VINOD, M. J., DESHPANDE, MEENA

Fire With Fire New Female Power And How It Will Change The 21st Century:

Fire with Fire Naomi Wolf, 1994 Most women embrace equality but reject feminism In clear and brilliant prose the author of the best selling *The Beauty Myth* shows how this rift came about and how to close it A practical and inspiring road map for personal and political equality in our time **Fire with Fire** Naomi Wolf, 2018 **Bad Girls** A. Susan Owen, Leah R. Vande Berg, Sarah R. Stein, 2007 *Bad Girls* examines representational practices of film and television stories beginning with post Vietnam cinema and ending with postfeminisms and contemporary public disputes over women in the military The book explores a diverse range of popular media texts from the Alien saga to Ally McBeal and Sex and the City from The Net and VR5 to Sportsnight and G I Jane The research is framed as a study of intergenerational tensions in portrayals of women and public institutions in careers governmental service and interactions with technology Using iconic texts and their contexts as a primary focus this book offers a rhetorical and cultural history of the tensions between remembering and forgetting in representations of the American feminist movement between 1979 and 2005 Looking forward the book sets an agenda for discussion of gender issues over the next twenty five years and articulates with authority the manner in which transgression itself has become a site of struggle **Reading Feminist Theory** Susan Archer Mann, Ashly Suzanne Patterson, 2016 *Reading Feminist Theory From Modernity to Postmodernity* interweaves classical and contemporary writings from the social sciences and the humanities to represent feminist thought from the late eighteenth century to the present Editors Susan Archer Mann and Ashly Suzanne Patterson pay close attention to the multiplicity and diversity of feminist voices visions and vantage points by race class gender sexuality and global location Along with more conventional forms of theorizing this anthology points to multiple sites of theory production both inside and outside of the academy and includes personal narratives poems short stories zines and even music lyrics Offering a truly global perspective the book devotes three chapters and more than thirty readings to the topics of colonialism imperialism and globalization It also provides extensive coverage of third wave feminism poststructuralism queer theory postcolonial theory and transnational feminisms *Race, Sex, and Gender in Contemporary Women's Theatre* Mary F Brewer, 1999-01-01 Focusing on dramatic works by contemporary British and American playwrights in conjunction with feminist political and theoretical texts this book discusses feminist constructions of the category Woman **Women's Studies** Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women s studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts This definitive guide to the literature of women s studies is a must purchase for academic libraries that support women s studies

programs and it is a useful addition to any academic or public library that endeavors to represent the field A team of subject specialists has taken on the immense task of documenting publications in the area of women s studies in the last decades of the 20th century The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Most reviews cite and describe similar and contrasting titles substantially extending the coverage Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts Taking up where the previous volume by Loeb Searing and Stineman left off this is the definitive guide to the literature of women s studies It is a must purchase for academic libraries that support women s studies programs and a welcome addition to any academic or public library that endeavors to represent the field

Freedom and Equality Clare Chambers,2024-03-13

Should the state recognise gender Can a liberal state discourage traditional family structures Is women s sport compatible with equality of opportunity Should feminists defend women s freedom to choose cosmetic surgery Is genital cutting always wrong or is it only wrong for girls Freedom and Equality investigates the contours of feminist liberalism a philosophical approach that is appealing but elusive Its hallmark is a liberalism that prioritises equality and individual autonomy while offering a rigorous critique of using individuals choices as the measure of justice Liberalism without feminism prioritises individual choice a strategy that has played a crucial role in the liberal defence of freedom against authoritarianism and conformity However as feminism shows relying on individual choice is insufficient to render an outcome just because people often choose things that harm or disadvantage themselves From beauty norms to the gendered division of labour from marriage to religion women and men choose to arrange their lives in ways that perpetuate inequality Often these choices are made in response to social norms including unjust unequal or harmful norms It follows that relying on individual choice as a measure of justice actually leaves unjust social structures intact Any defender of autonomy and equality must be prepared to criticise individuals choices while prioritising individual choosers The essays in this collection cover a wide range of issues fundamental to liberalism to feminism and to their intersection They explore the foundational philosophical concepts of choice equality of opportunity ideology and the state and they engage directly with key political controversies including women s sport the state recognition of gender the regulation of cosmetic and cultural surgeries and state action to secure equality in the family Clare Chambers argues that feminist liberalism is both possible and necessary It is possible because the two doctrines of feminism and liberalism are compatible their fundamental values of freedom and equality aligned But feminism is necessary because liberalism has shown that it is simply not up to the task of securing gender equality and women s liberation alone

