Finding My Balance A Memoir:

Finding My Balance Mariel Hemingway, 2003-01-30 Actress Mariel Hemingway uses the lessons and practices of yoga as a starting point for her own personal reflections and a larger than life family story The result is a searingly honest memoir that is firmly practical as well as a moving narrative of the author's struggle to deal with a complex and often stressful life Mariel was the third daughter born to Jack Hemingway Ernest Hemingway's son and Byra Whittlesey Her older sister Muffet suffered for years from instability while middle sister Margaux a celebrated actress and model who was caught up in the fast lane eventually died of the effects of her driven lifestyle Their mother Byra was darkly moody and emotionally quixotic and made no secret of her disdain for her husband while Jack himself insecure in no small part because of his celebrated father a man he never really felt he knew was an indifferent parent at best Even before she was a teenager Mariel was forced to assume the role of stable center of her family In just about every way she never really had a childhood of her own a situation that was exacerbated by her sudden thrust into celebrity when she was first cast in sister Margaux's film Lipstick then in Woody Allen's Manhattan Suddenly Mariel was a movie star Always an athletic person Mariel turned to yoga and its meditative practice in an effort to maintain her center while much of her life threatened to spin out of control As the title of this remarkable memoir suggests much of her adult life has been directed toward finding and maintaining her balance in situations that have been heartbreakingly unsettling and emotionally disorienting Throughout the book Mariel uses her yoga training as a starting point for each chapter carefully describing a particular position then letting her mind wander into thoughts of the past and her rocky life As each chapter begins with instruction so does the book end in the same way the exercises this time organized in a sequence that can be followed by anyone who wants to practice them Included are photos of Mariel as she performs the various moves Living the life now of wife and mother to two teenaged daughters while still pursuing a career in film Mariel Hemingway has weathered some of the worst storms that life can bring Certainly she has found her balance And in this deeply inspiring thoroughly fascinating memoir she shares for the first time the story of that journey

Finding My Balance Mariel Hemingway, 2004-07 Stardom thanks to Woody Allen and his film Manhattan came at an early age but so did the problems of a broken and dysfunctional family Yet in a life so out of kilter Mariel Hemingway summoned the strength and inner resolve that enabled her to find and to keep her balance In Finding My Balance actress Mariel Hemingway uses the lessons and practices of yoga as a starting point for her own personal reflections and larger than life family story The result is a searingly honest memoir that is as deeply moving as it is helpfully prescriptive Mariel turned to yoga and its meditative practice in an effort to maintain her center when her life threatened to spin out of control Having experienced family tragedy sudden stardom and the continuing challenges of a full and demanding life Mariel learned through practice how to find her balance in emotionally disorienting situations Throughout the book Mariel uses her yoga training as a starting point for each chapter carefully describing a particular position then letting her mind wander into

thoughts of the past and of her tumultuous life As each chapter begins with instruction so does the book end with exercises organized in a sequence that can be followed by anyone who wants to practice them As a special bonus for this edition Mariel has added a section that describes the basics of her own In Balance Philosophy calming words of advice for people in search of their own emotional center **Yoga Journal** ,2003-05 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty *The Journey from the Center to the Page* Jeff Davis,2008-04-01 Jeff Davis artfully illustrates how yoga philosophies and practices can be an invaluable ally to the writing life **The It Girls** Caroline Young,2025-03-18 The first book to explore the history of the It girl across the centuries Nell Gwyn and Clara Bow Marilyn Monroe and Edie Sedgwick Jean Seberg and Margaux Hemingway Paris Hilton and Kim Kardashian These names all conjure up images of glamor and celebrity as well as the toxic side of fame They are the faces of their generation the ones we can't look away from and the ones who inevitably self destruct In *The It Girls* Glamor Celebrity and Scandal Caroline Young delves into the history and lives of these explosive trend setting women From seventeenth century London to twenty first century Seoul Young tells the fascinating oftentimes tragic stories of the women who have been celebrated for their looks and scandalized for their actions in equal measure She explores how the It girls defined and set new standards of beauty including the red haired muses of the Pre Raphaelite artists the World War II pin up the crop haired icons of the sixties and the cosmetically enhanced social media darlings of today and how no matter the era the treatment of these It girls is universal While they are lauded and emulated they are also scrutinized and criticized The stories of the It girls are laced with childhood trauma misogyny gaslighting and exploitation revealing that fame and adoration don't always equate to happiness *The It Girls* is a captivating examination of women's history offering a reevaluation of how women have been celebrated and objectified over the centuries **Yoga** Daren Callahan,2015-01-28 Millions of people practice some form of yoga but they often do so without a clear understanding of its history traditions and purposes This comprehensive bibliography designed to assist researchers practitioners and general readers in navigating the extensive yoga literature lists and comments upon English language yoga texts published since 1981 It includes entries for more than 2 400 scholarly as well as popular works manuals original Sanskrit source text translations conference proceedings doctoral dissertations and master's theses Entries are arranged alphabetically by author for easy access while thorough author title and subject indexes will help readers find books of interest **Artful Grief** Sharon Strouse,2013-02 *Artful Grief* is a decade long study of loss by an art therapist in the aftermath of her daughter's suicide On October 11 2001 Sharon received a phone call in the middle of the night from the New York City Police Department telling her that her seventeen year old daughter Kristin had fallen from the roof of her college dormitory So

George Abbott and Jerome Robbins on his work It examines how each of the important women in his adult life all dancers impacted his career and influenced his dance aesthetic Finally the book investigates how his evolution as both artist and individual mirrored the social and political climate of his era and allowed him to comfortably ride a wave of cultural changes
