King Abdullah Britain And The Making Of Jordan

David Sorenson

King Abdullah Britain And The Making Of Jordan:

King Abdullah, Britain and the Making of Jordan Mary Christina Wilson, 1987 King Abdullah played an active role in the partition of Palestine and as a result has always been viewed as one of the most controversial figures in modern Middle East history This book is the first in depth study of the historical and personal circumstances that made him so Born in Mecca in 1882 of a family that traced its lineage to the Prophet Muhammad Abdullah belonged to the Ottoman ruling elite He grew up in Istanbul and returned to Mecca when his father was appointed Sharif in 1908 During the First World War he earned nationalist credentials as a leader of the Arab revolt against the Ottoman Empire Owing to his alliance with Britain in the revolt he emerged afterwards as a contender for power in a Middle East now dominated by Britain Despite grandiose ambitions Abdullah ended up as Britain's client in the mandated territory of Transjordan His dependence on Britain was exacerbated by his situation in Transjordan an artificial creation with no significant cities no natural resources and little meaning beyond its importance to British strategy Within the constraints of British interests it was left to Abdullah to make something of his position and he spent the remainder of his life looking beyond Transjordan's borders for a role a clientele or a stable balance of interests which would allow him a future independent of British fortunes He found all three after 1948 when in conjunction with the creation of Israel he came to rule the portion of Palestine known as the West Bank

The Statehood of Palestine John Quigley, 2010-09-06 Palestine as a territorial entity has experienced a curious history Until World War I Palestine was part of the sprawling Ottoman Empire After the war Palestine came under the administration of Great Britain by an arrangement with the League of Nations In 1948 Israel established itself in part of Palestine's territory and Egypt and Jordan assumed administration of the remainder By 1967 Israel took control of the sectors administered by Egypt and Jordan and by 1988 Palestine reasserted itself as a state Recent years saw the international community acknowledging Palestinian statehood as it promotes the goal of two independent states Israel and Palestine co existing peacefully This book draws on evidence from the 1924 League of Nations mandate to suggest that Palestine was constituted as a state at that time Palestine remained a state after 1948 even as its territory underwent permutation and this book provides a detailed account of how Palestine has been recognized until the present day

The Social and Economic Origins of Monarchy in Jordan T. Tell, 2013-01-07 An interpretative history of the emergence and consolidation of the modern state in Jordan this book examines the resilience of the Hashemite monarchy and the economic sources of social power under Ottoman British and post colonial Hashemite rule

A History of Jordan Philip Robins, 2004-02-09 Publisher Description

The Political Economy of Market Reform in Jordan Timothy J. Piro, 1998 This volume moves beyond traditional studies of Jordan's politics to explore the interplay between politics and economy Examining the phenomenon of market reform in the developing world Timothy J Piro assesses the state's contradictory impulses toward privatization and continued state intervention in the economy Drawing on a wealth of primary materials the author illuminates the kingdom's

unique politics and argues that market reform is dependent on domestic rather than international political structures

Syria, Lebanon, and Jordan Laura Etheredge Assistant Editor, Middle East Geography, 2011-01-15 Presents histories of Syria Lebanon and Jordan and the geographic economic and social factors that have come to define them **Institutions and the Politics of Survival in Jordan** Russell E. Lucas, 2012-02-01 Weaving together accounts of historical developments cultural elements economic factors and regional and international dynamics Russell E Lucas explores how the monarchy in Jordan survived economic crisis and regional political instability during the 1990s Lucas analyzes the factors behind the successful liberalization and deliberalization of laws regulating political parties the parliament and the press that helped preserve the monarchy These institutional survival strategies co opted the opposition kept it divided and reinforced the unity of the regime s coalition of supporters The author also compares survival strategies in Jordan with those of Morocco Kuwait Iran and Egypt to explain the surprising durability of authoritarian regimes in the Middle East Cultural Sociology of the Middle East, Asia, and Africa Andrea L. Stanton, 2012 In our age of globalization and multiculturalism it has never been more important to understand and appreciate all cultures across the world The four volumes take a step forward in this endeavour by presenting concise information on those regions least well known to students across Europe the Middle East Asia and Africa The volumes convey what daily life is like for people in these selected regions Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions Key Features Topics are explored within historical context in three broad historical periods prehistory to 1250 1250 to 1920 and 1920 to the present One volume each is devoted to the regions of the Middle East and Africa and then one volume to East and Southeast Asia and a final volume to West Central and South Asia The volumes include extensive use of photographs and maps to explain cultural and geographic content Each volume has its own volume editor with expertise in that particular region Key Themes Arts Culture and Science People Society and Dynasties Religion and Law Family and Daily Life Conflicts and Wars Politics and Government Health and Education Economy Trade and Industry National Geography and History An Introduction to the Modern Middle East, Student Economy Edition David Sorenson, 2018-10-03 This book introduces the politics of the modern Middle East which includes the countries of the Persian Gulf the eastern Mediterranean countries and North Africa It covers the major geographical regions that make up the Middle East and summarizes the post World War I history of the Middle East **An Introduction to the Modern Middle East** David S. Sorenson, 2018-05-04 Combining elements of comparative politics with a country by country analysis author David S Sorenson provides a complete and accessible introduction to the modern Middle East With an emphasis on the politics of the region the text also dedicates chapters specifically to the history religions and economies of countries in the Persian Arabian Gulf the Eastern Mediterranean and North Africa In each country chapter a brief political history is followed by discussions of democratization religious politics women s issues civil society economic development

