Finite And Infinite Goods A Framework For Ethics:

Finite and Infinite Goods Robert Merrihew Adams, 1999-07-29 Renowned scholar Robert Adams explores the relation between religion and ethics through a comprehensive philosophical account of a theistically based framework for ethics Adams framework begins with the good rather than the right and with excellence rather than usefulness He argues that loving the excellent of which adoring God is a clear example is the most fundamental aspect of a life well lived Developing his original and detailed theory Adams contends that devotion the sacred grace martyrdom worship vocation faith and other concepts drawn from religious ethics have been sorely overlooked in moral philosophy and can enrich the texture of ethical thought

Finite and Infinite Goods: A Framework for Ethics Robert Merrihew Adams, 1999-07-29 Renowned scholar Robert Adams explores the relation between religion and ethics through a comprehensive philosophical account of a theistically based framework for ethics Adams framework begins with the good rather than the right and with excellence rather than usefulness He argues that loving the excellent of which adoring God is a clear example is the most fundamental aspect of a life well lived Developing his original and detailed theory Adams contends that devotion the sacred grace martyrdom worship vocation faith and other concepts drawn from religious ethics have been sorely overlooked in moral philosophy and can enrich the texture of ethical thought

Finite and Infinite Goods Robert Merrihew Adams, 1999 Robert Adams gives a comprehensive philosophical account of a theistically based framework for ethics He draws on over 20 years of his published work to create this overarching framework which is based upon the idea of a transcendent infinite good which is God and its relation to the many finite examples of good in our experience

Aqedah Jean-Pierre Fortin, Heiko Schulz, 2025-01-27 The Aqedah i e the story of the binding of Isaac by Abraham is a core text in all three Abrahamic religions and has been widely discussed in Judaism Christianity and Islam for centuries It still represents an intellectual moral and spiritual challenge for anyone who claims to be able to link morality and faith in God in a reasonably comprehensible way The contributions in this anthology address this challenge from philosophical theological and literary perspectives by considering exemplary problems epochs and authors pertaining to all three Abrahamic religions The first part contains seven contributions exploring the epistemic and or philosophical dimensions of the Aqedah The second part contains nine essays on the history of the interpretation of the Aqedah from Israelite Jewish Christian and Islamic perspectives The three texts in the third and final part discuss narratological issues and reflections of the problem within modern Hebrew literature The volume complements and expands the existing scholarship on the subject above all through its consistently interreligious approach and the inclusion of current philosophical and literary sources and debates

The Routledge Companion to Theism Charles Taliaferro, Victoria S. Harrison, Stewart Goetz, 2013 There are deep and pervasive disagreements today in universities and colleges and popular culture in general over the credibility and value of belief in God This has given rise to an urgent need for a balanced comprehensive accessible resource book that can inform the public and scholarly debate over theism

While scholars with as diverse interests as Daniel Dennett Terry Eagleton Richard Dawkins Jrgen Habermas and Rowan Williams have recently contributed books to this debate theism as a concept remains poorly understood and requires a more thorough and systematic analysis than it has so far received in any single volume The Routledge Companion to Theism addresses this need by investigating theism s history as well as its relationship to inquiry in the sciences social sciences and humanities and to its wider cultural contexts The contents are not confined within the philosophy of religion or even within the more expansive borders of philosophy Rather The Routledge Companion to Theism investigates its subject through the lens of a wide variety of disciplines and explores the ramifications of theism considered as a way of life as well as an intellectual conviction The five parts of the volume indicate its inclusive scope I What is Theism II Theism and Inquiry III Theism and the Socio Political Realm IV Theism and Culture V Theism as a Way of Life The result is a well ordered and thorough collection that should provide a wide spectrum of readers with a better understanding of a subject that s much discussed but frequently misunderstood As the editors note in their Introduction while stimulating and informing the contemporary debate a key aim of the volume is to open new avenues of inquiry into theism and thereby to encourage further research into this vital topic Comprised of 54 essays by leading scholars in philosophy history theology religious studies political science education and sociology The Routledge Companion to Theism promises to be the most useful comprehensive resource on an emerging subject of interest for students and scholars *Justice in Love* Nicholas Wolterstorff,2015-05-15

Living Accountably C. Stephen Evans,2022-11-21 In contemporary culture accountability is usually understood in terms of holding people who have done something wrong accountable for their actions As such it is virtually synonymous with punishing someone Living Accountably argues that accountability should also be understood as a significant forward looking virtue an excellence possessed by those who willingly embrace being accountable to those who have proper standing when that standing is exercised appropriately Those who have this virtue are people who strive to live accountably The book gives a fine grained description of the virtue and how it is exercised including an account of the motivational profile of the one who has the virtue It examines the relation of accountability to other virtues such as honesty and humility as well as opposing vices such as self deception arrogance and servility Though the virtue of accountability is compatible with individual autonomy recognizing the importance of the virtue does justice to the social character of human persons C Stephen Evans also explores the history of this virtue in other cultures and historical eras providing evidence that the virtue is widely recognized even if it is somewhat eclipsed in modern western societies Accountability is also a virtue that connects ethical life with religious life for many people since it is common for people to have a sense that they are accountable in a global way for how they live their lives Living Accountably explores the question as to whether global accountability can be understood in a purely secular way as accountability to other humans or whether it must be understood as accountability to God or some other transcendent reality Metaphysics and the Good Samuel Newlands,Larry M. Jorgensen,2009-01-08 Throughout his

