Hill,2024-03-29 Many of our current lasting controversies in American Christianity are due in part to the willingness of liberals to champion reason and experience while leaving Scripture and tradition to conservatives and vice versa The liberal biblical theological voice once quite strong has fallen silent Grounded in a solid knowledge of biblical study Partnership in the Gospel presents a series of exercises or angles of perspective intended to support the rigorous consideration of biblical theological perspective that preachers teachers and lay leaders need This work draws from a range of scholarly theological and everyday voices and with kindred works of poetry art music and literature to explore the Bible s unifying themes through partnerships of perspective Each chapter offers an exercise that integrates Scripture experience tradition and reason the four sides of John Wesley s Quadrilateral as the means by which to engage with the gospel and appreciate a liberal biblical theology

**Through One's Eyes** Derek Person,2024-10-14 The purpose of my writing is to tell others whether kids teenagers or adults my version of life A vast majority of my writing is nonfictional where I look through another person s eyes Sometimes I even write to myself to give myself motivation to continue to help others in this unbalanced world There are times even I am saddened as to what I went through early in life Everyone s mind drifts at some point and they visualize or live a certain moment within their minds I want them to envision behind my eyes their eyes through your eyes I like to give people something to experience that they may have been a part of or know someone who s been a part of or about to be a part of something that I ve written I also would like to be their voice to tell them they re not alone Perhaps in some genuine heartfelt way that I probably went through something negative he or she may have experienced too while letting them know through writing it wasn t their fault because a strong mind needs encouraging a strong will needs someone to listen to and a wounded heart needs loving while someone tells you from their heart that some scars never heal however numerous the efforts we put into hiding those scars And last but not least let no one tell you Ahh just put it behind you It ll go away I am living proof along with numerous others that is truly unforgiving and it doesn t work that way We can t change the past But we will try to strengthen our future

**The Perils of Identity** Caroline Dick,2011-11-15 Calls for the provision of group rights are a common part of politics in Canada Many liberal theorists consider identity claims a necessary condition of equality but do these claims do more harm than good To answer this question Caroline Dick engages in a critical analysis of liberal identity driven theories and their application in cases such as Sawridge Band v Canada which sets a First Nation s right to self determination against indigenous women s right to equality She contrasts Charles Taylor s theory of identity recognition Will Kymlicka s cultural theory of minority rights and Avigail Eisenberg s theory of identity related interests with

an alternative rights framework that account for both group and in group differences Dick concludes that the problem is not the concept of identity itself but the way in which prevailing conceptions of identity and group rights obscure intragroup differences Instead she proposes a politics of intragroup difference that has the power to transform rights discourse in Canada
