## **Kitai Ekonomika I Politika Sbornik Statei:**

**Muscovite and Mandarin** Clifford M. Foust, 2018-06-15 This is the first published study in English of Russian trade and commercial relations with China from the Treaty of Kiakhta 1727 to the early nineteenth century. It is a study in Russian economic and entrepreneurial history focusing on Russian state economic policy and activity concerning China. It dwells at length on the state monopolies but at the same time private trade with China and the Chinese is also fully explored. Originally published 1969. A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value.

**The Bukharans** Audrey Burton, 2020-11-25 This is an in depth study of the people of Bukhara and their relations with settled peoples and nomads from Muscovy to China and Iran to India. By using lesserknown or hitherto untapped sources it corrects long held misapprehensions fostered by historians of hostile states and champions of the Timurid dynasty. Far from being afraid of their powerful Safawid and Mughal counterparts the Uzbek rulers of Bukhara caused them much apprehension and even influenced their foreign policies. Abbas I concluded a humiliating peace with Turkey because he wanted to recover Khurasan from Abdallah II Akbar could not risk leaving Punjab during Abdallah's reign. Safawid and Mughal attempts at conquering the khanate failed dismally. The book deals fully with dynastic internal and external problems, trade routes, coinage policies and the khans' attempts to encourage trade.

**Rhubarb** Clifford M. Foust, 2014-07-14 An Asian plant with mysterious cathartic powers, medicinal rhubarb spurred European trade expeditions and obsessive scientific inquiry from the Renaissance until the twentieth century. Rarely, however, had there been a plant that so thoroughly frustrated Europeans' efforts to acquire it and to master its special botanical and chemical properties. Here Clifford Foust presents the remarkable efforts of the explorers, traders, botanists, gardeners, physicians, and pharmacists who tried to adapt rhubarb for convenient use in Europe. His is an intriguing tale of how humans and their institutions have been affected by natural realities they do not entirely comprehend. Readers interested in the history of medicine, pharmaceuticals, botany, or horticulture will be fascinated by this once perplexing plant, highly valued by physicians for its cathartic properties. Rhubarb resisted revealing its active chemical principles, had many widely varying species, and did not breed true by seed. This history includes sections on the geographic and economic importance of rhubarb, which explain how the plant became a major state monopoly for Russia and an important commodity for the East India companies, and a discussion of rhubarb's emergence as an international culinary craze during the nineteenth and twentieth centuries. Originally published in 1992, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. **EU-Russia Relations in Crisis** Tom Casier, Joan DeBardeleben, 2017-10-16 Relations between the EU and Russia have been traditionally and predominantly studied from a one sided power perspective in which interests and capabilities are taken for granted This book presents a new approach to EU Russia relations by focusing on the role of images and perceptions which can be major obstacles to the enhancement of relations between both actors By looking at how these images feature on both sides EU and Russia on different levels bilateral regional multilateral and in different policy fields energy minorities regional integration multilateral institutions the book seeks to reintroduce a degree of sophistication into EU Russia studies and provide a more complete overview of different dimensions of EU Russia relations than any book has done to date Taking social constructivist and transnational approaches interests and power are not seen as objectively given but as socially mediated and imbued by identities This text will be of key interest to scholars students and practitioners of European Foreign Policy Eastern Partnership Russian Foreign Policy and more broadly to European and EU Politics Studies Russian studies and International Relations Canadian-American Slavic Studies.