philosophical career at Michigan UCLA Yale and Oxford Robert Merrihew Adams's wide ranging contributions have deeply shaped the structure of debates in metaphysics philosophy of religion history of philosophy and ethics *Metaphysics and the Good* Themes from the Philosophy of Robert Merrihew Adams provides for the first time a collection of original essays by leading philosophers dedicated to exploring many of the facets of Adams's thought a philosophical outlook that combines Christian theism neo Platonism moral realism metaphysical idealism and a commitment to both historical sensitivity and rigorous analytic engagement Tied together by their aim of exploring expanding and experimenting with Adams's views these eleven essays are coupled with an intellectual autobiography by Adams himself that was commissioned especially for this volume As the introduction to the volume explains the purpose of *Metaphysics and the Good* is to explore Adams's work in the very manner that he prescribes for understanding the ideas of others By experimenting with Adams's conclusions pulling a string here to see what moves over there so to speak as Adams puts it our authors throw into greater relief what makes Adams such an original and stimulating philosopher In doing so these essays contribute not only to the exploration of Adams's continuing interests but they also advance original and important philosophical insights of their own *God Is Great, God Is Good* William Lane Craig, Chad Meister, 2010-08-24 In this magisterial collection the contemporary complaints against belief in God are addressed with intellectual passion and rigor by some of the most astute theological and philosophical minds of the day Including an interview by Gary Habermas with noted convert to theism Antony Flew and a direct critical response to Richard Dawkins's *God Delusion* by Alvin Plantinga *God Is Great God Is Good* offers convincing and compelling reassurance that though the world has changed God has not Christian Ethics and Commonsense Morality Kevin Jung, 2014-11-27 *Christian Ethics and Commonsense Morality* goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge In Defense of the Bible Steven B. Cowan, Terry L. Wilder, 2018-11-26 *In Defense of the Bible* gathers exceptional articles by accomplished scholars Paul Copan William A Dembski Mary Jo Sharp Darrell L Bock etc addressing and responding to all of the major contemporary challenges to the divine inspiration and authority of

Scripture *A Personal God and a Good World* David J. Baggett, Ronnie P. Campbell, 2024-11-15 How people understand God has significant implications for their worldview Unlike traditional apologetic approaches that seek to establish God's existence through purely abductive reasoning *A Personal God and A Good World* adopts a more nuanced approach delving into the intricacies of modified classical theism a form of theism that emphasizes God's personal nature Ronnie Campbell and David Baggett a philosopher and a theologian seamlessly blend their expertise to present a comprehensive and engaging examination of this theological framework The book is structured into three distinct parts intended to unravel the complexities of theistic personalism and its implications for morality Part One provides a comprehensive defense of Anselmian theism and its alignment with the concept of moral truths Part Two delves deeper into modified classical theism defending its validity and highlighting its strengths Finally Part Three showcases the relevance of the Triune God of Christian theism in illuminating the moral landscape of our universe Through a series of compelling arguments the authors demonstrate how the Christian understanding of God provides a profound and meaningful explanation for the existence of moral truths and values *A Personal God and A Good World* is an invaluable resource for anyone seeking a deeper understanding of the connection between the Christian view of God and morality Through its rigorous philosophical and theological analysis the book challenges readers to reexamine their own beliefs and consider the profound implications of God's existence in shaping a moral and just world **New Researches New Ideas on Social Sciences** Eyup Saritas, 2017-06-21 Edited by the Assoc Prof Dr Eyp Saritas this book contains results of most recent scientific studies by nineteen academicians from Turkey China and Korea Even though majority of chapters were written by Turkish academicians the research subject analyses issues from different parts of the world Chapters were substantially written by young academicians which adds to dynamism of the book Having profound professional experience on their field of interest the Turkish writers have applied an extensive perspective beyond the national borders as much as possible so that the reader finds results of global academic studies such as the Egyptian literature Balkan history Byzantium history and Western philosophy and thinking that go beyond boundaries of Turkey **From Babel to AI** Dawn Lewis Sutherland, 2025-03-21 *From Babel to AI* Idolatry Transhumanism and the Crisis of Imago Dei confronts the profound questions of human identity and purpose in an age dominated by technological innovation Drawing from biblical narratives like the Tower of Babel this thought provoking work explores how artificial intelligence transhumanism and other modern advancements echo ancient struggles with idolatry and hubris At its core this book calls readers to rediscover the doctrine of the imago Dei the belief that humanity is created in the image of God as the foundation for addressing the ethical and theological challenges of our time Through compelling analysis and case studies it unpacks the dangers of dehumanizing technologies and offers a robust theological framework for engaging them while safeguarding human dignity and relationality Whether readers are a scholar church leader or thoughtful believer wrestling with the implications of AI and transhumanism *From Babel to AI* will inspire

