Histoire De Lecture:

Provençal Literature & Language Including the Local History of Southern France New York Public Library, 1925 **The Making of the French Episcopate, 1589-1661** Dr Joseph Bergin, Joseph Bergin, 1996-01-01 This major work written by one of the leading historians of France's ancien régime is the first in depth study of the French upper clergy during the key period of the Catholic Reformation following the Council of Trent. In describing the creation, character and role of these early French bishops it also sheds light on social mobility, education, the career patterns and prospects of particular groups, the workings of patronage and clientage networks and the wider dimensions of royal policy and patronage at this time. Joseph Bergin begins by analysing the structures of the French church and the process by which individuals were nominated and confirmed as bishops. He then presents a collective profile of these bishops in terms of their social and geographical origins, educational attainments and pre-episcopal careers. Bergin examines royal patronage in relation to episcopal office, tracing the successive pressures with which the crown had to deal in the wider social and political world. In particular, he shows how the crown painfully and gradually recovered control of church patronage after the low point of the religious wars, reducing the grip of the nobility on large numbers of dioceses. He also examines how reforming pressures were brought to bear on the crown to appoint bishops who met the standards of the counter-reformation church and how the crown became increasingly in tune with these reformist pressures. He concludes by explaining particular features of the French episcopate within a wider European context. The book, the result of years of research in French and Italian archives, includes an extensive biographical dictionary that will make it an invaluable reference for all French historians of the period. Bulletin de la Société archéologique, historique, littéraire & scientifique du Gers, 1918 **Confession and Community in Seventeenth-Century France** Gregory Hanlon, 2016-11-11 Examines the tolerance between Catholics and Protestants in a period when vicious sectarian strife was the rule of the day. Tolerance here means more than mere coexistence but a daily interaction between people without regard for their faith. Les auteurs Pierre Léoutre et Michel Mingous ont choisi de raconter la petite histoire de l'un de ces villages gascons dans le cadre d'une monographie historique qui aborde en différents chapitres avec chaque fois l'intervention d'un spécialiste de la question traitée tout le passé ancien et contemporain de la commune de Brugnens. Avec un attachement sincère et profond ce village mais aussi le souci de la rigueur d'historiens en s'appuyant sur les archives municipales et départementales les auteurs ont su retracer les origines et l'évolution de la communauté brugnensoise. Grâce au soutien du Maire et du Conseil

Municipal de Brugnens quatre éditions successives de cette monographie historique ont pu voir le jour Celle-ci prolongeant les précédentes est la dernière et la plus aboutie mais ne s'éloigne pas du cœur du sujet l'histoire du village de Brugnens et de ses habitants les Brugnenois Revue de Gascogne; bulletin de la Société historique de Gascogne Société historique de Gascogne, 2023-05-12 R impression inchangée de l'édition originale de 1897 La maison d'édition Anatiposi publie des livres historiques en réimpression En raison de leur âge ces livres peuvent présenter des pages manquantes ou une qualité moindre Notre objectif est de préserver ces livres et de les rendre accessibles au public afin qu'ils ne se perdent pas
