Finding Faith Work Book Andrew Knowles, Angela Reith, 1985-02-01 *Finding Faith Workbook* Angela Reith, 1984-01-01 **Jesus Intensive Finding Faith** Patrice Sundersen, 2021-06-07 This workbook goes along with the book I wrote scheduled for release summer 2021 Jesus Intensive My Jagged Journey in Faith As you will read in the book my mentor Lisa answered every question about what we should do with What does God's Word say Ugh In the process of finding the answer my two best friends and I became a three fold cord we needed each other No one else understood the pain of deception and the fear of financial hardship How was God going to work either of our situations for our good We learned God's Word is the answer The enemy comes to steal kill and destroy The power is learning to walk with Jesus even when the storms come peace remains and there is victory in the end when you remain steadfast This workbook can be done alone at home or like my friend suggested invite your friends over and go through the questions together Sit around a fire eat from a charcuterie board or serve coffee with experimental home cooked desserts One thing I learned in step study listening to others answer the same questions reminded me of something I'd long forgotten articulated a thought or gave me a new perspective Workbook Part 2 will be available winter 2021 Workbook Part 3 will be available spring 2022 Every element of the Jesus Intensive Workbook series is written and designed by Patrice This is an original there are no other prayer journals like this on the market May this workbook be a blessing to you **Finding Faith---A Search for What Makes Sense** Brian D. McLaren, 2009-07-13 Does having faith mean abandoning reason It's easy to get that impression Still it seems reasonable that a supremely intelligent God would want you to use your God given intellect on your spiritual journey as much as in any other aspect of your life Faith may not stand on rational thinking alone but a solid faith should walk hand in hand with intellectual integrity Does it really matter what I believe What is the relationship between faith and knowledge Why are there so many religions Do all paths lead to the same God This book helps you sort through the questions objections and concerns you can't help but raise A Search for What Makes Sense will help you think your way clearly and honestly to answers that satisfy because they're your answers conclusions you've arrived at personally without manipulation coercion or game playing For faith to exist and grow it's got to make sense good sense carefully thought out sense And chances are it does FINDING FAITH The Finding Faith books A Search for What Makes Sense and A Search for What Is Real don't try to tell you what to believe they are guides in learning how to believe If you think the spiritual journey requires turning your back on honesty and intellectual integrity these two companion volumes will speak to both your mind and your soul **Finding Faith** Michelle Lovato, 2018-09-21 This is a Bible study friendly gift book and journal designed to remind women of God's work in their everyday lives Finding Faith is a book to earmark write on keep refer back to and share with others Finding Faith is the second book in the Praise the Lord Series and follows Thank You Lord for all of life's circumstances Change your outlook on life *Finding Faith* Brian D. McLaren, 2000-06-27 Is there a God What might God be like What is the relationship between

faith and certainty Can intelligent people believe in spiritual realities Why are there so many religions Is it possible to experience a relationship with God and if so how If you've asked questions like these you're in good company From songwriters such as Bob Dylan and Jewel Kilcher to TV shows such as The X Files and Touched by an Angel the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life Real faith isn't blind believism It is a process that engages your intellect as well as your emotions If you think faith requires turning your back on truth and intellectual honesty then Finding Faith is one book you really ought to read With logic passion and even handedness that the thinking person will appreciate this book helps you face your obstacles to faith by focusing not on what to believe but on how to believe Whether you want to strengthen the faith you have renew the faith you lost or discover faith for the first time Finding Faith can coach inspire encourage and guide you and help you discover more in life than you'd ever imagined or hoped for Finding Faith Within Aniyisa Raiford, 2021-07-22 You may be in the crossroads between having little faith and then having no faith at all To be honest we've all been there I'm no different Life teaches you a lot of things and that's to just keep living It seems easier said than done but by my own testimony I've been living a life that's not my own What if I told you that the sum of your life that you're living the good the bad and the ugly is all surrounded around your faith Your faith is what is sustaining you even at this moment Even when you're not feeling good enough It's your faith within that's keeping you This book is set up as a reminder to you to know that you can still make it by just believing and knowing of the faith that's within you I'm able to share my testimony of how faith has literally guided my entire life It's the faith that I barely grabbed on that has guided me sustained me and I want to share those moments with you This book is hope to help you live a life that is dedicated to trusting God Look at my life and the things that I've been through and know that you can make it too No more excuses as to why you have little faith Exercise that faith and put it into action It's my job to encourage and motivate you through my life experiences that you will get up and live your life knowing that you have FAITH WITHIN

Finding Faith---A Search for What Is Real Brian D. McLaren, 2009-07-13 There have been times when you've felt that if there isn't a God there ought to be Swept up in the mystery of the night sky you've felt the closeness of its designer Nature's extravagant diversity unfolding in living color has made you long to know the artist who dreamed it all up Imagine what that might be like to actually know God in a way that fills your heart and whispers tremendous value and purpose to something deep within you But how can you experience a being you're not even sure exists Religious jargon and games can't satisfy such a longing It's got to be real or nothing at all A Search for What Is Real helps you sort through the questions objections and concerns that arise when you consider God not as some theological abstraction but as someone you can actually connect with and want to connect with perhaps more than you know FINDING FAITH The Finding Faith books A Search for What Makes Sense and A Search for What Is Real don't try to tell you what to believe they are guides in learning how to believe If you think the spiritual journey requires turning your back on honesty and intellectual integrity these two

companion volumes will speak to both your mind and your soul *Finding God's Truth Within* Charryse Wright, 2016-06-28

Lawrence Kushner, 2011-04-01 According to the Hebrew Bible God made the world with words God just spoke and the world became reality The Aramaic for I create as I speak is avara k davara or in magician s language abracadabra This does not protect words from the numbing effects of overuse in any religious tradition We need to dust off the words shake away the accretions wonder again about what they originally might have meant and enable ourselves to live in the word from the Introduction With creativity and poetry and occasional heresy Kushner dusts off thirty classical Hebrew words shakes them free of the effects of generations of overuse re translates them and liberates their ancient holy power The result is a

contemporary spiritual guide for your personal religious life According to the Hebrew Bible God made the world with words God just spoke and the world came into being Words therefore are not merely sounds signifying something else they are instruments of creation primary reality itself They need only to be read spoken and interpreted And to know them is to know reality itself Kushner has designed the book himself seamlessly blending graphics and content In doing so he evokes the aesthetics of an ancient manuscript and a vision of our power to shape the future Each finely crafted chapter begins with a Hebrew word and Kushner's provocative English translation At the bottom of the page is a transliteration of the Hebrew along with its more customary English rendering In addition to his own intriguing definition he includes a biblical citation anchoring the word along with a more recent text showing the word's evolution Finally we are offered a personal meditative exercise designed to enable you to live in the word
