life simply isn't going the way you would like Are there issues in your life that are holding you back While many people would love to be happier and more mentally healthy they simply don't know how to achieve the broad picture Everything you need to know about personal growth is included in this special report how to achieve personal growth through education how to feel good even if you are away from home how to find personal growth through exercise how to deal with loss how to deal with growth and death how to use seminars for personal growth and much much more *To Teach the Truth* Schubert M. Ogden, 2015-03-31 But will it teach The only good answer to this question often asked about a Christian theology is to teach it which is to say to teach according to it to what it indicates reflectively and critically valid Christian teaching ought to be This volume of selected courses and seminars documents a career long attempt to do exactly that Concerned at once to be faithful to the Christian witness and to speak intelligibly and credibly to women and men here and now it represents the way of doing church teaching and so clarifying the meaning of the Christian commitment that is of a piece with the distinctive way of doing Christian theology set forth and argued for in Schubert Ogden's other books and articles This is why the courses and seminars seek to address the real questions of persons about being a Christian today and include extended treatment of such basic issues as the authority of Scripture and the credibility of the Apostles Creed It is also why each of them in its way indirectly calls for a Christian decision Thus together with its companion volume *To Preach the Truth* this book offers a