Postfeminism and Contemporary Vampire Romance Lea Gerhards,2022-05-19 In this book Lea

Gerhards traces connections between three recent vampire romance series the Twilight film series 2008 2012 The Vampire Diaries 2009 2017 and True Blood 2008 2014 exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender sexuality subjectivity agency and the body Discussing a range of conflicting meanings contained in the narratives Gerhards critically looks genre s engagement with everyday sexism and violence against women power relations in heterosexual relationships sexual autonomy and pleasure self empowerment and self surveillance She asks Why are these genre texts so popular right now what specific desires issues and fears are addressed and negotiated by them and what kinds of pleasures do they offer A History of U.S. Feminisms Rory C. Dicker,2016-01-26 The complete authoritative and up to date history of American feminism intersectionality sex positivity Updated and expanded the second edition of A History of U S Feminisms is an introductory text that will be used as supplementary material for first year women s studies students or as a brush up text for more advanced students Covering the first second and third waves of feminism A History of U S Feminisms will provide historical context of all the major events and figures from the late nineteenth century through today The chapters cover first wave feminism a period of feminist activity during the nineteenth and early twentieth centuries which focused primarily on gaining women s suffrage second wave feminism which started in the 60s and lasted through the 80s and emphasized the connection between the personal and the political and third wave feminism which started in the early 90s and is best exemplified by its focus on diversity intersectionality queer theory and sex positivity **Feminist Activism in the 1990s** Gabriele Griffin,2005-11-01 Feminist activism is often taught as an historical phenomenon and many students entering courses on women s studies are not familiar with current feminist work in the field This book documents a wide variety of different forms of feminist activism in the 1990s from organisations such as Rights for Women and Southall Black Sisters to Asian Women s Work in Refuges It raises questions about the meaning of feminist activism and its interpretation within women s studies and other academic disciplines The chapters suggest against much current representation within women s studies and elsewhere that feminism is still alive With a comprehensive introduction providing an historical overview of the development of feminist activism from second wave feminism onwards this text is intended to be of use as a resource for all students of women s studies and related courses American Philosophy Erin McKenna,Scott L. Pratt,2015-02-26 American Philosophy offers the first historically framed introduction to the tradition of American philosophy and its contemporary engagement with the world Born out of the social and political turmoil of the Civil War American philosophy was a means of dealing with conflict and change In the turbulence of the 21st century this remains as relevant as ever Placing the work of present day American philosophers in the context of a history of resistance through a philosophical tradition marked by a commitment to pluralism fallibilism and liberation this book tells the story of a philosophy shaped by major events that call for reflection and illustrates the ways in which

philosophy is relevant to lived experience This book presents a survey of the historical development of American philosophy as well as coverage of key contemporary issues in America including race theory feminism indigenous peoples and environmentalism and is the ideal introduction to the work of the major American thinkers past and present and the sheer breadth of their ideas and influence **Slander** Ann Coulter,2003-09-16 The hottest and most controversial book of the year Find out who really controls the media in America Ann Coulter is never in doubt And that along with her bright writing sense of irony and outrage and her relish at finally hitting back at political opponents especially in the media is what makes Slander such refreshing and provocative reading Los Angeles Times Ann Coulter is a fluent polemicist with a gift for Menckenesque invective and she can harness such language to subtle syllogistic argument Washington Post Book World The most popular nonfiction book in America New York Times The real value of Slander is not in the jokes or devastating exposés of liberal politicians and their allies but the serious and scholarly study of just how entrenched the media prejudice is against anyone whose politics are even faintly conservative New York Sun Written with a great deal of passion the real source of its strength and its usefulness was its painstaking marshalling of evidence More important than High Crimes and Misdemeanors because it addresses a much broader issue and one of lasting significance National Review *Sisterhood, Interrupted* D.

Siegel,2007-08-24 Contrary to clichés about the end of feminism Deborah Siegel argues that younger women are not abandoning the movement but reinventing it After forty years is feminism today a culture or a cause A movement for personal empowerment or broad scale social change Have women achieved equality or do we still have a long way to go

The Power of Feminist Theory Amy Allen,2018-03-05 Power is clearly a crucial concept for feminist theory Insofar as feminists are interested in analyzing power it is because they have an interest in understanding critiquing and ultimately challenging the multiple array of unjust power relations affecting women in contemporary Western societies including sexism racism heterosexism and class oppression In *The Power of Feminist Theory* Amy Allen diagnoses the inadequacies of previous feminist conceptions of power and draws on the work of a diverse group of theorists of power including Michel Foucault Judith Butler and Hannah Arendt in order to construct a new feminist conception of power The conception of power developed in this book enables readers to theorize domination resistance and solidarity and perhaps more importantly to do so in a way that illuminates the interrelatedness of these three modalities of power **Different Wavelengths** Jo

