Cooper, 2012-05-01 There's an old English legend which states that cats have their own king and that this feline king can speak in a human voice But the cats guard their king carefully lest humans capture him and use him for their own purposes In this tale based on the old legend a new king is crowned but his reign has scarcely begun when he is informed by a feline oracle that he is destined to face terrible difficulties He will suffer terror and pain he will end his life in exile Worst of all he learns that he is destined to be captured by a human who knows his secret From that moment on the new King of the Cats realizes that the golden crown upon his head for all the glory it represents is also a heavy burden      Carbonel Barbara Sleigh, 2018-08-07 Now in paperback a story about a girl and her magical talking pet cat reminiscent of Alice in Wonderland Rosemary's plan to clean houses during her summer break and surprise her mother with the money hits a snag when an old lady at the market talks her into buying a second rate broom and a cat she can't even afford to keep But appearances can be deceiving Some old ladies are witches some brooms can fly and some ordinary looking cats are Princes of the Royal Blood Rosemary's cat You may call me Carbonel That is my name soon enlists her help in an adventure to free him from a hideous spell and return him to his rightful throne But along the way Rosemary and her friend John must do some clever sleuthing work a little magic of their own and not least put up with the demands of a very haughty cat Carbonel's adventures continue in *The Kingdom of Carbonel* and *Carbonel and Calidor*

Foley, My first attempt at this book was my auto biography I decided to extricate my life story as much as possible in order to describe in this book a really unique phenomenon which was occurring in my life involving my cats specifically their passings While most of my cats were born literally under my bed they were really only one generation away

from being feral None of them were very pretty but each had their own personality and yes their own time and way in which they left this world The main stay of the book is about my eight house cats with some experiences with my out side the house cats who I fed and allowed to live free in my large enclosed back yard A person might wonder why on earth they would read such a possibly depressing book As an analogy in order for a person to be trained to be a physician that person has to be shown the body in its parts and functions Not exactly a thrilling thing for many of us perhaps But if you are a person seeking answers as to whether there is an after life I can show with recorded dates and events that cats at least when in a stable environment such as they have had with me can have both Pre and After death activities some times advanced and some times if something stirs them they can have activity again for a time In general it is more complex intelligent then I could have ever imagined And what s more and this maybe up setting for some there occurred with in feet of me an extra terrestrial involvement with one of the cats which I witnessed I have now come to wonder if there wasn t some thing going on all along because themes seem to emerge in the passings of the cats which I recorded I then came to discern a message which was being conveyed to me in all of this which I share in this book All in all this book is a Learning book as are all of my books I don t write to entertain nor do I expect book sales Like my book title True Christ Revealed and His Space Age Relevance I feel I have a mission to do discovery of truth both in history and in a book such as this in life I consider this book as different as it is from my other ones as still as part of my job or mission to seek and reveal truth always based on history even if it is a history of my own cats This story of my cats spans over sixteen years from 2004 to as recently as February of 2021 Indeed with the passing of my last cat to pass of Sheba a new Para normal activity and experience occurred one different from any of the others For those skeptical about all of this try to discover and learn with an open mind All Things Are Possible Kerry Susan Drake,2015-09-18 This book is a collection of songs and prose ldsradiostation com **Lives of Game Animals: Cats, wolves, and foxes. 2 pts** Ernest Thompson Seton,1925 **Lines by Lines** Marian Lines,2013-03-01 Lines by Lines is a selection of the writings of lyricist Marian LinesThe anthology is a lucky dip everyone s a winner kind of collection It dips in and out of lyrics and libretto and musical books written by Marian for children and adults over the past 40 years The fun and stress of writing on diverse subjects from poodles to purgatory fairgrounds to floatation tanks and legends to ladies gave the author the desire to see her words collected on the page rather than only under music staves Lines by Lines is a book of lyrical verse to be enjoyed by anyone who loves poetry and music **The Daredevil Book for Cats** Nick Griffiths,2012-10-10 Have you ever tried working out what goes on in the mind of a cat Cats are an enigma within a mystery wrapped up in a glossy coat and curled up by the fire But The Daredevil Book for Cats is here to spill the beans Companion volume to The Daredevil Book for Dogs and no more sensible that s a promise **Planet Cat** Sandra Choron,Harry Choron,Arden Moore,2007 Presents more than four hundred lists on various information on cats including cat breeds training and behavior as well as such topics as famous cats in history cat food recipes and gifts for pampered cats
