JAPANESE IN BATTLE 1st Edition [Illustrated Edition] Military Intelligence Staff GHQ India,2014-08-15 Illustrated with more than 20 maps plans and photos When this handbook was written in 1943 the Japanese soldier was seen by British Empire troops as a jungle fighting superman who had largely blitzed and defeated them at every turn As part of an effort to dispel this myth the Intelligence Section of General Headquarters in India set about distilling the tactics that the Japanese had used and to formulate counter measures As the staff point out in their introduction The Japanese are an island race who have mastered the art of war not through any mysterious or indefinable quality inherited from their Emperor their islands or their ancestors during your grandfather s time they were still in the bow and arrow stage but through serious study of ancient and modern methods and by intensive training If we analyse their tactics reducing them to fundamentals all that they practise is to be found in our own training manuals or in the military histories of ancient campaigns not even the snipers in the trees are new the jungle tribes of Africa and Brazil have employed them since time immemorial In their long history the peoples of our Empire have shown the world that they possess more than an average share of courage and tenacity and today we must add to these advantages our undoubted superiority in arms and equipment Any success which the Japanese have had against us was due to intensive training carefully rehearsed plans and normal guts Whatever the task in hand be it the digging of a single fox hole or the preparation of a large scale invasion their work is done with meticulous care and by intensive and

sustained training alone can we hope to outmanoeuvre them As close to a handbook in English of how the Japanese fought and won their battles in the jungles of Southeast Asia at the beginning of the Second World War A fascinating read Irish Born Nora Roberts,2003 Collects three novels centered around three members of the Concannon family Maggie who is hiding from her past Brianna a bed and breakfast owner and Shannon who finds true love after searching for her real father