privatization and foreign relations In this updated and revised second edition *An Introduction to the Modern Middle East* includes new material on the Arab Spring the changes in Turkish politics the Iranian nuclear issues and the latest efforts to resolve the Israeli Palestinian dilemma Introductory chapters provide an important thematic overview for each of the book's individual country chapters and short vignettes throughout the book offer readers a chance for personal reflection **Lion**

of Jordan Avi Shlaim, 2008-09-09 The first major account of the life of an extraordinary soldier and statesman King Hussein of Jordan Throughout his long reign 1953-1999 Hussein remained a dominant figure in Middle Eastern politics and a consistent proponent of peace with Israel For over forty years he walked a tightrope between Palestinians and Arab radicals on the one hand and Israel on the other Avi Shlaim reveals that Hussein initiated a secret dialogue with Israel in 1963 and spent hundreds of hours in talks with countless Israeli officials Shlaim expertly reconstructs this dialogue from previously untapped records and first hand accounts significantly rewriting the history of the Middle East over the past fifty years and shedding light on the far reaching impact of Hussein's leadership Competitive Archaeology in Jordan Elena

Corbett, 2015-01-15 An examination of archaeology in Jordan and Palestine *Competitive Archaeology in Jordan* explores how antiquities have been used to build narratives and national identities Tracing Jordanian history and the importance of Jerusalem within that history Corbett analyzes how both foreign and indigenous powers have engaged in a competition over ownership of antiquities and the power to craft history and geography based on archaeological artifacts She begins with the Ottoman and British Empires under whose rule the institutions and borders of modern Jordan began to take shape asking how they used antiquities in varying ways to advance their imperial projects Corbett continues through the Mandate era and the era of independence of an expanded Hashemite Kingdom examining how the Hashemites and other factions both within and beyond Jordan have tried to define national identity by drawing upon antiquities *Competitive Archaeology in Jordan* traces a complex history through the lens of archaeology's power as a modern science to create and give value to spaces artifacts peoples narratives and academic disciplines It thus considers the role of archaeology in realizing Jordan's modernity drawing its map delineating sacred and secular spaces validating taxonomies of citizens justifying legal frameworks and institutions of state determining logos of the nation for display on stamps currency and in museums and writing history Framing Jordan's history in this way Corbett illustrates the manipulation of archaeology by governments institutions and individuals to craft narratives draw borders and create national identities **The United States and Jordan** Clea Lutz

Hupp, 2014-02-28 US foreign policy in the Middle East has faced a challenge in the years since World War II balancing an idealistic desire to promote democracy against the practical need to create stability Here Cleo Bunch puts a focus on US policy in Jordan from the establishment of the state of Israel in 1948 to 1970 and the run up to Black September These years saw a phase where the Middle East became a stage on which Cold War rivalries were played out as the US was keen to encourage and maintain alliances in order to counteract Soviet influence in Egypt and Syria Bunch's analysis of US foreign

policy and diplomacy vis a vis Jordan will appeal to those researching both the history and the contemporary implications of the West's foreign policy in the Middle East and the effects of international relations on the region