Reger,2014-01-27 The original essays in this collection ground the shifting terrain of feminism in the 21st century The contributors define and examine the complexity of the Third Wave by answering questions like how appropriate is a third wave label for contemporary feminism are the agendas of contemporary feminism and the second wave really all that different does the wave metaphor accurately describe the difference between contemporary feminists and their predecessors how do women of color fit into this notion of contemporary feminism and what are the future directions of the feminist movement *Get Real! Fighting the Mythic Woman Finding Your Authentic Self* Ananya S. Rajan,2010-08-13 *Get Real* is a

book for all women from all walks of life Its basic premise is that women are more than just the roles they play However the myths and messages passed on to us by our families the institutions we are involved in and society often restrict us from thinking for ourselves finding out who we are and in turn living a more fulfilling life By maintaining certain standards for women society continues to promote the perfect woman otherwise known as the Mythic Woman and unknowingly we follow the Mythic Woman pattern because we know nothing else This book offers a new way to look at the lives we live and the messages we follow It also provides insightful exercises to help women start their journey toward discovering their authentic self

CONTEMPORARY POLITICAL THEORY VINOD, M. J.,DESHPANDE, MEENA,2013-01-11 Intended as a text for the postgraduate students of political science this well researched book attempts to track the evolution of political ideas in the recent past and their background It brings out the contemporary epistemological and methodological debates within the discipline and social sciences as a whole and incorporates the latest developments in the field Divided into forty chapters under eleven parts the book deals with the core concepts and debates in political theory and focuses on the state society interactions It tries to explain how the states societies and cultures have responded to the emerging challenges thrown up by the social economic and political factors and the direction of the response It also dwells on the impact of globalisation on current trends Finally the book analyses the ideas of modern Indian thinkers such as V D Savarkar Jawaharlal Nehru Ram Manohar Lohia B R Ambedkar and Jayaprakash Narayan Besides the postgraduate students of political science the book would also be useful to the aspirants of civil services examinations and the initiated readers

Fearless Femininity by Women in American Theatre, 1910s to 2010s Lynne Greeley,2015-08-06 In this unprecedented fascinating book which covers women in theatre from the 1910s to the 2010s author Lynne Greeley notes that for the purposes of this study feminism is defined as the political impulse toward economic and social empowerment for females or the female identified a position perceived by many feminists as oppositional to ideas of femininity that they see as personally and politically constraining and that femininity comprises social behaviors and practices that mean as many different things as there are women some of which are empowering and others of which are not This book illuminates how throughout the twentieth century and into the twenty first playwrights and artists in American theatre both embodied and disrupted the feminine of their times Through approaches as wide ranging as performing their own recipes energizing silences raging against war and rape and inviting the public to inscribe their naked bodies theatre artists have used performance as a site to insert themselves between the physicality of their female presence and the liminality of their disrupting the role of the feminine Capturing that place of liminality a neither here nor there place that is often unsafe where the established order is overturned by acts as banal as raising a plant women have written and performed and disrupted their way through one hundred years of theatre history even within the constraints of a variably rigid and usually unsympathetic social order Creating a feminist femininity they have reinscribed their place in the culture and provided models for their audiences to do

the same This comprehensive tome part of the Cambria Contemporary Global Performing Arts headed by John Clum Duke University is an essential addition for theater studies and women s studies **Byron and Women [and men]** Peter Cochran,2010-02-19 Byron and Women and men is a compilation of new biographical and literary essays examining the poet s bisexuality and the ways in which it affected his poetry and drama Areas covered are Byron and gender studies a general introduction Byron s Boyfriends an aspect of his life which has traditionally been neglected the Male Gaze in the Oriental Tales homosexuality in Venice Byron s Nottinghamshire love life sex and gender in Don Juan bisexuality in Byron and Shakespeare and Byron s heroines contrasted with those of Mozart The volume has as appendices new editions of the notorious poems Don Leon and Leon to Annabella with startling theories as to their authorship *The Mythic Meanings of the Second Amendment* David C. Williams,2003-01-01 David Williams offers a new reading of the Second Amendment suggesting that it guarantees to individuals a right to arms only insofar as they are part of a united consensual people so that their uprising can be a unified revolution rather than a civil war