all to think deeply act faithfully and reclaim humanity's divine purpose in a rapidly changing world Natural Law and Evangelical Political Thought Jesse Covington, Bryan T. McGraw, Micah Watson, 2012-11-16 Natural law has long been a cornerstone of Christian political thought providing moral norms that ground law in a shareable account of human goods and obligations Despite this history twentieth and twenty first century evangelicals have proved quite reticent to embrace natural law casting it as a relic of scholastic Roman Catholicism that underestimates the import of scripture and the division between Christians and non Christians As recent critics have noted this reluctance has posed significant problems for the coherence and completeness of evangelical political reflections Responding to evangelically minded thinkers increasing calls for a re engagement with natural law this volume explores the problems and prospects attending evangelical rapprochement with natural law Many of the chapters are optimistic about an evangelical re appropriation of natural law but note ways in which evangelical commitments might lend distinctive shape to this engagement *Karl Barth's Moral Thought* Gerald McKenny, 2021 Gerald McKenny follows Barth's efforts to present God's grace as a moral norm in his treatments of divine commands moral reasoning responsibility and agency Pragmatism and the Philosophy of Religion Michael R. Slater, 2014-08-14 Michael R Slater argues for the contemporary relevance of pragmatist views in the philosophy of religion Political Affections Joshua Hordern, 2013 A theological treatment of the role of affections such as joy compassion and shame in contemporary politics Hordern discusses what affections are and how they play a role in parts of political life such as representation and law He shows that affections have an intelligent role to play in fostering loyalty trust and public moral reasoning A Theory of Virtue Robert Merrihew Adams, 2008-10-23 The distinguished philosopher Robert M Adams presents a major work on virtue which is once again a central topic in ethical thought A Theory of Virtue is a systematic comprehensive framework for thinking about the moral evaluation of character Many recent attempts to stake out a place in moral philosophy for this concern define virtue in terms of its benefits for the virtuous person or for human society more generally In Part One of this book Adams presents and defends a conception of virtue as intrinsic excellence of character worth prizing for its own sake and not only for its benefits In the other two parts he addresses two challenges to the ancient idea of excellence of character One challenge arises from the importance of altruism in modern ethical thought and the question of what altruism has to do with intrinsic excellence Part Two argues that altruistic benevolence does indeed have a crucial place in excellence of character but that moral virtue should also be expected to involve excellence in being for other goods besides the well being and the rights of other persons It explores relations among cultural goods personal relationships one's own good and the good of others as objects of excellent motives The other challenge the subject of Part Three of the book is typified by doubts about the reality of moral virtue arising from experiments and conclusions in social psychology Adams explores in detail the prospects for an empirically realistic conception of excellence of character as an object of moral aspiration endeavor and education He argues that such a conception will involve renunciation of the ancient

thesis of the unity or mutual implication of all virtues and acknowledgment of sufficient moral luck in the development of any individual's character to make virtue very largely a gift rather than an individual achievement though nonetheless excellent and admirable for that

Beyond Virtue Ethics Stephen M. Meawad, 2023-05-01 A contemporary model of spiritual struggle shifts the emphasis from virtue's acquisition to its pursuit *Beyond Virtue Ethics* offers a distinctive approach to virtue ethics arguing not simply for the importance of struggle to virtue ethics but that struggle itself is a manifestation of virtue In doing this Stephen M Meawad offers a way of thinking about virtue not simply as a perfected state but as a state that is to a greater or lesser degree a manifestation of the ideal itself which is not attainable Meawad affirms the concept of the unity of virtues that is the idea that a virtue is not a virtue unless united with other perfected virtues which is found in God Insofar as humans grow in unity with God they too participate in the unity of virtues although always to an imperfect extent Meawad rejects a division between ethics and spirituality and provides two concrete examples of this suggested model The first is the application of this model to the body and its implications for contemporary sexual ethics The second is a reintegration of ethics and Scripture through the contemporary application of an ancient Patristic divine reading This book establishes for readers a contemporary model of spiritual struggle defining it as the exertion of effort in all conceivable dimensions physical emotional psychological and intellectual with the intent to attain a semblance of knowledge of and intimacy with Jesus Christ

Whispering the Techniques of Language: An Emotional Quest through **Finite And Infinite Goods A Framework For Ethics**

In a digitally-driven world where monitors reign supreme and immediate transmission drowns out the subtleties of language, the profound techniques and psychological subtleties hidden within phrases usually go unheard. However, nestled within the pages of **Finite And Infinite Goods A Framework For Ethics** a captivating fictional prize blinking with raw thoughts, lies an exceptional journey waiting to be undertaken. Composed by a skilled wordsmith, that wonderful opus encourages visitors on an introspective trip, gently unraveling the veiled truths and profound affect resonating within the fabric of each word. Within the psychological depths of this emotional review, we shall embark upon a sincere exploration of the book's primary styles, dissect their captivating writing fashion, and succumb to the strong resonance it evokes seriously within the recesses of readers' hearts.