The Muslim

Brotherhood Beverley Milton-Edwards, 2015-12-14 The Muslim Brotherhood is the most significant and enduring Sunni Islamist organization of the contemporary era. Its roots lie in the Middle East but it has grown into both a local and global movement with its well-placed branches reacting effectively to take the opportunities for power and electoral competition offered by the Arab Spring. Regarded by some as a force of moderation among Islamists and by others as a façade hiding a terrorist fundamentalist threat, the potential influence of the Muslim Brotherhood on Middle Eastern politics remains ambiguous. The Muslim Brotherhood: The Arab Spring and its Future Face provides an essential insight into the organisation with chapters devoted to specific cases where the Brotherhood has important impacts on society, the state and politics. Key themes associated with the Brotherhood such as democracy, equality, pan-Islamism, radicalism, reform, the Palestine issue and gender are assessed to reveal an evolutionary trend within the movement since its founding in Egypt in 1928 to its manifestation as the largest Sunni Islamist movement in the Middle East in the 21st century. The book addresses the possible future of the Muslim Brotherhood: whether it can surprise sceptics and effectively accommodate democracy and secular trends and how its ascension to power through the ballot box might influence Western policy debates on their engagement with this manifestation of political Islam. Drawing on a wide range of sources, this book presents a comprehensive study of a newly resurgent movement and is a valuable resource for students, scholars and policy makers focused on Middle Eastern Politics.

Israel, the Hashemites, and the Palestinians

Efraim Karsh, P. R. Kumaraswamy, 2003 The essays that make up this study provide a wide-ranging survey of the special relationship that exists between the Israelis and the Hashemite family. This relationship is shown to have far-reaching implications for Middle Eastern affairs.

Nationalist Voices in Jordan Betty S. Anderson, 2009-09-15 According to conventional wisdom, the national identity of the Jordanian state was defined by the ruling Hashemite family which has governed the country since the 1920s. But this view overlooks the significant role that the Arab street in this case, ordinary Jordanians and Palestinians played and continues to play in defining national identity in Jordan and the Fertile Crescent as a whole. Indeed, as this pathfinding study makes clear, the street is no less than the state: it has been a major actor in the process of nation building in the Middle East during and after the colonial era. In this book, Betty Anderson examines the activities of the Jordanian National Movement (JNM), a collection of leftist political parties that worked to promote pan-Arab unity and oppose the continuation of a separate Jordanian state from the 1920s through the 1950s. Using primary sources including memoirs, interviews, poetry, textbooks and newspapers, as well as archival records, she shows how the expansion of education, new jobs in the public and private sectors, changes in economic relationships, the establishment of national militaries and the explosion of media outlets all converged to offer ordinary Jordanians and Palestinians who were under the Jordanian government at the time an alternative sense of national identity. Anderson

convincingly demonstrates that key elements of the JNM's pan Arab vision and goals influenced and were ultimately adopted by the Hashemite elite even though the movement itself was politically defeated in 1957

The Palgrave Handbook of the Hashemite Kingdom of Jordan P. R. Kumaraswamy, 2019-11-30 This Handbook presents a broad yet nuanced portrait of the Hashemite Kingdom of Jordan its socio political rifts economic challenges foreign policy priorities and historical complexities The Hashemite Kingdom of Jordan has traditionally been an oasis of peace and stability in the ever turbulent Middle East The political ambitions of regional powers often expressed in the form of territorial aggrandisement have followed the Hashemites like an inseparable shadow The scarcity of natural resources especially water has been compounded by the periodic influx of refugees from its neighbours As a result many Arab and non Arab alike have questioned the longevity and survival of Jordan These uncertainties were compounded when the founding ruler King Abdullah I became involved in the nascent Palestinian problem at the end of World War II The annexation of the eastern part of Mandate Palestine or the West Bank in the wake of the 1948 War transformed the Jordanian demography and sowed the seeds of an uneasy relationship with the Palestinian component of its population citizens residents and refugees Though better natural resources and stronger leaders have not ensured political stability in many Arab and non Arab countries Jordan has been an exception Indeed since its formation as an Emirate by the British in 1921 the Kingdom has seen only four rulers a testimony to the sagacity and political foresight of the Hashemites The Hashemites have managed to sustain the semi rentier model primarily through international aid and assistance which in turn inhibits Jordan from pursuing rapid political and economic reforms Though a liberal multi religious and multicultural society Jordan has been hampered by social cleavages especially between the tribal population and the forces of modernization

State, Society and Land in Jordan Michael Fischbach, 2000-09-12 This work examines how state and society conceptualized land ownership in Transjordan Jordan from the late Ottoman era through the 1950s and how the resulting interaction between them shaped the socio economic and political contours of modern Jordan Based on archival and governmental records in Jordan Israel Britain and the United States the study links land tenure in Jordan with the successful political viability of that country The book details Ottoman British and Jordanian land and taxation policies and explains the varying degrees of cooperation with these exhibited by landowners It notes the impact of the policies upon land tenure and upon popular conceptualizations of what property and even Jordan meant It also studies the political consequences of Jordanian land policy for both Zionists and Palestinians
