Literature and Revolution [First Edition] Leon Trotsky,2018-02-27 Literature and Revolution written by the founder and commander of the Red Army Leon Trotsky in 1924 and first published in 1925 represents a compilation of essays that Trotsky drafted during the summers of 1922 and 1923 This book is a classic work of literary criticism from the Marxist standpoint By discussing the various literary trends that were around in Russia between the revolutions of 1905 and 1917 Trotsky analyses the concrete forces in society both progressive as well as reactionary that helped shape the consciousness of writers at the time In the book Trotsky also explains that since the dawn of civilisation art had always borne the stamp of the ruling class and was primarily a vehicle that expressed its tastes and its sensibilities It is difficult to predict the extent of self government which the man of the future may reach or the heights to which he may carry his technique Social construction and psycho physical self education will become two aspects of one and the same process All the arts literature drama painting music and architecture will lend this process beautiful form More correctly the shell in which the cultural construction and self education of Communist man will be enclosed will develop all the vital elements of contemporary art to the highest point Man will become immeasurably stronger wiser and subtler his body will become more harmonized his movements more rhythmic his voice more musical The forms of life will become dynamically dramatic The average human type will rise to the heights of an Aristotle a Goethe or a Marx And above this ridge new peaks will rise Leon Trotsky *British Books* ,1908 *The Bookseller* ,1886 *The Publishers' Circular and Booksellers' Record* ,1925 *Catalogues* Bernard Quaritch (Firm),1969 *Antiquarian Bookman* ,1956 *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1908 American Fiction, 1901-1925 Geoffrey D.
